His Excellency came into Council & having by the Deputy Clerk of The Council required the attendance of the house of Assembly the Speaker with the House Attended when his Excellency made the following Speech to both Houses

Gentlemen of the Council & of the General Assembly

I know of no time since my Arrival with the Honour of His Majestys Commission for the Government of this Province, that has so much Demanded our United Deliberations for the Defence, protection and Safety of this and the Neighbouring Provinces as this Critical Conjuncture doth, for the Year Seems to be opening with the Expectation of Great and Extraordinary Events which may Probably Shew us, Whether his Majesty is to Maintain his Just Rights and Dominions in North America, and His Subjects their Religion, Liberties and Properties; or Whether the Perfidious french with their

Savage Allies, are to go on in their Cruel Murders and Depredations, and finally Drive the Kings good People into the Sea

In Faithfulness to His Majestys Honour and Service and in a tender care of His good Subjects Committed to my Charge, I have given these things my Greatest Attention & Consideration, and would now lay before you several things which being put into Execution, may by the Blessing of God Prove Preventive of the Evils we have too much Reason to Feare And first of all I Must Mention with Gratitude to Almighty God And to the King His Majestys Great Goodness, in Laying before the Parliament the State of the Colonies and also a grateful Sence of His parliament in the Kind Assurances they have given him to do everything on their part for the Protection and Defence of these Colonies and for Putting a Stop to the further Encroachment of the Enemy.

In the Next place I now lay before you the Minutes of a Council of War Lately held at New York by his Excellency General Shirley and which I commit to you Depending on your Honour that they shall not be Divulged (it is an Ancient and Wise Proverb that Secrecy is the Soul of Business) and by these You will see the plan of Operation and the Quotas of Men intended to be Raised by the Several Colonies for His Majestys Service in the Insuing Campaign; and When you Consider the Strength of the Enemy at the Several Places to be Attackt, I believe you will think it Reasonable & Necessary that this province should Furnish, their Additional proportion of Men, in Conjunction with the other Colonies which Matters being Duly Weighed I hope you will with much Alacrity, make up the Regiment of this Province to Seven Hundred and Fifty Men; and which you may Depend will Set you in a Very favorable Light With His Majesty

I now also Communicate to you Extract of a Letter of the 2<sup>d</sup> of January last which I have received from the Honourable M<sup>r</sup> Dinwiddie<sup>1</sup> Governor of Virginia by which you will

<sup>1</sup> See Virginia Historical Collections, IV., 312.

see the Vigilant, & Wise Conduct of that Gentleman for His Majestys Service and for the Defence and Safety of the Southern Colonies, in so far bringing the Cherokee Indians into an Alliance & into the Interest of the Crown of Great Britain, & which may be of an Extraordinary good Tendency, for Success in the Ensueing Campaign & this I hope will further Stimulate you to an Augmentation of the Troops of this Province

Having thus laid before you Several Matters Relating to the Common Cause of the Colonies, I now Recommend to you your Special care of the protection and Safety of this His Majestys province into which since our last Meeting the Bears of the Wilderness have made an Incursion, and as the Year Advances we have Reason to believe they will come in great Numbers upon our Frontiers Therefore in Duty to His Majesty & in a kind and just Concern for his people I think we ought Immediately to send Commissioners to the Colonies of Pennsylvania and New York in order to Act Unitedly Against the French & Indians, & I herewith give you the Extract of a Letter of the 4<sup>th</sup> Ins<sup>t</sup> which I have received from his Excellency Sir Charles Hardy Governor of New York which Sets the Affairs of the Colonies in So particular & Clear a Light, as I think must Convince you of the Necessity of the Union proposed.

And to add to the things I have Mentioned I most Earnestly Recommend to you to Listen to the Cries and Expostulations of our poor Brethren on the Frontiers to be Protected under their Present Distresses & which you will find in a Great Number of Petitions Signed by more than a Thousand Hands which I shall order to be laid before you, & before I finish on this head I think proper to say to you that for the more effectually Intimidating & Driving the Enemy from our Frontiers it would be the Wisest & Cheapest Method to pass an Act for giving Premiums on Indian Scalps and Captives, as the Massachusets Government have done An Extract of whose Resolves in this matter shall be Delivered you

Gentlemen of the General Assembly

These things of so Great Importance to his Majestys Service & Interest being laid before you in so Particular a Manner, I shall not Doubt your Voting a Sufficient Sum for Carrying the Several Articles into Execution, Considering at same time that the Season of the Year Admits of no Delay therein & as your Constituents Signify to you not only their Willingness but their Chearful Desire to be Taxt to a Sufficient Provision for Accomplishing those points, it will therefore be very Severe to Withhold from them the use of their own Estates, which they would have employed for Saving the Lives of themselves their Wives & Children and their Estates from falling into the hands of the Perfidious French with their Cruel Allies the Savage & Barbarous Indians

Gentlemen of the Council & of the General Assembly

I shall Heartily Rejoyce in Your Coming into the best Conclusions in these Affairs for advancing His Majestys Interest & the Future Lasting Peace & Welfare of this Province

Present as before

The Bill Entitled an Act for Raising Two Hundred and Fifty able Bodied Freemen &<sup>o</sup> was Read a Second time &

Committed to the Gentlemen of the Council or any Three of them

His Excellency came into Council and having by the Clerk of the Council Informed the House of Assembly that he was in the Council Chamber ready to Receive the Address of that House, the Speaker & the House of Assembly Attended & Delivered the Following Address

May it Please your Excellency

We his Majestys Dutiful & Loyal Subjects the Representatives of the Colony of New Jersey in General Assembly Conven'd do think it our indispensable Duty to Join with your Excellency in the most Suitable Acknowledgments to the King and Parliament for their Care of the Colonies in North America. It is not unknown to your Excellency, that this Colony hath at this time Seven Hundred and Fifty Men in Pay, Five hundred of which Assisted in the Last Campaign with General Shirley : And we have never till Lately made any Doubt of their Assisting throughout the Next Summer, But as the Officers Recruiting under General Shirley within this Government have not only Drained us of Men by Considerable Supplies of Free Volunteers to their Respective Regiments ; but have also taken from us a Large Number of indented Servants & Apprentices, Contrary to their Masters Consents & in Violation of the Contracts Subsisting Between them which last Seems likely to involve this Colony in Considerable Distresses & May (it is to be feared) put us under the Ungrateful Necessity of not Subsisting the Said Five Hundred Men Longer than the Money already Provided for that Purpose will Last : But if by a Majority of the House it should be then Concluded to make further Provision, we are very Sure Considering our Circumstances & Exertion of Strength in the Common cause it is a Grievance we Neither Expected nor Deserved : Nor do we think if such a Hardship in all its Ruinous Consequences to a Young Country were Properly Represented to our Gracious Sovereign, it would be at all Countenanced or Encouraged. As we have

not the Least Doubt but that if these Grievances are Redressed we Shall Continue the said Five Hundred Men throughout the whole of Another Campaign, so we hope upon a Suitable application from your Excellency, and in the opinion we have hitherto Entertained of General Shirleys Friendship for the Colonies we Shall not fail of Redress in a Matter that so intimately concerns a Great Number of his Majestys good Subjects

We are obliged to Keep a Considerable Number of Troops for the Defence of our own Frontiers, & however Chearfully Willing this may be to Promote the Common Cause of the Colonies (of which we Conceive no part of our Conduct can Suggest a Doubt) we are not able Without an Inconvenience that Bears no Addequate Proportion to our Neighbours & therefore must be Excused from Augmenting the Number of our Men in the Manner Proposed at the Late Congress at New York.

It gives us a Very Sensible Pleasure to hear that any of His Majestys Colonies have Entered into Close Friendship & Alliance with the Indian Natives; an Important Point, which though at first View of the Greatest Consequence to the British Interest in America We fear hath Notwithstanding been too much Neglected; & Cannot but think the Cultivation of it by the Colonies Concerned, is worthy of the Utmost Serious attention As to the Cries of our Distressed Friends in this Colony we are so far from Endeavouring to Withold the use of their own Estates from them as Your Excellency is pleased to Express it that we have made their Cause the Universal Concern of the Province & done what we apprehend is very Extraordinary for their Protection, & we hope it will have its due Weight with them, as it Seems hitherto by the Divine Blessing to have Answered the Purpose of Securing all the Persons who Pay Taxes or look upon themselves as Inhabitants of this Colony.

I have read over your Address in Answer to my Speech made to you at the opening of this Session & Wherein I laid before you the present General and Particular state of this & the Neighbouring Colonies & which I hoped would have Induced you to have Raised more Men than you have already for the Several Services I therein Pointed out to you ; but as you have not, I shall be Content & Satisfied in having done my Duty to his Majesty, as to the better Protection & Safety of the Colonies in General & of this in Particular

His Excellency came into Council & having by the Secretary Commanded The attendance of the House of Assembly the Speaker with the House attended, when His Excellency was pleased to make the following Speech to both Houses

Gentlemen of the Council and of the General Assembly

I am glad of this pleasing opportunity to Congratulate you on the Goodness & Bounty of His Majesty and His Parliament in giving this Province a Proportion of a Large sum of Money raised, for Several of His Majestys Colonies in North America as an Acknowledgement of their past Duty & Service to His Majesty and as an Encouragement, to them to behave with the Like Duty & Loyalty for the Future

The Men that were to be raised by a late Act of this Province are fully Compleat, and are now Proportioned and Posted at the Several Forts on the Frontiers Holding themselves in Readiness to Proceed Elsewhere as the Kings Service and the Safety of the Province may Require

According to the best advice our Enemies the French are much Streight'ned for Provisions in their Several Settlements on the Continent as well as in their Islands. I therefore Earnestly Recommend to you the Bringing forward as soon as may be, a Bill in Strict Prohibition of the Exportation of all sorts of Provisions & Warlike Stores from this Province and What the Neighbouring Government of New York has done of this Kind shall be laid before you

Gentlemen of the General Assembly

It will be Necessary that you Carefully look into the Accounts of the Several Publick Officers of the Province that you may see what Monies are already Expended and what more must be Raised for the future Support of the Troops of this Province, by a Letter I Received from Colonel Peter Schuyler (with a Particular Account which shall be Delivered you) you will find his Regiment is in Want of Money Arms and Cloathing, and I shall not Doubt of your immediate Care to Supply them

As the Bill for the Support of Government is Expired you will do what may be Necessary on this head for the Future

Gentlemen of the Council and of the General Assembly

I believe you will find upon a Revisal that Several of

your Temporary Laws are Expired, which you may perhaps think Necessary to be Revised

As our Enemies are Continually Committing Hostilities against us it is now more Especially Necessary for the Kings Honour and Service as well as for our own Safety to make some Amendment in the Militia Law, Particularly to Lay a Penalty on the Officers that do not do their Duty in Conformity to the Act now in being

As many of your Members have told me that this is a Convenient Juncture for going thro' the Publick Affairs of the Province I hope you will Chearfully & Diligently Engage in them & soon bring this Session to a Happy Conclusion

Since our last meeting I have received His Majestys Especial Commands by a Letter of the 13<sup>th</sup> of March last, from the Right Honourable Henry Fox Esq<sup>r</sup><sup>1</sup> one of his Majestys Principal Secretaries of State to call you together forthwith, and to Lay before you the following Matters of

<sup>1</sup>See N. J. Archives, VIII., Part II., 209.

Great Importance to the Kings Interest and Service as well as to the Safety & Wellfare of this and the Neighbouring Colonies, And in the first Place that the Kings Regiments (as Well the Three Station'd in Nova Scotia as the four in the Province of New York) Should be Recruited as Soon as Possible, to their full Compliments of a Thousand Men each, and that you should in the best Manner you can make the Most Easy & Effectual Provision for Assisting his Majestys Officers to raise such a Number of Men as shall be Sufficient to Recruit the Kings Regim<sup>ts</sup> Now Stationed or to be Stationed in North America up to their Establishments and that the King in order to Encourage in a Service so Essential for your own Defence does Consent that such Recruits shall not be oblig'd to Serve any where but in North America And Shall be Discharged when Hostilities shall Cease and Each of them to have a Grant of Two Hundred Acres of Land free from Quit Rents for Ten Years, Either in the Province of N. York, N. Hampshire or Nova Scotia at their own Choice and these Lands to be Granted them on Producing their Discharge from the Commander in Chief to the Governor of Either of the said Provinces Respectively, and in Case they should be Kill'd in the Service their Widows and Children shall be Entitled to the said Lands, in such Proportion as the Governor & Council of the Province where such Lands Lye shall Direct ; I am also Commanded to Acquaint you with his Majestys Great Goodness in having Recommended Your Case to the Consideration of his Parliament, who have Granted the Sum of One hundred & Fifteen Thousand Pounds to be Distributed as the King shall think Proper to the four Provinces of New England and those of New York and New Jersey, and thereby Enabled His Majesty not only to Manifest his Sense of their past Services but also to Encourage them for the future to Exert Themselves in the Service with Spirit & Vigour. That His Majesty Expects that you will Heartily & Zealously Concur in Every Measure which shall be thought advisable for Carrying on the War in North America

I am also to Acquaint you that for your Ease and Encouragement & for Making the Service Less Burthensome to you, Magazines of Stores & Provisions of all Kinds are laid up at the Sole Expence of the Crown for all such Troops as are Join'd in the General Cause of the Defence of these Colonies.

His Majesty also expects that you make Provision out of any funds already Existing or that may hereafter be Raised for the Kings Service for Repaying the Masters of Such indented Servants as Shall Engage in His Majestys Service, the Money paid by the said Masters on the Original Contract, in Proportion to the time Such Indented Servants have to Serve And the King Expects you should appropriate such part of any funds that may be Raised for the Publick Service to be issued and applied in such Manner as the Commander in Chief shall Direct.

I have it Likewise in Command from the King to Recommend to you, in the Strongest Manner the Passing an Effectual Law for Prohibiting all Trade & Commerce with the French and for Preventing the Exportation of Provisions of all Kinds to any of their Islands or Colonies.

I am also to inform you that His Majesty Judges it to be of the Greatest Importance in the Present Situation of Affairs that he be truly and Exactly informed of the Real State of Defence of this Colony, as well in relation to the Ordnance and Stores of War, as to the Forts and Fortifications and the Number of the Inhabitants, & that therefore there should be prepared and Transmitted to the Earl of Lowdon or the Commander in Chief for the time being an Exact & Particular Account, in which is to be Expressst the present Actual State & Quantity of the Cannon Ammunition & other Ordnance & Military Stores belonging to this Colony Either in the Publick Magazines or in the Possession of the Militia or other Private Persons, Together with the True State of all Places Either already Fortified or which may be Judged forthwith Necessary to be Fortified, & an Opinion at Large

in what Manner his Majesty may Further Contribute to the Defence & Security of these Colonies.

Gentlemen, by what I have now Recited to you out of the Secretary of States Letter, You will see his Majestys tender Paternal Regard for these Colonies, from Saving & defending them from falling into the hands of French Tyranny with its Train of Dreadfull Evils, and to promote & Establish the Lasting Welfare and happiness of His good Subjects in North America. I therefore hope you will most Sedately Consider these Matters, & that you will Exert Yourselves with such Duty Alacrity & Zeal herein, as may best Answer His Majestys Just Expectations from you, And to these things I Desire Your full & Very Particular Answer.

Gentlemen, By a Letter I received a few days ago from Major General Abercromby from Albany, he Acquaints me that Sir William Johnston had Concluded a Treaty of Peace, with the Delaware and Shawanese Indians, And that they have taken up the Hatchet Against the French and their Indians Upon which I immediately sent an Express to Colonel De Hart on our Frontiers not to Suffer any of his People to go out of the Bounds of this Province or in any way or Manner to Commit any injuries or Hostilities on the said Delaware or Shawanese Indians. I daily Expect a Copy of this Treaty and shall then issue a Proclamation of Peace in Conformity thereunto.

But this Notwithstanding I am to inform you, that by Letters I have a few Days ago received from the Governors of Virginia & Pensylvania, The french with a Great Number of Foreign Indians, were Marching & Proposed Coming into these Southern Colonies to Plunder & Murder, And upon this advice I Dispatcht a Courier to Colonel Dehart to be Diligent & Well upon his Guard to repell any Attempts they may make upon this Province.

As His Majesty is giving us Continual Instances of His Royal Wisdom in the fatherly care he takes for the Safety and Prosperity of these his Provinces, I hope we shall make a Dutiful Return, in pursuing all such Measures with Zeal

and Unanimity, to the utmost of our Power, as may have the best Tendency to his Majestys Interest & Service, and to the better Establishment of our own Just Rights & Liberties.

His Excellency came into Council & having by the Clerk of the Council informed the House of Assembly that he was in the Council Chamber Ready to receive the address of that House,

The Speaker and House of Assembly attended & Delivered the following Address

May it please your Excellency

We his Majestys Dutiful & Loyal Subjects the Representatives of the Colony of New Jersey, in General Assembly Conven'd think it Necessary in Answer to the first part of Your Excellencys Speech, to Remark that we are not Conscious of the Kings Service having hitherto been retarded in this Government and with Equal pleasure are well Assured that the Necessary Assistance (so far as it lies in the Power of Our Inhabitants) Towards Recruiting the Kings Regiments and to Every other Purpose Conducive to His Majestys Honour and Interest will be readily and Chearfully Given from a People Gratefully Sensible of the Repeated Instances of His Majestys Tender Paternal Care over this as well as the Rest of the Colonies of North America.

Among Several Late Instances of this Kind the Repre-

senting our Case to the Parliament in order for a Reimbursement of part of the heavy expences that have of late attended this Province, & the Easing us from further Supplying our Troops with Provisions Particularly Demand our Thankfull Acknowledgements and will Enable us to Struggle Through the Difficulties of Keeping them on foot Longer than we Could otherwise have done if his Majestys Service should require it

The funds raised for the Maintenance of the Troops of this Colony will Continue for some time to come, and in the Manner already appropriated Seems to Coincide with his Majestys Intention and we hope will prove Satisfactory

As in some parts of this Province Indented Servants but lately made a Considerable Share of the Wealth and Dependance of their Masters who in a great Measure have been Deprived of them by the Recruiting Officers and as the Importation of them for a great Number of Years past has made a Large Branch of Business, of Great Importance To the settlement & Welfare of the Country and from the Uncertainty of the Property it is now Likely the Trade of Servants may in a Great Measure if not wholly Cease, we therefore Conceiving it a Matter of Extraordinary Moment, think it absolutely Necessary to delay the Consideration of paying for them, till we have had an opportunity of more fully Considering the Case and Consulting our Constituents

The Prohibiting of Provisions and Warlike Stores from the French Colonies being already Effectually done by Law, this part of His Majestys Expectation is we presume fully Answered

We Conceive it will not be difficult for your Excellency to Come at a Particular information of the State of this Colony Respecting Defence, in the Manner it has heretofore been done, which appears to us attended with as few Difficulties and as Likely to Answer His Majestys Expectation as any Method we Know of, & Better than any Assistance in our Power to give, and Doubt not if your Excellency can point out any Additional Security that will be Necessary, it will

meet with a Gracious Reception from his Majesty who through the Course of a long and Prosperous Reign hath always Manifested himself the Common Father of all his People

We highly approve of Your Excellencys ordering Hostilities to Cease against the Indians, and of Your Intention of Issuing a Proclamation of peace in Conformity thereto, as soon as a Copy of the Treaty made by Sir William Johnston Comes to hand, and as peace is now said to be Concluded with them we would Desire your Excellency to order, One Hundred of Our Men on the Frontiers to be Disbanded, and the Remainder of them also as Soon as it can be done with Safety to the Inhabitants

Justice to the Publick and ourselves Makes it Necessary to observe, tho' our regard for your Excellency and the Anxious Cares of your Station under such Infirmities of Body renders it a Very Unpleasant Task That as it is Evident the Kings Service could not have Suffered if your Excellency had not now Called the Assembly, We should have been very glad to have been Spared Especially at a time so Particularly inconvenient as that of Harvest, The frequent Conveneing the Legislative Body Unless on Real and Substantial Occassions increases the Publick Charge and is Distressing Considering the Remoteness of your Excellencys Situation from the Usual places of doing business, Extremely Distressing to many of the Members who Compose the Legislature, and the Easing the Colony in this time of Common Difficulties When the Intention of his Majestys Commands and the Publick Service will allow it, would be Gratefully Received by us and our Constituents

The Speaker and the House of Assembly Withdrew & his Excellency Retired

A Petition from Richard Gibbs and James Neilson of New Brunswick for Leave to Ship off some flour, and other Provisions to Rhode Island being read His Excellency Desired the opinion of the Council thereon.

It is the opinion of the Board that Leave be not Granted as there is not a Sufficient Proof of that Colonys being in Want of such Supply.

His Excellency laid before the Board a Letter from Sir Charles Hardy to him of the Third of July Instant, Relating to the Cloathing Preparing, for the Regiment under Colonel Schuyler, Which his Excellency Sir Charles Hardy Supposed Were Making at Philadelphia, where the Small Pox at Present Rages, Together with his own Letter to M<sup>r</sup> Gibbon the Commissioner Respecting them, with M<sup>r</sup> Gibbons Answer thereto Dated 7<sup>th</sup> of July Instant, informing his Excellency that no part of the Cloathing were made up at Philadelphia, and that the Cloath was Purchased at a House wherein that Distemper was not nor had been, And his Excell<sup>y</sup> Desired the Opinion of the Council on the most proper Steps to be taken herein

The Council are of Opinion that altho they Cannot apprehend there is any Great Danger, yet to take away any Colour or Pretence of Laying blame on this Government the Council advise his Excellency to order the Commissioner to Pack up

the Hats and Woollen Cloaths and Send them to Amboy there to Lay till further orders and to Direct M<sup>r</sup> Taylor to Purchase other Cloaths in their Stead with all Expedition at New York.

His Excellency also laid before the Board a Letter from His Excell<sup>y</sup> James Abercromby Esq<sup>r</sup> His Majestys Major General & Commander in Chief of His Forces in North America Dated at Albany the 13<sup>th</sup> Instant, Enclosing a Letter from Sir William Johnston Dated at Fort Johnston the day before, Notifying to His Excell<sup>y</sup> That the Chiefs of the Delawares and Shawanese Indians on the River Susquahannah had agreed on the 11<sup>th</sup> Instant to Keep a Strict Friendship with the English & to Act Offensively Against the French and their Adherents, the Council advise his Excellency to Issue a Proclamation for a Suspension of Arms with the Delaware & Shawanese Indians till Further orders,

And a Proclamation was Issued in the following Words.

Whereas the Establishment of Peace and Friendship Between His Majestys Subjects and the Shawanese & Delaware Indians has been Earnestly Sought by the Government of Pensylvania, And Negotiations were Actually Carrying on for bringing about, those Salutary Purposes under the Interest and Influence of the Six United Nations, at the Very time when the Murders, Committed in this Government, made it Necessary for His Majestys Honour, and Safety of the Inhabitants of this Colony to Declare the Indians who had been in Arms, Against His Majestys Subjects of this and the Neighbouring Colonies to be Enemies to his Majesty. And no Notice or advice having been sent to this Government of any of the said Negotiations or of any Prospect of a Reconciliation, I did on the Second Day of June last,<sup>1</sup> by and With advice of His Majestys Council Issue a Proclamation Declaring the said Indians who had been and then Were in Arms as Aforesaid, to be Enemies Rebels and Traytors to His Majesty

<sup>1</sup> See *ante* page 29.

And Whereas I now have Received advice from His Excellency James Abercromby Esq<sup>r</sup> His Majestys Major General and Commander in Chief of his Forces in North America, That Sir William Johnston Superintendent of Indian Affairs, did on the 11<sup>th</sup> day of this Instant July Conclude a Treaty of Peace, with the Shawanese and Delawares who live on the River Susquahannah, Who have Engaged to take up the Hatchet Against the French and their Adherents, In order therefore that Peace & Friendship may be Kept, Between the Inhabitants of this Colony and the said Indians Inhabiting on the said River Susquahannah, I do by and with the advice of his Majestys Council hereby Strictly Charge and Command all Officers Civil & Military all Soldiers and other inhabitants in this Government to forbear Carrying on an Offensive War Against the said Indians and all others to the Eastward of the said River untill my further order therein, Nevertheless this Proclamation is not intended to hinder or Prevent any Person within this Colony from Killing or Destroying any Indian who shall attempt any Act of Hostility within the Same.

His Excellency Laid before the Council that part of the Assemblys address to him of this day Requesting the Dis-

banding of One hundred of the Forces on the Frontiers of this Province and Desired their advice thereon

The Council are of opinion that as there is Great Reason to Expect That a Considerable Number of the Indian Enemy have or will soon make Incursions into this or Some other of His Majestys Western Colonies, the Discharging any of said Forces at the Present will be highly Imprudent, And may be very Unsafe to His Majestys Subjects Within this Province.

Majestys Council

His Excellency laid before this Board a Letter from his Excellency Sir Charles Hardy Governor of the Province of New York of the 26<sup>th</sup> of July last past being as follows  
Viz<sup>t</sup>

Albany July 26<sup>th</sup> 1756

Sir—Since I left N, York I am informed the Small Pox Rages with Great Violence in Philadelphia, the free Communication from that City into the Jerseys, by the Stage Waggon, the Passengers and Goods Brought by them, and introduced into the City of New York by the Passage Boats from Amboy, Makes it Necessary that we should be very Circumspect Least that fatal Disorder should be Introduced into this Province, Where by its Spreading it may Easily Reach this City, and be Communicated to the Armys, and Totally Defeat the Services of this Year. To prevent these Fatal Consequences as much as Lies in my Power, I left Directions with his Majestys Council before I left New York,

And have Repeated them, with orders that no Goods be Suffered to be Landed, With out they are First Opened and Aired to Cleanse them from all Infection.

As the Carrying on the Operations for his Majestys Service may Greatly Depend on our Care in this Particular, I beg Leave to Recommend it to your Serious Consideration, Not Doubting but your Excellency will Concur with me in Every Prudent Caution on this Occasion.

General Winslow is with his Army at Fort Edward Transporting his Artillery and Stores, to Fort William Henry and Proposes Soon to follow with his Forces.

I am with Great Esteem Your Excellencys Most Obedient and Most Humble Servant

Governor Belcher

CHA<sup>s</sup> HARDY

And desires the advice of Council thereon, who are of opinion that Expresses be Immediately Sent to some of the Magistrates of the City of Burlington and to some of the Magistrates of Burdentown the only two places, within this Province Where the Boats from Pensylvania Land Passengers and Goods in their way to New York, with Strict & Peremtory orders, to such Magistrates to take into their Custody and Care, All goods Merchandizes & Cloathing (excepting such Cloathing as the Passengers have on their bodies) which Shall be brought to Burlington or Burdentown aforesaid, from the Colony of Pensylvania aforesaid by said Boats or Either of them, With Intent to have such Goods Merchandizes, & Cloathing Transported through this Province to the Colony of New York; taking an Inventory & Delivering a Copy thereof to the Owner of such Goods, Merchandizes & Cloathing, And that the said Magistrates or some of them, do open and Air such Goods Merchandizes and Cloathing in Some Convenient place for the Space of Ten days at Least, and at the Expiration thereof to Give Certificate at the foot of said Inventory of the same being Aired & Cleansed Accordingly, which Certificate and Inventory being Shewn & Produced, by the Waggoners, Cartars, Boatmen, and Carriers thereof,

May by the Magistrates and other Officers of this Government be Permitted, to Transport the Same to New York and otherwise not. And also that M<sup>r</sup> Secretary do Serve on some of the Magistrates for the City of Burlington and Burdentown a Copy of this order. And the Waggoners, Carters, Carriers and Boatmen Employed in Transporting such Goods Merchandizes and Cloathing from Burlington and Burdentown to New York or any part of the way, That they and every of them may Yield full and Exact Obedience to every part of the above Directions, As they will Answer the Contrary thereof at their Peril.

His Excellency laid before the Board a Copy of a Proclamation Issued by the Hon<sup>ble</sup> Robert Hunter Morris Esq<sup>r</sup> Lieu<sup>t</sup> Governor of Pennsylvania and of the three Lower Counties Dated 5<sup>th</sup> of July 1756. And also the Resolution and order of the Governor and Council of New York Dated the Tenth of July Relating to the Prohibition therein Mentioned, And as the Prohibition lately laid in this Province on the Exportation of Provisions Except to Hallifax Annapolis or Chignecto in Nova Scotia or New York is now Expired.

The Council are of Opinion that a Prohibition of the Like kind w<sup>h</sup> Those Laid in Pennsylvania and New York, are Necessary for his Majestys Service at this time to be laid in this Province. It is therefore ordered by His Excellency with the advice of the Council, that the Collectors of His Majestys Customs, within this Colony, do not Clear any Vessel Loaden or partly Loaden, with Provisions or Warlike Stores, Until further order, Unless to Hallifax, Annapolis, or Chignecto in Nova Scotia, or to New York, With Provisions or Naval Stores for the use of His Majestys Land Forces or Ships of War, The Master thereof first Making Oath, or Affirmation that he is Bound to one or other of the said Places, and no other, and intends truly and Bonafide to Land the whole of the Provisions and Warlike Stores, Laden or to be Laden on Board his Vessel, there, and in no other place Whatsoever; And also Giving Bond to the King in the

Penalty of One Thousand Pounds Sterling, with Two Sufficient Sureties, to Land the whole of the Provisions and Warlike Stores Laden on Board his Vessel, at Hallifax, Annapolis, or Chignecto, in Nova Scotia or in New York Respectively; And in Six Months from the Date of such Bond, to Return a Certificate of the Landing of the Same, from the Principal Officer of His Majestys Customs there, to the Collector by whom such Vessel was Cleared in this Colony. And that such Prohibition do Cease, as soon as proof be made to his Excellency of the Prohibition being taken off in Either of the Colonies of New York, Pennsylvania or said Three Lower Counties, And that M<sup>r</sup> Secretary Serve the Several Collectors of His Majestys Customs within this Colony, with a Copy of this Prohibition and order

His Excellency laid before the Board a Letter from Lord Loudoun Dated Albany the 20<sup>th</sup> Instant, Setting forth that he apprehended that Oswego was taken by the French and Indians, and that all the Naval Stores were Lost, & Desiring the Assistance of this Colony which being read

His Excellency Requires the opinion of this Board what Ought to be done in Respect to the Matters Set forth in my Lords Letter, and in Particular Whether The General Assembly of this Colony should be Called Together to meet as Soon as Possible

The Council are of opinion that as the Account of Oswego being in the hands of the Enemy is not Yet Received, and as most of the matters Contained in my Lord Loudowns Letter having been laid before the General Assembly of this Colony by his Excellency at their Late Setting and by them then Considered that the Calling the General Assembly at this time is not advisable for his Excellency.

His Excellency also laid before the Board two Letters from Mr William Bayard Dated New York the 19<sup>th</sup> & 23<sup>d</sup> Instant Informing that he had in his Custody for the Colony of New Jersey Six Chests of Silver and one of Gold Containing Four Thousand Seven Hundred & Seventy four Pounds Twelve Shillings and Three Pence Money being the Sum Given by his Majesty to this Colony, Desiring That the Money be Received in Presence of His Majestys Council and that Proper Receipts may be Given for the Same.

The Hon<sup>ble</sup> James Hude, Andrew Johnston and David Ogden Esq<sup>rs</sup> of his Majestys Council are appointed by His Excellency to be present at the Receiving of the said Moneys & to be Witnesses to the Receipts Given for the Same

His Excellency laid before the Board a Letter from His Excellency Governor Hardy Dated New York the 17<sup>th</sup> Instant with a Copy of an order made by the Governor & Council of New York for Preventing Provisions of any kind from being Transported from the Colony of New York to any of the Neutral Islands, And to have Liberty to Transport Provisions to the British Islands only, & Desired the opinion of the Board Whether he should Issue the like order, to Which the Council advised

And is [in] the Words Following Viz<sup>t</sup>

It is ordered by his Excellency with the Unanimous advice of the Council that the Collector of His Majestys Custom of this or any other Port within this Province, do from and after the Thirtieth day of August Instant, Clear out any Vessell Laden with Provisions the Master of Such Vessel Giving Bond to his Majesty with Sufficient Securities

in the Sum of One Thousand Pounds Strl to Land such Provisions and Every part thereof in some British Port or Island and not in any Foreign Island Plantation, Settlement or Dominion Whatsoever, and within Nine Months from the Date of Such Bond to Return to the said Collector a Certificate under the hand of the Governor or Commander in Chief of the Landing such Provisions in & for the Use of Such British Port or Island.

His Excellency laid before the Board a Letter from Colonel Jacob De Hart Commander of the Forces Posted on the Frontiers of this Colony Dated the 20<sup>th</sup> Instant Setting forth the Danger & Difficulties the forces Labour under by reason of the orders, having Power only to act in the Defensive Against the Delawares and Shawanese & Desiring his orders may be altered. And Desires the opinion of the Board thereon.

The Council are of Opinion that Colonel De Hart Strictly adhere to his former orders and Conduct himself agreeable to his Excellencys Proclamation Issued the 24<sup>th</sup> of July last for the Present, And until he shall receive other orders from His Excellency

Then his Excellency with the advice of Council was pleased to sign the following Warrants.

His Excellency came into Council & having by the Secretary Required The Attendance of the House of Assembly the Speaker with the House attended When his Excellency made the following Speech to both Houses

Gentlemen of the Council and of the General Assembly

“Since our last Meeting I received a Letter from the  
 “Right Hon<sup>ble</sup> the Earl of Loudoun, Commander in Chief

“of all His Majestys Forces in North America, of the 20<sup>th</sup>  
“of August last ; which I Communicated to His Majestys  
“Council, and they advised To the Calling you Together at  
“this time, to lay the Matters Contained therein to the Whole  
“Legislature; & Since that we have undoubted Accounts of  
“the important Post of Oswego having fallen into the hands  
“of the French ; & Which Leaves open this and the Neigh-  
“bouring Colonies to the incursions & Ravages of the French  
“& Indians ; and upon this Extraordinary Alteration of the  
“Situation of the Affairs of this Colony, I shall be glad of  
“Your advice, aid, & Assistance, in Pursuing Such Measures  
“as his Majesty may Reasonably Expect at this Critical Con-  
“juncture from us, in Defence of his Interest & Honour, as  
“well as for the Safety of his Good People under our Care.  
“And as Colonel Schuyler with One half of His Regiment  
“were made Prisoners by the Enemy at the taking of  
“Oswego ; I think the first thing to be done is to fill up that  
“Regiment in the Compleat Manner it was done before ; and  
“that as soon as may be to be Sent to Albany there to follow  
“such orders as they may Receive from the Earl of Loudoun.  
“As our Frontiers will be Greatly Exposed in the Present  
“Circumstances of Affairs I believe you will think it abso-  
“lutely Necessary for the Safety of Our Poor Neighbours to  
“add a Considerable Number of Men to those already Posted  
“there.

“His Majesty having sent over a Number of Good Officers  
“the sooner The Regiment of this Province is Recruited &  
“Sent to Albany, the more it will advance the Kings Service ;  
“as they will have the Advantage of being trained and Dis-  
“ciplined by the aforesaid officers, & become ready for such  
“service as the Kings General may Judge Proper to employ  
“them about in the Winter Season. And I Cannot Conclude  
“this Article without Recommending to you your Generous  
“Care & Concern for the very Worthy Colonel Schuyler  
“with the other Officers & the Men now in the hands of the  
“Enemy, that they be well Supported by you, & that you

“Contribute all in your Power for the Obtaining their  
“freedom. By Lord Loudouns Letter (which I herewith  
“Deliver you) You will See his Lordshp in this Crisis of  
“Affairs, Earnestly Demands Your Assistance & I Urge you  
“in the Warmest Manner to do all you can in Answer to  
“what His Lordship Presses on this head.

“And as the Colonies of New England have very hand-  
“somely Exerted I hope you will not fail to follow their  
“Wise Resolution for the Common Good & Safety.

“Since our last Sitting I have received by His Majestys  
“Ship the Sterling Castle the Sum of £4774 „ 12 „ 3 Ster-  
“ling; being the Ballance of the £5000 Allotted to this  
“Province out of the £115000 Granted by Parliament His  
“Majesty in his Warrant to his Lords Commissioners of the  
“Treasury for Paying the said Money is pleased to Express  
“himself thus; Whereas the House of Commons have  
“Granted Unto us the Sum of One Hundred and Fifteen  
“Thousand Pounds upon Account to be Distributed to the  
“Colonies of New England New York & New Jersey in such  
“Proportion as we Should think fit as a free gift & Reward  
“for their Past Services, and an Encouragement to them to  
“Continue to Exert themselves with Vigour in Defence of  
“Our Just Rights and Possessions.”

“And the said Money I, immediately paid over into the  
“hands of M<sup>r</sup> Treasurer Johnston, Agreeable to the Kings  
“Warrant which Says, It Shall there remain untill it be Dis-  
“posed of for the Publick Service by an Act of the Legis-  
“lature.” So in this Matter we should now do with the  
“Money what may most of all advance, his Majestys Honour  
“& Interest, Together with the good & Welfare of this Prov-  
“ince; And as I have often Complaints from the Inhabitants  
“of the Province That they want Arms & Ammunition to  
“be ready on all Occasions for the use of the Province. And  
“before I Conclude this Article I am persuaded of your  
“thinking with me, that His Majestys free Gift to the  
“Colonies together with his Great Goodness in taking upon

“him the Charge of Subsisting the troops you may Raise  
“must be a farther inducement to your Augmenting the  
“Number of Men to Join the Kings forces Under the more  
“Particular & Immediate Command of the Kings General  
“the Right Honourable the Earl of Loudoun And which I  
“most Earnestly Recommend to your Consideration.

“I have received his Majestys Royal Orders by a Letter  
“from one of his Principal Secretarys of State of the 18<sup>th</sup> of  
“June last to receive such French Prisoners as the Com-  
“manders of His Majestys Ships may apply to me to set on  
“Shore in this Province. You will therefore make proper  
“Provision for Defraying the Charge that may at any time  
“arise on such Occasions.

“A few Days ago I received his Majestys Royal Orders of  
“the 5<sup>th</sup> of July last Relative to a Prohibition of all Corre-  
“spondence with the Subjects of the French King; And I  
“now give you what his Majesty Commands on this Occasion;  
“Whereas by our Declaration Dated the 17<sup>th</sup> of May last, We  
“have Thought fit to Declare War, Against the French King  
“his Subjects & Vassals; And Whereas We have been  
“informed that heretofore in times of War, Our Subjects in  
“Several of Our Colonies and Plantations in America have  
“Corresponded with Our Enemies and Supplied them with  
“Provisions & Warlike Stores, Whereby our Service has been  
“Greatly Prejudiced & the Safety of Our Dominions Endan-  
“gered: It is therefore our Express Will & Pleasure, that  
“you do with the advice of Our Council take the most Speedy  
“& Effectual Measures to hinder all Correspondence Between  
“any of Our Subjects Inhabiting our Province of New Jersey  
“Under your Government, & the Subjects of The Said French  
“King, & to prevent any of the Colonies or Plantations  
“belonging to our Enemies or other places possessed by them  
“in America being Supplied Either by Sea or Land from our  
“said Province under your Government, with Provisions or  
“Warlike Stores of any kind.

“And in case you shall find it Necessary to have an Act

“passed for the purposes above Mentioned you are Earnestly  
“to Recommend it in our Name to our Council & to the  
“Representatives of our said Province to prepare & Pass such  
“Act.

“As his Majesty is Continually Sending Forces both by Sea  
“& Land for the Defence and Protection of his American  
“Colonies, I do in Duty to the King and in a Tender Regard  
“to his good Subjects most Earnestly Recommend to you the  
“passing such an Act, That while the King (as a Kind  
“Father of his People) in taking all Possible care to Pre-  
“serve them, we may not be Accessory to our own Ruin &  
“Destruction by Carrying on a Commerce with the Subjects  
“of the French King, & Supplying them with Provisions and  
“Warlike Stores.

“Gentlemen of the General Assembly

“You will Please to Consider all I have now laid before  
“you & Such Articles as may require Money to Carry them  
“into Execution (the Necessary Acts therefor Properly begin-  
“ning at your house) I shall not Doubt your Chearfully  
“doing therein, what may most of all Conduce to his Majestys  
“Interest and Honour, And to the Safety & Wellfare of his  
“good Subjects, & you will very Particularly Look into the  
“Acts Relative to Colonel Schuylers Regiment & the forces  
“on the Frontiers, & make Provision for their Further Pay-  
“ment, & for all other Necessaries relating to them.

“Gentlemen of the Council & of the General Assembly

“In this time of increased Danger, I hope there will not  
“arise the The least Difficulty or Division in the Legislature;  
“but that we shall, Unitedly (Heart & hand) do all in our  
“Power to Promote the good of the Common Cause and in  
“Particular the happiness & Prosperity of the People of  
“New Jersey under our Care.

The House Met Present as before

His Excellency came into Council & having by the Secretary required The Attendance of the House of Assembly, the Speaker with the House Attended, when his Excellency was pleased to Deliver the Following Speech to both Houses

Gentlemen of the Council & of the General Assembly

At our Meeting in October last, I laid before you in the most Particular Manner, I cou'd the State of Our Publick Affairs to that time and in Your Resolution thereupon, you said Several of the Matters were of Extraordinary Moment, But Desired a Recess for further Consideration therein, and I now hope you will have recourse to my Speech then made to you, & duly Deliberate & do in the Several Articles, what may be Necessary for the Honour & Interest of His Majesty & for the Safety & Welfare of the Province.

That there might be no reason of Delay in doing what may be necessary on our part, for Promoting His Majestys Service, I wrote to the Right Hon<sup>ble</sup> my Lord Loudoun the 14<sup>th</sup> Curr<sup>t</sup> Informing his Lordship that the Assembly would set at this time, and his Lordships Answer to the said Letter, I herewith Deliver you, and which I think full of Justice and of a Kind Regard to this Province, The best return Whereunto will be your doing all you can (in Conjunction with the other Colonies) in Raising a good Number of Men, for the Common Cause in Defence of His Majestys Just Rights and Interest, as well as for our own Safety, and that you now come into Such Reasonable Resolutions, as may Facilitate Our Acting up to our Duty, And which will also in the best Manner express Your Gratitude to the Right Hon<sup>ble</sup> the Earl of Loudoun, for all his Goodness to & Generous Treatment of this Province

Gentlemen of the General Assembly

I believe you will think it absolutely Necessary, to Look into the State of your Publick Funds, in which I understand by the Officers of the Treasury there are Deficiencies Especially in the Want of Money to Pay the Quarters of the Troops Stationed in this Province as also for Payment of the Men Lately under the Command of Colonel Schuyler, But now Devolved on Capt<sup>n</sup> John Parker, whose Letter of the 19<sup>th</sup> of November I herewith Deliver you, and upon the Rec<sup>t</sup> Whereof, I sent to the two Treasurers for the Money, whose Answers were they had no money for the Occasion, so I was obliged to send away the Messenger without any, I believe you will therefore think it, best in Justice to the People & for Preventing Great Desertion, to send away the Money without Delay.

Gentlemen of. the Council & of the General Assembly

I hope you will give Everything laid before you in my Speech of the 13<sup>th</sup> of October past, as also what I have now said to you, their due weight and Consideration with Good

Dispatch, & thereby Demonstrate Your Duty & Loyalty to the best of Kings who is always approving himself a Nursing Father to all his People.

His Excellency came into Council & having by the Secretary Requir'd the Attendance of the House of Assembly; The Speaker with the House of Assembly attended when His Excellency was Pleased to deliver the following Speech to both Houses

Gentlemen of the Council & of the General Assembly

In the two short Sessions, we had in October and December last I Recommended to You, Several Affairs, which in your Answer to me you said were of Extraordinary Moment, and that you desired a Recess for further Consideration of them.

As I was so full and Particular at the Times I have mentioned in many Important Affairs, I hope, You will have Recourse to them and do as shall be judged necessary for the Kings Honour & Interest in the Common Cause against the Enemy and for the Best Safety & Welfare of this Province

But what I wou'd in the most earnest manner repeat to You, is the Coming into a Resolution for raising a good Number of Men to Join the Kings Troops under the Command of the Right Honourable the Earl of Loudon; & as the Year is advancing apace, to be as expeditious in this Matter as You Possibly can. And as to further Particulars relative to the Operations of the ensuing Campaign, the Events whereof will be of such Consequence to this and the neighbouring Colonies, I now lay before You a Letter I have

received from the Right Honourable the Lord Loudon, dated at New York the 26<sup>th</sup> of February wherein you will find that all the New England Governments, & that of New York, have readily agreed to the Numbers of Men, Lord Loudon has asked of them which I hope will be Leading to your Exerting yourselves in like manner, and as the King & His parliament have already made you a generous gift of Five thousand Pounds Sterling, and the King has also taken upon him the Charge of Provisions for what Troops you may raise it will greatly Liquidate the Burthen of the Province I Therefore hope you will in a grateful Return to His Majesty's Care & Kindness fall into such Measures as he justly expects from you, and to do it immediately will be giving an Instance of double Duty, Loyalty, & Zeal to His Majesty & of your best assistance in the present critical Conjuncture.

Since our last Meeting I Received a Letter from the Honourable M<sup>r</sup> Denny, Governor of Pennsylvania, Dated Philadelphia December 16<sup>th</sup><sup>1</sup> 1756 with a Copy of a Treaty of Peace<sup>2</sup> he has Concluded with the Delaware & other Indians, The same I shall or to be delivered You Wherein you will find mention made several Times of this Province which matter you will Consider and act therein as may be judged most for the Service of this Province

Gentlemen of the General Assembly

As the Nature of the Things I have laid before you, will require Supplies of Money, I depend you will Chearfully do your Part for speedily putting them in motion & Practice.

Gentlemen of the Council & of the General Assembly

Ordered that the said Bill be read a third Time

Which being done And on the Question

Resolv'd that the Same Do pass

Order'd that the Speaker do sign the same

M<sup>r</sup> Ashfield Dissented to the passing the said Bill & Desir'd His Reasons might be entred with his Dissent as follows

First That tho' the Title of General Assembly may in Construction of Law be Extended to all the Branches of the Legislature Yet in this Act<sup>1</sup> is confined in such a manner as

<sup>1</sup> See Nevill's Laws of New Jersey, II., 103.

not to admit its meaning to be any other than the House of Assembly And that all Public Monies ought to be accounted for to all the Branches: & by this Act the Commissioners, Commissary & Paymaster are only accountable to the House of Assembly, tho' by the Appellation of the General Assembly

Secondly That the Method fallen upon in the Bill for raising the Men will not (in all Probability) answer the End designed, Because as there have been Numbers of Recruits from this Province, taken into the Several Regiments in His Majestys Service, There are but few Left that wou'd be Likely to be Tempted by the Bounty And Therefore the Commander in Chief ought to have been vested by the Bill (in Case the Method therein proposed shou'd not Succeed by a Limited Time) with power to order Detachments from the Militia, or by some other Method to raise the Number proposed without depending upon so great an Uncertainty as the raising Volunteers

M<sup>r</sup> Ogden also Dissented & agreed in the above Reasons

M<sup>r</sup> Ashfield from the Committee to whom was referred The Bill entitled An Act for the Support of Government & Reported the same without Amendment.

Order'd That the said Bill be read a Third Time which being done & on the Question

Resolv'd that the same do pass

A message from the Governor by the Secretary in the Following words

Gentlemen of the Council & of the General Assembly

Upon Reading Your Bill for Compleating the Regiment of the Colony of New Jersey to 500 Men I find in the Paragraph relating to an Enlistment of Indented Servants, militating with an Act of Parliament made and pass'd the Last Year on that Behalf, And which act I herewith send You

I must also observe to You that the Bill makes no Provision for Draughting or Detaching out of the Militia, in Case the Regiment Cannot be Compleated in the Manner the Bill proposes, & if this shou'd be the Case, as may be feared, it seems necessary, to add a Clause to the Bill, for Draughting what Men may appear wanting to Compleat the Regiment to the Number mentioned in the Bill, or otherwise the Aid & assistance You Propose for joining in the Common Cause may prove weak & ineffectual. To prevent which His Majesty's Provinces to the Eastward have fallen into this necessary Expedient & I desire You Gentlemen to Consider what I now lay before You and to amend the Bill in these

Articles with what Despatch You can for as the Year is far  
advanc'd the Levies shou'd be got forward with as Little  
Delay as Possible

His Excellency having by the D: Secretary inform'd the House of Assembly that he was Present in the Council Chamber ready to receive the Address of the House

The Speaker with the House Attended & Delivered their Address in the following Words

To His Excellency Jonathan Belcher Esq<sup>r</sup> Captain General & Governor in Chief in and over His Majestys Province of New Jersey and Territories thereon depending in America Chancellor and Vice Admiral in the Same &c

May it Please Your Excellency

We His Majesty's Dutiful and Loyal Subjects the Representatives of the Colony of New Jersey in General Assembly Conven'd from Hearts deeply sensible of the Necessity of assisting in the Common Cause at this Time cannot help expressing the real Concern with which We found ourselves affected by the large Number of Men mentioned in the Right Honourable the Earl of Loudon's Letter, and this the rather, as from the Number his Lordship had asked from the Governments to the Eastward We had Concluded his Demands Considerate and proportionable, & from thence had reason to hope of being able to Comply with any Proposal His Lordship shou'd make to us

As We are Conscious of every Necessary Prepossession in favour of a general of so aimable a Character, & retain a very grateful Sense of his Kind Sentiments repeatedly express'd in regard to this Colony We are well assured his Lordship's Demand from us at this Time is in a great Measure owing to his Being a Stranger to our Distress'd Circumstances in several Respects, one of which is the Scarcity of Money; For notwithstanding the Sums imported to North America for the Army, and the Colony Emissions, it's well known what falls to our Share principally Centers at New York & Philadelphia where our Trade Chiefly lies, another Consideration equally important is the Large Number of Volunteers who have already been raised in this Government

besides Servants & Apprentices among the Regulars, and many Voluntiers in the Provincial Services, which with the Loss of our Forces and Stores at Oswego adds to our Difficulties But what appears still more Particularly burthensome to the Province and obstructing to the Service at this Time is your Excellency's absolutely refusing to Emit any Paper Money to be Longer Current than five Years

The Aid We have now and heretofore given the Common cause has so Loaded the five Years to Come with Taxes, that it will Be Extremely difficult to Continue the Five Hundred Men to be furnished the Ensuing Campaign longer than this Summer, unless We can get some Relief in prolonging the Time for Sinking the Money, or by an Emission of Paper Bills of Credit in the manner propos'd by the Bill now agreed to be sent home for His Majesty's approbation (with which We should be glad of your Excellency's Concurrence) or by some other Method at Present unknown to us

The Present Prospect of Indian Affairs in the Neighbouring Government of Pennsylvania Cannot but afford a real Pleasure to every Person acquainted with the Late outrages, We have never since the Surrender of the Proprietary Governments been much Concerned with Indian Affairs, nor do we Know that they have had any reason to Complain of this Province Nevertheless that Nothing may be justly Laid to our Charge, respecting either the Promisses given at the Late Treaty or such other Acts of Justice or Kindness as may be due to or Necessary for them, We have by the Bill pass'd at this Setting taken Such Measures as appear to us the Best Calculated to be of Real advantage to them, and We hope the Expedient will also Prove useful to many of the other inhabitants

It is now nigh three Years since the Present House of Assembly was Chosen A Variety of Unprecedented Troubles has introduced a Large & unprecedented Expence. The Part We have acted has been in Consequence of the Sentiments & Applications of our Constituents Whether they are willing to Continue the Expence will be best Known by a

new Choice, and it is but reasonable at a Time of Such Encreasing Danger, that their Sentiments shou'd be Known in the most effectual Manner, a Triennial Election has been Expected and wou'd be very acceptable to us, And Therefore We take this Occasion to earnestly desire Your Excellency wou'd be Pleased to Dissolve the present House of Assembly at the Expiration of the said three Years

March 23<sup>d</sup> 1757 By Order of the House

ROBERT LAWRENCE Speaker

Then His Excellency was Pleased to give His Assent to the following Bills Viz<sup>t</sup>

The House Met Present as before

His Excellency came into Council & having by the Secretary required The Attendance of the House of Assembly the Speaker with the House Attended when his Excellency was Pleased to Deliver the following Speech

Gentlemen of the Council & of the General Assembly

Since I last parted with you, I have received many things Relating to the Safety & Welfare of the Province, Viz<sup>t</sup> Two Letters from the Right Hon<sup>ble</sup> M<sup>r</sup> Secretary Pitt, Dated Whitehall Feb<sup>ry</sup> 4<sup>th</sup><sup>1</sup> & 19<sup>th</sup> Three Letters from the Right Hon<sup>ble</sup> Lord Loudoun Dated New York April 3<sup>d</sup> 7<sup>th</sup> & May 5<sup>th</sup> A Letter from the Hon<sup>ble</sup> Governor Denny Dated Phila<sup>a</sup> April 28<sup>th</sup> and also Sundry Petitions from the Inhabitants of the Frontiers Praying for Protection from the Cruelties & Murders of the Indians.

His Majestys Especial Commands, Together with the Extraordinary Situation of the Affairs of this Province, has made it my Duty to Convene you at this time, And to lay before you the Several Letters &<sup>c</sup> Now Mentioned, and which shall be Delivered you & I hope we shall Heartily Join in Carrying their Contents as far as we can into Execution.

<sup>1</sup> Printed in N. J. Archives, VIII., Part II., 241.

You will find by the Secretary of States Letter that it is His Majestys Pleasure that you raise a Number of Provincial Troops at least Equal to those raised before, And which would make a Thousand Men, to Join Lord Loudoun, & that, truly Sensible of His Majestys Paternal Care of this and the Neighbouring Provinces You will Exert Yourselves to the Utmost for Strengthening the Offensive Operations against the French, as the Earl of Loudoun shall Judge Expedient & that you would not Clogg the Enlistment of Men or the raising of Money for their Pay &c with such Limitations as have been hitherto found Difficult & ineffectual And I would Urge you in the most Earnest Manner to read with Deliberation the Secretary of States Letter, and to do therein as may best tend to his Majestys Honour & Service, & to the Safety & Peace of the Province

I am in the next Place to Observe to you that the Right Hon<sup>ble</sup> the Earl of Loudoun General of the Kings Forces in North America Complains of Unusual Obstructions he has met with in this Province, in Carrying on the Kings Service & that his Majesty Expects you make Provision for Carriages for the Troops & Horses for Expresses &c

And since you did not raise the One Thousand Men Lord Loudoun Demanded of you in the Kings Name, he thinks it now too Late to go about it so as to have their Service this Campaign, And to supply which Deficiency he Proposes that a part of the Militia of this Province may Stand ready to March upon any Emergency to the Aid & Assistance of the Forces under the Command of Major General Webb, at Albany on his Requisition.

You will duly Consider the purport of my Lord Loudouns Letters, & Act upon them So as best to Answer his Majestys Just Expectations from you.

And you will read with Attention Governor Dennys Letter respecting the Treaty, he is now holding with the Indians in Pennsylvania, & do in Consequence thereof as shall be most Consistent with Justice & Equity, & with Peace and good Neighbourhood.

And now I come to the Melancholy Situation of the Frontiers of Our Own Province, Whereupon Complaint & Certain advice of the Indians Killing and Scalping Several Persons in this Province, I did about three Weeks ago, with the advice of His Majestys Council, Post 120 Men for the better Safety & Protection of the Inhabitants under their Present Danger and Distress. And I hereby Earnestly Recommend them to your Tender Care and Pity, Always Rememb'ring if the People there in their Great Jeopardy are Oblig'd to fly from their Habitations, the better Inhabited Towns of the Province will Soon become Frontiers

Gentlemen of the General Assembly

As many of the Articles I have now Recommended to you, will require Supplies of Money, I shall not Doubt your doing Your Part, in a just and Tender regard to the People Committed to Our Care. You must be Sensible Gentlemen, that Whenever the Militia is raised for the Protection and Defence of the Inhabitants of the Province, they must be paid & Subsisted as other Troops that are raised for the Same Service.

Gentlemen of the Council & of the General Assembly

As this Province is become a part of the Seat of War, on the English Continent of North America, I hope we shall at all times Consider it with Close Attention, and Unitedly do our Duty in Advancing the Kings Service & Honour with the Safety Peace & Welfare of the Province.

This being a busy Season, and the many things I now lay before you being of great Importance ; I shall not Doubt your giving them all Necessary Dispatch, that so you may the Sooner return to your Domestick Affairs.

To His Excellency Jonathan Belcher Esq<sup>r</sup> Captain General Governor & Commander in Chief in & Over His Majestys Province of Nova Ceasarea or New Jersey & Territories Thereon Depending in America Chancellor & Vice Admiral in the Same &c

The Humble Address of the Representatives of the said Province in General Assembly Met.

May it Please Your Excellency

We His Majestys Dutiful & Loyal Subjects the representatives of the Colony of New Jersey in General Assembly Conven'd, beg leave to Observe that we have duly Considered the Several Letters & Petitions referred to in Your Excellencys Speech

As to the Letters from the Secretary of State we have already Anticipated the Necessity of the first of them, by Granting the Supply therein Mentioned before it came to hand, & as to the Latter of them we Acknowledge with Gratitude his Majestys Paternal Care in Ordering a Naval Assistance for our Protection in case the same should be Needed: And as faithful Subjects we have already Exerted ourselves to the Utmost for Strengthening the offensive operations against the French, Even as fully as our Sovereign by the Letter first above Mentioned has requested, without Clogging the Enlistment of the Men, tho their Number might have been more Considerable, had not Your Excellency, insisted on restricting the time for Sinking the Money Struck on that & the late Similar Occasions to so Short a

Period; And in case we had otherwise Succeeded in our application for a Paper Currency, being truly Concerned that our Zeal for the Common Cause should be Unhappily Cramped through those Obstructions, which we Promise Ourselves will be removed, observing with Pleasure & Gratitude His Majestys Kind Assurances, Couched in his Most Gracious Speech from the Throne, Signifying his Paternal regard for America, His Willingness to remove any Ground of Dissatisfaction, & recommending it to his faithful Commons to lay the Burthen they might Judge Unavoidable, in such a Manner as Could Least Distress & Exhaust his People, Glorious Maxims indeed! Well Worthy the Great King who has adopted them, and highly Expedient to be Observed, Amidst the Calamities & Confusion of War, And we fully Depend they will take Place in Our relief, as Extraordinary & Uncommon Events have rendered an Alleviation to Our Burthen Absolutely Necessary

We are of Opinion this Colony has furnished the Carriages and Horses Requisite for the Kings Service When Demanded, with as great Chearfulness & Expedition as any Colony on the Continent & at their Own Expence have Transported the Baggage of two Regiments Receiving thanks of the Principal Officer for the Same, & have been further Honoured with his Lordships Kind Acknowledgement of their Civility & heartiness, And it gives us great Concern to find, his Lordship should now Complain of any Obstruction to the Service, which we have reason to Suppose must be Owing to Some Misrepresentations that may have been made him, as we have not heard of any Real Cause of Complaint, We hope that on Enquiry it will appear Without foundation; This House truly Sensible of the impending Danger, brought upon his Majestys Northern Colonies by the ill Success of the War, have thought it their Indispensible Duty to Provide by Every Practicable Method for the Security of this & the Neighbouring Colonies, by Putting the Militia upon a good & Serviceable Footing by a Bill now sent up to the Council; And we

have put it in the Power of Your Excellency & Council to March a Great Body of Militia to the Defence of our Neighbours, Whenever they shall be Attacked, in full Confidence that Your Excellency & the Council will use this Power with a Tender regard to the People of this Colony and will be Assured from the Governments who require Our Assistance that the Articles they are to Supply shall be ready for the Accommodation of Our Troops When they Enter such Colony.

And this Provision will we hope fully Answer the Purpose Designed by the Demand of the Militia on the requisition of Major General Webb

Before his Lordships Letter came to hand we Complied with His Majestys just Expectations so far as the same have been Signified to us & the Circumstances of the Colony would Admit

On reading Governor Dennys Letter we Observe that the Commissioners for Pennsylvania on Indian Affairs have heard, That Commissioners on the part of this Colony were to be present at the Treaty therein Mentioned but on Inspecting Our own Journal, we find that the Committee appointed for Inquiring into Indian Affairs were Confined to this Colony only, beyond the Limits whereof we have never been Concerned in any Indian Treaty

We have taken the Situation of our Distressed Frontiers into Consideration, & Provided for the Defence thereof, but as the Supplies Necessary for this occasion must Derive from Bills of Credit to be Issued, We hope to be relieved in Sinking the Same by Some Proper Expedient without Endeavouring for which we should not Demonstrate Our Tender regard for the People And we have Provided for Payment of the Militia Posted on the Frontiers Untill relieved by the Forces to be raised for that Purpose

As North America has become the Seat of War, we have not hitherto been Inattentive to the Important Event, and hope we shall at all times Discharge our Duty to Our King & Country, in this Extraordinary & Dangerous Crisis

We have given the Greatest Dispatch to the Publick business, and should willingly return to Our Domestick Affairs, in which we have Greatly Suffered for a long time Past, Through Our frequent Attendance on the Publick Service; & having now Provided for Every Exigence in the best Manner we can, should be glad of a Recess, as those frequent Sittings are not only Expensive to the Publick, but also very Prejudicial & Fatigueing to Ourselves And Permit us to observe, that should the Small Pox Spread in this Town, We shall Depend on Your Excellency not to Call us hither untill it be over as a Number of us have never had that Infection

#### Present as Before

His Excellency came into Council and having by the Secretary Required the Attendance of the House of Assembly The Speaker & House Attended when His Excellency was Pleased to make the following Speech to Both Houses.

Gentlemen of the Council & of the General Assembly

Upon the first Intelligence of a large Body of French Troops Laying Siege to Fort William Henry, and upon the Pressing Instances of the Government of New York, I thought it Necessary to Order the Colonels of the several Regiments of Militia to detach their Proportions of one thousand Men, agreeable to an Act of this Province passed the last Sessions, and Having appointed officers to Command them I directed them to Proceed to Albany in the Province of New York. While these Troops were Embarking and on their way I Received the further Intelligence of the Reduction of Fort William Henry, and that Fort Edward upon Hudsons River was Invested by the Enemy. Whereupon I called together His Majesty's Council and laid before them

the Eminent Dangers to which this and the Neighbouring Provinces were Exposed, by the Approach of a Numerous and Successfull Army; and by their Advice, I ordered a further Detachment of Three Thousand Men to be in Rediness to move in Case the Progress of the Enemy should make it Necessary; but I Can now Acquaint You that the french have contented themselves for the present with destroying the works at Fort William Henry, and are Retired; upon which the Troops that were sent from hence, are returned and the whole disbanded.

As Soon as I Received notice of the Approach of the Enemy by Letters from Lieutenant Governor Delancy, dated at Albany the 10<sup>th</sup> and 11<sup>th</sup> Instant which will be laid before you, I Called you together, that I might have your Advice and Assistance in the Measures such an Event would render Necessary; and think it my duty now to inform you that upon this Occasion the Militia Laws were found to be Very Insufficient to answer the Purpose of Affording Timely Assistance to our Neighbours or of Defending ourselves in Case of Need:

I Therefore Recommend those Laws to your Consideration that they may Receive Such alterations as may Enable me to use the force of this Province for the Security of this Part of His Majestys Dominions, without having Recourse to the Exercise of the Powers delegated to me by His Majestys Commission under the Great Seal; a Copy of a Clause in which will be laid before you.

Gentlemen of the General Assembly

The Expence that has attended the making these detachments will be laid Before you and I doubt not you will make provisions for the Payment thereof and such as may attend any further Measures of the like Kind. The Secretary will lay before you a Letter I have Received from Admiral Holborn dated at Hallifax the 10<sup>th</sup> Past by which you will observe that the Enemy are very strong in that Part of the world, and His Majesty's Fleet much weakened by sickness:

on which you will do what you think most for the Kings Service and for the Interest of this Colony.

Gentlemen of the Council and of the General Assembly

This Situation of affairs to the Eastward, and the Reason we Have to fear the Enemy will Renew their Attempts to the Northward are Really alarming, and Call on us for the Greatest Unanimity and Dispatch in those Measures that at this time may be thought necessary for advancing the Common Cause, and Securing these Colonies from Falling an Easy prey into the Hands of our Enemies.

"The Secretary will Lay before you a Letter I Received last night from General Webb, dated at Fort Edward the 12<sup>th</sup> day of this Instant Notifying to me that the Jersey Regiment were become Prisoners of War and under Articles not to Serve for the Space of Eighteen Months, & desiring the Province might furnish the Original Number the Regiment first Consisted of for the Future Service of this Campaign.

<sup>1</sup> The death of Governor Belcher took place on the 31st of August, 1757. The administration, of right, devolved upon John Reading, the first-named of the Councillors. His age and infirmities, however, were such, that he at first refused to act, and it was with the utmost reluctance that he was at last prevailed upon to assume the duties. For more than a month, the government was administered by the whole Council. See Field's Provincial Courts, 151.

<sup>1</sup> This appointment was made, for reasons that do not appear, during the absence of Mr. Morris in England. Mr. Aynsley lived, however, but a few months after taking his seat upon the bench. In November, 1759, one Nathaniel Jones arrived in Amboy, where a commission as Chief Justice of New Jersey awaited him. When, however, at the next term of the Supreme Court, he entered the halls of justice, he found his coveted seat occupied, as it had meantime returned to his home. A legal contest, thereupon, arose between the two claimants for the office, which resulted in the retention of his seat by Mr. Morris, during the remainder of his life, and the return to England of Mr. Jones.

Wrote a Letter to Henry Fisher Esq<sup>r</sup> one of the Com̄isioners for Providing for the Forces which were at Oswego to Furnish those Soldiers with Clothing Sufficient to Protect them against the Inclemencies of the weather and to give them Directions to Provide for Themselves by their Labour until the Legislature should Further Consider what was proper to be done with respect to Them.

He also informed the Board that he had Received a Letter from His Excellency the Earl of Loudown Dated the 15th Instant Whereby It appears that none of the Regulars could be expected to be Stationed on our Frontiers for their Protection and that there are Thirty of the Militia at the Frontiers who had already Staid a Longer Time than they were Draughted for.

The Board advise His Honour to Relieve by Another Draught as soon as may be Those that are already there.

A Message from the President by M<sup>r</sup> Secretary to Both Houses was Read and is as follows.

Gentlemen of the Council and of the General Assembly

When, Upon the Death of his Late Excellency Governor Belcher The Administration of the Government Devolved upon me, the Bodily Infirmities under which I Laboured, And the Advanced age it hath Pleased God to Favour me with, Rendered the Administration too Burthensome for me Chearfully to undertake, and my fear Lest the General Service should have suffered from my Inability to enter into Vigorous Measures were Reasons Very Cogent and forcible to determine Me to Shun an Active Life, And Nothing But the Obedience I owe to His Majestys Commands could have Prevailed on me to Assume the Reins of Government; in the Execution of which my duty my Interest and my Warmest Inclination will Lead me by Every Just and Prudent Measure, to Promote the Security of His Majestys American Dominions in General and the Peace Ease and Happiness of this Province in Particular, and I Hope for Your Aid & best Advice upon all Difficulties that May Occur in these Times of Uncommon Danger and Distress.

His Excellency Thomas Pownal Esq<sup>r</sup> Governor of Massachusetts Bay and Lieutenant Governor of this Province, being acquainted that the Government of this Colony was Unsettled Prompted by a Zeal for His Majesty's Service, Undertook a fatiguing Journey from Boston and Arrived here where he Found me in the Administration thereof, and did me the Favour to Assure me, that if any Extraordinary Matters Should Require more Vigorous Execution, than the Weak State of my body Should Enable me to Perform he would on the first Notice from me at a Moments Warning, repair here to the Aid and Service of the Province.

A Declaration so Tender in Respect to myself Demands my Sincerest Return of Gratitude, and in Respect to the Colony, Entitles him to their Greatest Esteem and regard: and I Must Recommend it to you to make a Generous Provision

for the Expenses of his Late Journey, and for Such as the Exigency of Affairs shall Make it Necessary for him to Undertake hereafter; and for the Support of the Commander in Chief of the Colony.

It was with Reluctance that you were Called together at a time when your Private Affairs Require More than Ordinary attendance; but the Distressed Situation of the Frontiers which is Represented to me by Letters from several of the Principal Inhabitants; and the Fitting out the One Hundred Rangers for His Majestys Service made Your Immediate Meeting of Absolute Necessity Notwithstanding the Parental Care the Legislature of this Colony have Shewn to the frontier Inhabitants, it Appears upon Tryal that the Forces Stationed there are Insufficient to Prevent the Ravages of the Enemy, nor need I to Expatiate upon the Calamities that would Follow if the Settlers above and about *Paoqualin*,<sup>1</sup> should be Terrified so as to Abandon their Improvements. these Letters the Secretary will Lay before you. You May assure yourselves that I shall Never Press an Useless Expense upon you; but Good Oeconomy dictates, that we Ought to Advance Freely when the Preservation of the whole is at Stake. I have wrote to His Excellency the Earl of Loudoun to procure a Company to Garrison Our Block Houses, & if his Lordship shall find it Convenient, to Spare them, our own Troops may be Profitably Employed in Scouting Parties.

My Bodily Disorders render it Impracticable for me to Attend your Present Meeting at Burlington, and as you may not Incline to go through More than what is Recommended to you, I Hope my Being here will not Occasion Much Delay. If you find it Convenient there will be a Necessity of Adjourning you to Trenton, which I will do on a Message to that Purpose. I am Thankfull to Heaven that there is an Appearance of my being Able Shortly to meet you at your Usual Places of Sitting. The Good Effects that this Colony

<sup>1</sup> Paaquarry, or Pahaquarry, in Warren county.

has Experienced from that Harmony and good Agreement which has Happily Subsisted between the Branches of the Legislature, will I Hope, Cement you in the Strongest Confidence and Concord for the General Benefit of the Community; and that Each House will Proceed with the Dispatch of what Properly is their Respective Business & Duty Agreeable to the Pressing Necessity.

His Honour Came into Council and having by the Secretary Commanded the Attendance of the House, they attended when his Honnour was Pleased to Make the Following Speech to both Houses

Gentlemen of the Council and of the General Assembly

Having the Honour of His Majestys Commands of the thirtieth day of December Last, Signified to me by the Right Honourable William Pitt Esq<sup>r</sup> One of His Majestys Principal Secretaries of State, It became my duty to Call you Immediately Together that you might by your Vigour and Dispatch, have the Oppurtunity of Shewing the Most Gratefull Return to his Majesty, for the Tender Concern he Manifests for His Loyal Subjects in this Part of his Dominions So far Removed from His Royal Presence. the Unex-  
 ampled Expençe Great Britain Chearfully Subjects herself to for the Security of these Colonies Demands the utmost Exertion of your force, to co-operate with the Kings Regular

Troops, for the reducing Enemies whose Sole View must Evidently be the Destruction of Your Liberty Property Civil and Religious Rights and Everything that is dear to you. Experience Shews you how destructive all delays are in Military Operations and that Every Year brings on a Load Greater than the former it is therefore Consistent with Prudence and good Oeconomy as well as your Duty to His Majesty by the Most Vigorous Efforts to Second the Kings Pious Intention for the future Security of the Colonies, under Providence the work of One Campaign. His Majesty has been Graciously Pleased in Order to Alleviate the Expence of the Colonies, to furnish the Provincial Troops with Arms Provisions and Camp Equipage and as a Signal Mark of His favour & Confidence to Establish a Rank for the Officers who shall Serve in those Levies, which I have Reason to Hope will Induce Gentlemen of Knowledge, and Influence to Enter into the Service and by their Example Infuse into the People a Love of their Country and a Willingness to Inlist and in the Desposition of the Commissions on this Occasion I assure you Merit shall be my Single View. As a further Inducement to the Colonys to make their Utmost Efforts, His Majesty has been Graciously Pleased to declare that Strong Recommendations shall be laid before the Parliament to grant a proper compensation for the Expence of the Colonies, According as their Active Vigour and Strenuous Efforts, shall Respectively Appear to Merit and on this Occasion, His Majesty has thought Proper, not to Limit the Ardour of any of His Colonys but, Justly Expects from Each as Large a Body of men as they are able to Raise on this Critical and Important Occasion M<sup>r</sup> Secretary Pitts Letter which demonstrates his Majesty's Care and affection for the Colonies shall be laid before you under the Confidence he is pleased to Express in it.

Gentlemen of the General Assembly.

As no time or Occasion has ever Happened in the Colonies wherein it became so Necessary to Involve your Country in

Expence I must Recommend it to you in the Most Fervent Manner to act with a Spirit and Resolution becoming a People who Esteem their Liberty of More Value than the Small Part of their Estate Requisite for the Maintenance of all the Men this Colony can Spare. I Have the Favour of a Letter from His Excellency Governour Pownall, informing me that the Colony of the Massachusetts have Voted Seven Thousand Men, and as Lieutenant Governor of this Colony, He Recomends this Extraordinary Service in the Strongest manner I am also favoured with a Letter from the Honourable James Delancy Esq Lieutenant Governor of New York and thereby am Acquainted that the Assembly of that Colony Have Voted Three Thousand Six Hundred and Eighty men, to be Raised for the Service of this Present year, as the Supplies of Money must Constitutionally arrise in Your House, you will Consider that the Raising a Sum inadequate to the Service will Cramp the Operations of this Colony and Loose the Reputation we have Justly Acquired in Preceeding Campaigns.

Gentlemen of the Council and General Assembly

The Secretary shall lay before you a Letter I Have Received from His Excellency General Abercrombie whom His Majesty has been Pleased to appoint Commander in Chief of his Troops in North America in the Room of the Earl of Loudoun, and with the Same Power and Authorities in Which he Recommends the Utmost Application and Dispatch in forming the Levies

I must Entreat you not to Suffer any Jealousy of the Conduct of the Other Colonies, [to] Enter into your Councils, but to Act for yourselves Independantly and detached from Every other Consideration that the Emergent Necessity of Securing to Yourselves and your Posterity the Happiness of Englishmen under the Administration of the best of Kings, who Has always had a Just Regard for the Liberties of His Subjects & has given the Most Evident Proofs that he Esteems his Happiness as Interwoven with that of His People, I must

Strongly Recommend it to you to fall upon the Speediest and Best Methods of Raising the Greatest Body of Troops this Colony can furnish, and in Case the Proposed Numbers should not be Voluntarily Inlisted within a Limited time by the Methods you Shall fall upon, that I Should be by a Law for that Purpose Enabled to Compel them, so that they may be ready in time to assist in the General Attempt of obtaining by force of Arms that Repose and Security, which Past Events Plainly Shew us we can Never by any other Method expect to Enjoy.

Colonel Peter Schuyler is now Here and has Considerable Arrearages & Demands; that Gentlemans Conduct has done Honour to the Colony and Entitles him to its Esteem and his humane Disposition which Extended to all his Captive Countrymen has Endearred him to America; I Shall Propose the Recommendation of his Affairs and those of Captain Shaw, who brought home the Troops who were Captivated by the Indians after the Surrender of Fort William Henry, and of the Troops returned by the way of Europe from Oswego untill you have taken Resolutions Respecting the Forces now to be raised, as that Consideration ought to be Paramount to every Other but doubt not but in the Course of this Session, their Particular Circumstances of which I shall Inform you will meet with due regard from you as well as the future Care of the Frontiers; which by the Blessing of Providence on the Vigilance of Our Troops, have been protected through the Winter; and a Quiet for a long time before unknown to the Upper Inhabitants, happily Preserved.

He also Reported that nothing but the Immediate Complying with his Majestys Order, Signified by the Secretary of States Letter, & the Inability of the Province to Comply with them in any Other way that would so Effectually answer the End, would have Prevailed upon the Committee to have Acquiesced in postponing the time of sinking the Bills of Credit, Struck by Virtue of the aforesaid Bill.

Ordered that the said Bill be Read a third time Which Being done

And on the Question

Resolved that the Same do Pass

Ordered that the Speaker do Sign the Same

Ordered that M<sup>r</sup> Kemble do acquaint the House of Assembly therewith.

M<sup>r</sup> Ashfield who dissented to the Bill Entituled an Act for augmenting the Regiment &c. Prays Leave to Enter the Reasons of his Dissent which are as follow

1<sup>st</sup> For that he thinks the Number of a Thousand, Not a Sufficient Proportion of the whole Number demanded from the Northern Colonies, but that the Regiment should have been Augmented to a number at Least Equal to what was allowed to be the proportion of this Colony at the Congress held at Albany, By the Commissioners from Several of the Colonys in 1754.

2<sup>d</sup> That the Appointing Commissioners, Paymaster &c By the said Bill is as he Conceives an Incroachment upon the Royal Prerogative, His Majesty by His Representative in this Colony, having the Sole and Undoubted right of Appointing all Officers.

3<sup>d</sup> That the Moneys appointed to be paid by the said Bill is to be upon Receipts from the Commissioners &c when all Publick Moneys ought to be paid out of the Treasury upon Warrants Signed by the Commander in Chief in Council Only.

4<sup>thly</sup> That the Commissioners &c are Accountable for Y<sup>e</sup> Moneys Laid out by them to the General Assembly, the Clauses relating to which are so worded As Shew Plainly that by the words *General Assembly* is meant the House of Representatives; when all Publick Moneys ought to be accounted for to the whole Legislative Body.

5<sup>thly</sup> For that tho' the Safety of the Colonies in General, and this in Particular may in the Present Scituation of Affairs, require an Emission of Paper Money; Yet he Conceives it does not by any Means require the Putting off the time for sinking the said paper Bills, so long as is done in the said Bill more Especially as the whole Credit of a Paper Currency depends upon its Sinking, which by being put off to a long day will he Conceives greatly Contribute to Lessen it's Value for which reasons and many Others he Conceives he Cannot in duty Consent to the Passing the said Bill.

M<sup>r</sup> Kemble Reported that he had Obeyed the Order of the House of Yesterday

His Honour applied to the Council, to advise him whether they think he may Venture to give his assent to the Bill for augmenting the Regiment &c. Considering His Majestys Royal Instructions and the Necessity there is at this time for the Colonies to Exert themselves.

Upon which the Council Concur that the same Reasons still subsist upon which they advised His late Excellency to Pass a Bill of the same Nature as appears by the Minutes of

Aprill 22<sup>d</sup> 1755 and as the Complying with His Majesty's Orders, Signified by M<sup>r</sup> Secretary Pitts Letter, is Absolutely Necessary for the Safety of the Colony and no more Effectual Method can be Thought of at Present to Answer the Ends proposed. They do advise him to Assent to it more Especially as the not doing it will at Present Greatly Obstruct His Majestys Service, As it is well Known that it is Highly Improbable if not Almost Impossible to bring the Assembly into a Compliance with the Orders in M<sup>r</sup> Pitts Letter by any Other Method.

His Honour Having by the Secretary informed the House of Assembly that he was in the Council Chamber ready to receive their Address.

The Speaker with the House attended and Delivered the following Address

To the Honourable John Reading Esq<sup>r</sup> President of His Majesty's Council and Commander in Chief of the Colony of New Jersey

The Humble address of the Representatives of the Colony of New Jersey in General Assembly Convened

We the Representatives of the Colony of New Jersey in General Assembly Convened, Gratefully Sensible of his Majesty's Paternal Care over his Dominions in North America, think ourselves bound in Duty to Observe, that we Esteem the Instance of it Communicated in Secretary Pitts Letter, a Proof thereof that Carries with it Evident Marks of Wisdom in the Planning and Every Promising method in the Execution, that a free People Would Naturally Expect from an Administration so deservedly Famed.

The Exacting Obedience from any Determinate Proposal from a People Willing and desirous to do their Utmost in a Cause that so Intimately Concerns them would in our opinion not Answer the design and would Essentially Vary from that Constitutional Method which has heretofore for many Generations Honourably Distinguished the English name

Exited by Duty to His Majesty the Preservation of our Country and the Constitutional Method in which we are Called upon to give our Assistance to the Common Cause, and in Confidence of His Majestys Gracious Assurance, we have now Augmented our Regiment to double the Usual Number; and tho this will be attended with an Extreame heavy Expence to a Young Country, already Greatly in debt as well through the Effect of Former Expeditions and Mis-carriages, & the Loss of Our Regiment in Two Successive Campaigns, as for the Purchase and Improvements of our Lands; We have the Satisfaction to Say we have done our Endeavour with Dispatch and Alacrity And when to these Considerations are added the Smallness of our Trade and Our Number of Inhabitants their Scattering Situation and Distance from Marketts, the Expence of our Frontiers, and Winter Quartering the Kings Forces, the Numbers of Inhabitants that are already enlisted among the Regulars, and others that are gone a Privateering, the Large Assistance other Provinces have had both in Money and Arms, in the last of which we have had no Assistance; Your Honour will Permit us to Say, we Cannot help being Surprised at Some Unneighbourly Misrepresentations to the Kings Generals

respecting our Abilities and Numbers that such must be the Case we think can want no further Evidence than the repeated fault which has been found with our Measures, tho' upon a fair and Just Estimate, we doubt not, that we shall be found to have done all that we Ever Gave Expectation of doing; and upon the Whole have Assisted at least Proportionably with our Neighbours, and now are Conscious that we have Acted up to His Majestys Expectations not doubting but this will Very Clearly Appear, to any that will Examine Particularly into our Circumstances. Before we have done with the Subject of our Regiment we Cannot Help remarking that we should have Esteemed both a Provincial favour and an Act of Humanity, if the Late General of the Kings forces had been Kind Enough to have used his Endeavors for the release of Colonel Schuyler That Gentlemans Attachment to His Majesty and Exertion of his Abilities in the Common Cause, we think deserved this Favour, and the Granting it could have had no Ill Effect that we Know of

With regard to the Horses mentioned by Sir John St Clair, we doubt not but they may be had readily at the Places he wants them, upon their being paid for as they are on the like occasions in England

The Other Matters Mentioned in Several of your Honour Messages we believe are Such as need not now have a Particular Answer

By Order of the House

ROBERT LAWRENCE Speaker

The House Mett Present  
as above

His Excellency came into Council and having by the Secretary required the Attendance of the House of Assembly. The Speaker and House attended when His Excellency was pleased to make the following Speech to both Houses

Gentlemen of the Council and Gentlemen of the General Assembly.

Having received his Majesty's Commands to Serve him in this high Office ; I reflect with great Pleasure that I am to preside over a Province that has given repeated Proofs of its Loyalty to the King and Affection to his Person and Government ; and Promise myself that whilst I am Endeavouring to follow the Example of my great Master by making the wellfare of his Subjects the Sole Object of my care, I shall receive from you all the Assistance which a gratefull People can give to the Government of the best of Kings.

The Excellence of the English Constitution consists in a due Ballance of its several Powers : For my Part I cannot more certainly recommend myself to my Royal Master by preserving the rights and Priviledges of the People, nor can you more effectually Serve the People than by Supporting the Power and Authority of the Crown.

Under such an union established in and directed by the Known Laws of our Country, I hope we shall be able to support and defend this Province in time of danger and to Cultivate and Adorn it when it shall please God to grant us Peace.

Upon my Arrival here I found the Frontiers of the Province infested with Indians ; As the President had before ordered some detachments of Militia to reinforce the frontier Guard, I with the advice of you Gentlemen of the Council Ordered a further Reinforcement ; but with a Very Sparing

Hand being apprised of the Inconvenience it must be to the Country to order men from their business at that time of the year, I have since relieved those that were first Ordered by fresh detachments from other Regiments that I might make this necessary Service as little Burthensome to particulars as possible.

As Soon as I had taken care of this necessary Business I went to Philadelphia at the desire of General Forbes and the Lieutenant Governor of that Province, to confer with them concerning the best means of Putting a Stop to these Irruptions and Preventing them for the future ; With their advice and the Approbation of all the Principal Persons of this Province that I had an Oppurtunity of consulting, I sent a Message<sup>1</sup> to the Minisink and Pompton Indians, which Message Together with their Answer shall be laid before you

Gentlemen of the General Assembly.

I Recommend to you to provide for the Expences already incurred in the Several Businesses which I have before mentioned and that in Estimating the Compensation to be made to those of the Militia who have served in the room of the Established Forces ; you will have regard to the time of year in which they were obliged to march. But I am Especially bound most Earnestly to desire that you would Effectually provide for the defence of the frontiers for the future ; Many of the Enemies you have to deal with are not known, or if Known at a great distance from you and if we can depend upon those with whom we Cultivate Peace there will yet remain many whose savage natures no acts of Friendship or Benevolence can civilize or reclaim ; you must therefore at all Events and at all times Consider your Frontier to be in a State of War, and as it is the Singular happiness of this Province that it is able to form an Impassable barrier against the Common Enemy Neglect not this Advantage, but establish Peace and Security on your Borders, and you will by the encrease of the Strenth and wealth of the Province ; which

<sup>1</sup> See N. J. Archives, IX., 125.

will Necessarily follow be amply repaid for the charge of defending it

Gentlemen of the Council & Gentlemen of the General Assembly.

I came among you with a Heart entirely devoted to the Service of this Country the care of which must now become my sole Business: And I trust my Assiduity and Integrity will most properly recommend me to your good Opinion, untill they are better Known to you than they can be at present. I must desire you to give me Credit for that Confidence which will be Necessary to Enable me to exert myself to the best purposes of your Service; And may the great God on Whom we must all depend for Success in our Undertakings so direct our Councils that they may be most Conducive to that Supreme of all Laws the Publick Safety.

May it Please your Excellency

We heartily Congratulate your Excellency on the safe Arrival of your self and Family into this Colony and thank you for your favourable Speech to both Houses delivered Yesteday and for the Justice your Excellency is pleased to do the Province in the Honourable mention you make of them therein.

Your endeavours of Imitating the Royal Conduct in Keeping up the Just Balance between the Prerogative of the Crown & Rights of the People will ever demand all the Assistance it is in our Power to afford to the Supporting & maintaining that Equilibrium so Essential to Ease and Happiness of the Government and the People

We heartily join in Opinion with your Excellency that altho Peace with the Indians should be Cultivated Yet as their Nations are numerous and Independant of each Other,

and as our Enemies the French are possessed of fortified Posts in their Country they will be able to prevail on a Number to continue Hostilities Sufficient to Keep our Frontiers in Continual Alarms and uneasiness and thereby prevent the Increase of Inhabitants there if not depopulate them unless Provision is made for their Security: The Legislature of this Province truly sensible of the Importance of that Post, have chearfully granted great Supplies for its defence and we make not the least doubt but the same Will be duly considered in this Session

Your Excellencys Vigilance and care of the Frontiers on your first Arrival and the tenderness you are pleased to express for those who in obedience to your Necessary Orders have Marched for their protection and Defence, your Assiduity and Application to the publick concerns, We esteem happy Presages of what the province may expect under your continued Administration and Justly Entitle you to that Credit and Confidence you are pleased to desire.

As the Affairs of Government must engross your Excellencys time and whole Attention which might Otherwise be profitably Employed we doubt not but that the same will be considered in the course of this Session and we Assure you that we shall Chearfully Assent to a provision for your Excellency Suitable to the dignity of that Station in which His Majesty has been pleased to place you.

JA HUDE Speaker

To which Address His Excellency was pleased to make the following Answer

Gentlemen

I am much obliged to you for this Instance of your Duty to His Majesty and your favourable Sentiments of me. It gives me great Pleasure to think that in the arduous Affairs of Government, I shall be Assisted with the Advice of Men of your Knowledge and Integrity; and I shall Endeavour to

deserve the good opinion you have Concieved of me by making the Wellfare of this Province the Chief Object of my Care

FRA : BERNARD

The Secretary by His Excellencys Order informed the House of Assembly that he was in the Council Chamber ready to receive their Address.

The Speaker and House of Assembly Attended and delivered an Address to His Excellency in the following Words.

May it Please your Excellency

We His Majestys dutiful and Loyal Subjects the Representatives of the Colony of New Jersey in General Assembly convened: beg Leave to Congratulate your Excellency on your Safe Arrival with your Lady and Family and in the Name of the Inhabitants of this Province to give the whole a hearty Welcome.

Among many recent proofs of Parental Regard, which the Provinces of North America have received from His Majesty the Appointment of your Excellency to be Our Governor in this time of common Difficulty, is a part which very much pleases such among us as have had an Oppurtunity of your Acquaintance.

Were your Excellencys Personal Qualifications unknown and you a Stranger, Yet your appointment to that honourable Station, Since the Late glorious Revival of British Wisdom and Spirit, would have been an Effectual recommendation to our Confidence, a part wherein we can very readily Credit your Excellency; but at the same time must beg a Mutual return and hope for the Continuance of your favourable Sentiments.

As the little time you have spent among us has given us an Oppurtunity to form Rational Prepossessions in your Excellencys Favour; permit us to say that as far as those may be allowed the Test of Futurity the united Calls of

Gratitude and Duty oblige us on this Occasion to every respectfull acknowledgement that a free People can pay to a Gracious Sovereign. As Such we shall take the several Matters recommended by your Excellency into Immediate consideration and do therein as we shall Apprehend may most conduce to that Supreme of all Laws the Publick Safety.

The Bill Entituled an Act for the further defence of the Frontiers &c was read a third time. And on the Question whether the same do pass

It is the unanimous opinion of the Board that it should pass. as the present Calamitous state of the Frontiers requires an immediate relief and there is no fund already Provided for that Purpose and the Circumstances of the Colony renders it Impracticable to raise in time a Sufficient Sum of money any other way to answer the ends proposed and from the repeated Conduct of the House of Representatives this Board is well Assured that any alteration or Amendment offered by the

Council to the said Bill will probably be a means of leaving the Frontiers unguarded and Consequently the Province in a defenceless State open to the depredations of a Cruel and merciless Enemy, they look upon it as dangerous to His Majestys Service and the Safety of the Colony to be against the said Bill at present. tho' the Objections are Strong and Numerous and the same that have heretofore been made to Bills passed for raising Money &c. against which the dissent of several of the Members of this Board appears in the Minutes of this House.

Therefore Resolved that the said Bill do pass

Ordered that the Speaker do Sign the same

Ordered that M<sup>r</sup> Woodruff do acquaint the House of Assembly therewith :

A Message from the House of Assembly as follows

Ordered that M<sup>r</sup> Stevens and M<sup>r</sup> Spicer do carry the Bill Entituled an Act to Empower Certain Persons to purchase the claims of the Indians to Lands in the Colony, to the Council for their Concurrence.

Which was read a first time and Ordered a Second reading  
The House Continued till 11 o Clock A M.

The House Met Present as before

The Bill Entituled an Act to Empower certain Persons to purchase the claims of the Indians to Lands in this Colony &c was read a Second time And on the question whether it be committed it was carried in the Negative.

And the question being put whether the said Bill be read a third time.

It was Carried in the Affirmative.

Which being done and on the question.

Resolved that the said Bill do pass.

Ordered that the Speaker do Sign the same.

Ordered that M<sup>r</sup> Ashfield do acquaint the House of Assembly therewith.

The House Continued till 2 o Clock P M. Present as before.

M<sup>r</sup> Ashfield reported he had obeyed the order of the House.

His Excellency came into Council and the Advertisement in the Publick Gazette Notifying to the Parties concerned, in the Banking of a part of the Marsh of Mannington Creek and all others, and the Application of the Parties to the Legislature for an Act for that purpose and the acknowledgement of the party opponent of the said Notice were read. And there being no Parish Church where Notice could be set up according to His Majesty's 17th Instruction It was agreed that the above was a sufficient notification of said Act.

A Message from the House of Assembly in the following Words.

Ordered that M<sup>r</sup> Hancock and M<sup>r</sup> Fisher do wait on the Council and desire to know if they have any Business before them; if not that this House proposes to apply to His Excellency to be dismissed.

To which the Council Answered that they had nothing before them to hinder their making Application to His Excellency for Dismission.

The House Continued until 4 o Clock P M.

Gentlemen

The dangerous situation in which the American Provinces are put by this Just and Necessary Warr, must make me very cautious of divesting myself of the Advice and Assistance of a General Assembly for an Interval in which Events may happen, that may make it most critically necessary for me to call you together: And as you have already sat for a Time Short of what many former Assemblies have been continued; I dont see that there is any Occasion at present for me to run such a Risk: But I will bear your Request in my Mind; and when I think that I can comply with it with safety to the Country, will embrace the Opportunity. I thank you for your care in Providing for the Support of His Majestys Government, and for your ready Dispatch of Such other Business as has come before you: And as this Season of the Year will make it very agreeable to you to return to your

Homes, I prorogue this General Assembly untill Thursday the Twelfth day of September next ensuing, to meet then at Perth Amboy.

His Excellency came into Council and having by the Secretary required the Attendance of the House of Assembly the Speaker and House Attended when his Excellency was pleased to make the following Speech to both Houses<sup>1</sup>

Gentlemen of the Council and Gentlemen of the General Assembly.

I have had the honour to have His Majestys commands Signified to me by M<sup>r</sup> Secretary Pitt; by which I am required to use my utmost endeavour to induce you to raise, with all possible dispatch at least as large a Body of Men as you did for the last campaign and as many more as the Number of the inhabitants of this Province may allow, to act in conjunction with His Majestys British Forces under the command of his commander in chief in America. I have therefore called you together as soon as I Possibly could; that you may take this great and Important business into your immediate Consideration

When we reflect upon the happy success that has lately attended his Majesty's Arms, we cannot Sufficiently Adore the divine Providence, The Justness of his cause and the steadiness and unanimity of his Councils have produced the desired effects; and have shown that France is not so formidable as her own insolence and the timidity of her neighbors have represented her.

In Europe by the extraordinary virtue of one Man, the great and glorious King of Prussia, Supported moderately

<sup>1</sup> Printed in N. J. Archives, IX., 159.

by Great Britain we have seen the whole land force of France, assisted as it has been by its unnatural alliance with most of the Germanic & Northern Powers, repulsed and kept at bay, by which lucky diversion whilst they have been defeated and disabled in those fields where they chose to exert their force they have rendered themselves defenseless in all other parts. Hence a Terror has been struck throughout their coasts, their fleets have been blocked up; their fortifications have been dismantled, and their Shipping has been destroyed in their own ports; and their trade has been ruined by the cutting off their communication with their Colonies abroad.

In Affrica they have lost the rich settlement of Sinegal in the West Indies, we have just received certain advice that the valuable Island of Guadaloupe has been taken by our forces. In North America their only fortress of any great strength fortified to the best advantage defended by a large garrison, and provided with all necessary stores has been obliged to submit to the British Arms. And tho' another expedition had not the Success that was expected yet that disappointment was almost immediately after retrieved by the taking of fort Frontinac, by a Detachment of Provincials: an event which, if it had produced no other advantage, than the change it has contributed to in the Minds of the neighboring Indians, is of the greatest importance

Nor have our negotiations in America been less successful than our Arms, at the Treaty of Easton (which was brought about by the wise measures of the Governor of Pennsylvania and in which this Province bore a considerable and honourable part) a firm peace has been concluded between the confederate Indians with Nations dependent on them, and the English; and all matters of difference between them have been amicably and fully adjusted. In consequence of which, by the prudent and steady conduct of Brigadier General Forbes, the French have been obliged to abandon the Country about the Ohio; and those very Indians who had hitherto Defended them in the possession of it, have received the English and

desired to be restored to that good friendship which they formerly had with them. We are also assured by them, that many Nations to the Westward and Southward of that Country intend to take this opportunity to put themselves under the Protection of the British Empire, some renewing and others now first commencing an Alliance with the English Nation.

Under those circumstances what have we not to hope for? the forces that were before necessarily divided may now be conveniently united; and the Subduer of Louisbourg<sup>1</sup> is to Command the Invasion of Canada. With this fair prospect before you, you wou'd be injurious to yourselves as well as ungreatfull to your King if you should not contribute all in your power to the Common cause.

Gentlemen of the General Assembly.

I shall order the letter I have receiv'd from M<sup>r</sup> Pitt<sup>2</sup> and from Major General Amherst to be laid before you, under the Confidence expressed in them that no unnecessary communication of the designations mentioned therein shall be made, I shall also communicate to you some extracts from other letters from General Amhurst; from all which you will perceive that it is expected that you will send into the field, this year a greater force than you did last: I must therefore earnestly recommend to you that if you think the circumstances of the Province will possibly admit of it, you will make an Addition to the Number of the forces granted by you Last year: I shall have other things to recommend to your consideration: but till you have formed your resolutions on this business, I shall not interrupt it with any lesser concerns

Gentlemen of the Council & Gentlemen of the General Assembly

I shou'd trifle with you if I was to endeavour to use any arts of persuasion on this subject; Your own breasts will

furnish you with more forcible arguments for exerting yourselves to the utmost of your Power at this critical time, than I can suggest; every motive that can influence the human mind to Action must incite you to this: Your honour your Interest your religion, your property; your present Safety and the preservation of your posterity. In short if you have a mind to have the freedom and independence of your Country to all future times the present is that, in which it must be Effected

<sup>1</sup> Printed in N. J. Archives, IX., 162.

To his Excellency Francis Bernard Esq<sup>r</sup> Captain General & Governor in chief in and over his Majestys Province of New Jersey & Territories thereon Depending in America Chancellor & Vice Admiral in the Same &c

May it Please your Excellency

We His Majesty's dutifull and Loyal Subjects the Representatives of the Colony of New Jersey in General Assembly convened have taken M<sup>r</sup> Secretary Pitts Letter into Consideraçon and in pursuance of the methods proposed have without Loss of time gone through the Necessary measures for compleating the Levies with all the expedition that the Nature of the Case seems to require

We Concur with your Excellency that the happy Success which has lately attended His Majesty's Arms is a Sufficient Cause to adore the Divine Providence. Those who can soon forget the Difference between the Situation of things now and but a little time past must let very distinguishing Turns of Superior direction soon escape their Notice, and but unthankfully receive the blessings that infinite Wisdom has been pleased to render very Conspicuous among our fellow Subjects of the English Nation, A memento that to a Considerate mind is not less extraordinary in its Nature, than it is a Standing Obligation to Vigilance & Gratitude.

When we reflect upon the late happy change, as restricted to Indian affairs the part your Excellency bore in the promoting and afterwards in the happy execution of the Treaty at Easton,<sup>1</sup> and this tho' almost one of the first Acts of your Government, and against very Popular prejudices, we must Acknowledge your Excellency is entitled to the thanks of the Public: The event has proved the wisdom of the action, and we hope the Success will Still continue to evince its utility.

As it was but just to repair an oversight respecting Indian purchases in this Province, if any such there were; we cannot therefore but approve of your Excellencys Conduct in

conjunction with the Commissioners for Indian affairs, and with Pleasure reflect that whatever Omissions there may have formerly been, the same are now compleatly Supplied And the whole Province (except a small claim of Tatamies and Such land as the Indians hold by English Titles in the manner comon to all Freeholders) entirely exempted from Indian Claims both to our and their full Satisfaction

Gentlemen of the Council & Gentlemen of the General Assembly.

I thank you for the Speedy dispatch of this important business: The readiness and unanimity with which you have proceeded therein are manifest proofs of your duty to the King and Zeal for his Service. I am Sensible that the Proportion of your Contribution to the common cause ought not to be reckoned by the Number of your forces only, The manner in which you Cloath and furnish them and the Punctuality with which you compleat your Numbers (in both which you exceed almost all other Colonies) make your Men both more expensive and more Servicable; And the large Sums you are obliged to raise for this Purpose will, I hope Sufficiently prove that your efforts on this Occasion are the greatest that you think the circumstances of the Province will bear, In this light I shall represent you to Such of his Majesty's Ministers as I shall have the honour to write to

Gentlemen of the general Assembly

When I spoke to you at the opening of this Session, I told you, that as soon as you had formed your resolutions on this business I shou'd have other things to recommend to you. Accordingly I now propose to you to Consider of the Keeping up your frontier guard, the Provision for which will expire on the 21<sup>st</sup> of May next. It is a business that ought to be well weighed: on the one hand, there is, to all appearance a perfect Peace with the Indians in that Neighbourhood; and those at a distance have given Strong assurances of their

<sup>1</sup>Printed in N. J. Archives, IX., 163.

intentions to live in friendship with the English. On the other hand you Know very well that those professions, however Sincere when they are made, are not always to be depended upon in their Consequences. Trifling Causes; a misunderstanding with our people on the frontiers, a false report circulated with credit, a little advantage gained over us by the french or too quick a Progress in our advantages over them have at different times Occasioned the Indians to invade our frontiers when we have been lulled into a fatal Security trusting to the Sincerity of friendly professions and the faith of Solemn Treaties. You will therefore consider well whether it be advisable to leave the frontiers entirely defenceless. However I shall think it Proper at this particular time to disband the whole frontier guard: and if you shall think it Necessary to Keep a guard on the frontiers they will be easily raised after the regiment is sent into the field.

Another thing I have to recomend to you is to consider of some means to carry on a trade with the Neighbouring Indians. I have been assured by those that are well acquainted with Indian affairs that the firmest peace you can make with them will not be durable, unless you keep up an intercourse with them to their advantage: and this is to be effected best by Trade which may be made to turn to your Advantage also. This Trade should be public and not private as the latter by its selfish and unconscionable conduct, frequently does more harm than good. This public Trade may be either Managed by Commissioners on account of the Province or by an incorporate Company with a joint Stock with an exclusion of private traders, in either case the Trading House should be fortified and garrisoned as well to prevent surprise as to command respect. This shou'd be done at the Charge of the province and in one case may be considered as part of the expenses of the Trade, in the other as a bounty for the encouragement of it. Besides the Securing the Affections of the Indians, other benefits must accrue to the Province from the introduction of a new

branch of trade into it. This province is well Situated for all the Purposes of commerce but at present wants both private Spirit and publick incouragement. For which reason I must further recommend to you that if you should determine to establish this trade you would make it one of the Terms of it that after a certain time all imports and exports thereof from and to great Britain shall as much as possible be made directly and immediately to and from some port of this Province

Gentlemen

It gives me great pleasure to find that my Service has been so acceptable to you and your constituents. I must not expect that my Endeavours for the public good will often have such great consequences as the Negotiations at Easton produced. But I hope I shall act with the same Spirit attention and industry in all other Public business as I did at that: and tho' Success is not to be Commanded I shall always endeavour to Deserve it.

M<sup>r</sup> Ashfield from the Committee to whom the Bill entituled an Act for continuing several Acts of the general Assembly of this Colony which will expire at the end of this present Sessions by their own Limitation reported the same without any amendment.

May it please your Excellency.

We the Representatives of New Jersey, in General Assembly conven'd with the Rest of His Majesty's dutifull Subjects nearly affected by the decease of our late Gracious

Sovereign, beg leave to Mention it with the Sincerest Condolence, his distant Subjects felt in the Influence of his Virtues, We gratefully commemorate his Mild and benevolent Reign: And animated by the Prospect of the same being Continued in His Royal House, Most heartily Congratulate his Present Majesty's Accession to the Throne of His Ancestors, whose acknowledged Virtues as your Excellency justly Remarks, forbode us happiness, and have been received with Universal Exultation of Joy and Gratitude.

Tho' we differ in Opinion with your Excellency, that our Taxes bear no Shadow of Proportion to the Augmented Prices of our Commodities, Yet as the Management and Success of the present War, Afford the glorious Prospect of future Ease and Quiet, we do not Repine, tho' our Debt is great, and we are exposed to Extreme Difficulties Respecting Common Labour. Under these Considerations, we hope the Additional Assistance we have now given to the Common Cause, May yield full Satisfaction, and intitle us to the future favour of His Majesty.

By order of the House SAMUEL NEVILL Speaker

To which His Excellency gave the following Answer.

M<sup>r</sup> Speaker, and Gentlemen of the House of Representatives,

I return you many thanks for your Address, and Sincerely Wish, that the Aid you have given, may be Acceptable. To Deserve His Majesty's favour, Gentlemen, is the most Certain Means of procuring it.

I have done everything in My power upon this Occasion, that my duty to the Crown requires; my Regard for you now Prompts me to Set your Conduct in as favourable a Light as I Can, Consistent with the Real Truth, and you will not do me Justice if you doubt my being at all times Sollicitous for your Credit and Reputation. I shall now, Gentlemen, detain you no longer from your Domestick Concerns, but prorogue this Assembly to the fourth day of May next, then to meet at Burlington.

His Excellency Informed the board that it had been Represented to him by the Justices and Practicers in the

Supreme Court that Some Doubts had Arisen Concerning the Validity of the Ordinance Issued in the Reign of his Late Majesty for Constituting that Court and Establishing its powers and Jurisdictions whether the same Expired on the Demise of his said Late Majesty and that such doubts would Interrupt the Course of Justice and Therefore they Prayed him to Issue an Ordinance for the Continuance of the Supreme Court, and he desired the advice and opinion of the Council therein.

The Council taking the same into Consideration do Advise His Excellency to Issue the Ordinance accordingly.

And the Council further Considering that the Ordinances for Establishing the County Courts for holding of pleas in all the Countys in this Colony must stand upon the same footing and that the proceeding in them would be affected by the same doubts Do advise His Excellency to Issue a General Ordinance for Establishing them agreeable to the powers and Jurisdictions they have heretofore Exercised and to meet at the same times that they of late have done.

His Excellency proposed to the Board Garret Garretse, Peter Peterson and Michael Vreelandt jun<sup>r</sup> of Acquacanank & Anree Dow of Second River to be Justices of the Peace for Essex County and that Michael Vreelandt be of the Quorum.

Whereupon the Council Advised his Excellency to appoint the three first named whenever he should think proper to Issue a new Commission for that County it appearing that part of the County where they Reside is not Sufficiently Supplied with Justices but as that is not Supposed to be the Case at Second River there does not appear to them to be a Necessity of Appointing Anree Dow.

His Excellency proposed Stephen Crane Esq<sup>r</sup> as a Judge of the Pleas for the same County to which the Council Assented.

After which His Excellency was pleased to sign the following Warrants.

The House Mett. Present as before

His Excellency Came into Council & having by the Secretary required the Attendance of the House of Assembly they attended when His Excellency was pleased to make the following Speech to both Houses.

Gentlemen of the Council

Mr Speaker of the House of Representatives

A Punctual Attendance when summoned to meet, is as much your Duty, as to meet at all, and if each person instead of paying an Exact Regard to a Legal Call, will Judge for himself when his presence may be Requisite, it's plain Gentlemen we may be Exposed to as much Uncertainty, as

there is Difference in the Opinions of so many Individuals as form the Legislature of this Province; My own time I Devote with Pleasure to the publick, for your Convenience I Represent this, and Request you to Esteem yourselves of more Consequence, than to Suppose it a Matter of mere Indifference, whether your Deliberations are Postponed or not.

At your last Sessions for very Essential Reasons, no less than the Security of His Majesty's Conquests in North America and the Accelerating a Peace on Terms of Glory, & Advantage you were Induced Gentl<sup>n</sup> to pass a Bill for Raising six hundred men, and under the disadvantages of the Increase of Bounty to Soldiers in a Neighbouring Province, and the Diminution of it in ours, I have the Satisfaction to inform you, that your Numbers have been very Near Completed. But in a letter from General Amherst dated at Albany the 15<sup>th</sup> June, he Observes, that the time Limited for our Regiments Serving will Expire, before it is possible for the Regular Forces to be Employed, in the Important and Intended Expedition, Can Return to Relieve them, and that a small body of men will be Absolutely Necessary for the Protection of the Several Forts and Country in general. I have Called you therefore Gentlemen as Expeditiously as I Could, in order to Recommend to you the Providing for the Continuance of Sixty four men a Captain & a Lieutenant, being your proportion agreeable to the numbers Required of the Several Colonies for this Essential Service & I am Impowar'd by the General to Assure you your Troops shall not be detained one day longer in the Service than is Absolutely Requisite.

I shall neither Insult your Zeal or Judgments with an Unnecessary Display of Arguments the Season and Measure both Require Expedition, and as the necessity of this is Undeniable, I Could wish you to Entitle your selves Not only to the Merit of an Assent but of an Immediate one.

His Excellency Came into Council & having by the Secretary Informed the House of Assembly that he was Ready to Receive their address

The Speaker and House of Representatives Attended & Delivered their Address in the following Words.<sup>1</sup>

*May it please your Excellency,*

We, His Majestys Dutiful and Loyal Subjects, the Representatives of of New Jersey, in General Assembly Conven'd without delay, have Taken into Consideration the providing for a Number of men to be Inlisted, pursuant to the Expectation of His Excellency General Amherst, and done therein according to his desire, in Confidence of their being Discharged at the time Limited.

Tho' we Could not be sufficiently Assured, that the Number we provided for last Spring, Considering the Extream Scarcity of men among us, Could be Raised, it is with pleasure we now Receive the Information your Excellency has given us, that the Regiment is no<sup>2</sup> near Compleated. We have not in the Course of this War been Remarkable for Deficiencies; We Entered into the Service with the View of giving our best Assistance, and with hopes of future Security, we have, tho' deeply in Debt, Continued our Endeavours: And as the Salutary prospect of a General peace Seems at Hand, Notwithstanding we have had, and must hereafter struggle with heavy Taxes, when the Important point of Security against French Perfidy and Savage Cruelty, is Obtained, We doubt

not of their being paid with Chearfulness, and the Occasion Retained with grateful Admiration.

If Common Report may be Credited, this is likely to be the Last Address to your Excellency; unsolicited by any Applications, It may, we presume, be Unexpected; yet permit us to Remark, That as we have asked nothing of you unbecoming his Majesty's Representative to grant, You have Refused us nothing we have Asked. If it is Honourable to distinguish an Administration, not only unsullied, but publicly kind and benevolent, such an Administration as yours Demands our grateful acknowledgments; The Shortness of the time you have been among us is an Objection not in our power to Remedy; on your Successor therefore must Remain our further hopes, whom we shall be happy to find Equally Succeeding to our Wishes.

By order of the House

Burlington July 7<sup>th</sup> 1761. SAMUEL NEVILL Speaker

To which His Excellency Returned the following Answer<sup>1</sup>

Gentlemen,

You have given a fresh Instance of your Duty to the Crown, and Readiness to Promote His Majestys Measures by so Chearful and Speedy Compliance with General Amherst's Requisition nor will your Confidence be Abused

A Common Report Gentlemen has been productive of a very kind Compliment to me, I have discharged my duty faithfully, and am particularly happy that a Conduct which I have pursued without Difficulty should be looked upon by you with Approbation.

M<sup>r</sup> Ashfield reported that he had waited on the Governor who was pleased to say he would come into Council immediately

His Excellency came into council and having by the Secretary required the Attendance of the House of Assembly The House of Assembly attended accordingly when his Excellency was pleased to make the following Speech to both Houses.

Gentlemen of the Council, and Gentlemen of the General Assembly

His Majesty having honor'd me with his Commission to serve him as Governor of this Province<sup>1</sup> I cannot help expressing my particular satisfaction to be placed at the head of a people whose conduct in the course of this War has manifested a zeal for his Majestys Service and deservedly received the Royal Approbation from the success of his Majestys Arms in all quarters of the World and the wisdom of his Councils we have the greatest reason to expect that this just necessary and glorious War will terminate in a peace honorable to Great Britain, secure and permanent to his Majestys Allies and particularly advantageous to these Colonies.

I come into this country Gentlemen with a disposition much inclined to Harmony and esteem it a particular happiness to be appointed to this high Station by a King whose principal View is to promote the welfare of his People. Gratitude to my Sovereign and my own Inclinations lead to consider your happiness as one of the great Objects of my care and at the same time that my Station requires from me a Strenuous exertion of his Majestys Royal Prerogative yet you may be assured that your Rights and Privileges will be always with me sacred and inviolable

<sup>1</sup> Josiah Hardy was appointed Governor of New Jersey April 14th, 1761. He did not supersede Gov. Boone until October 30th of the same year.

As I have nothing at present from his Majesty's Ministers to lay before you and my residence here has been too short to Enable me to enter into any particulars relative to the Province I shall content myself with recommending unanimity and dispatch in any Measures you may in the course of this Sessions think it necessary to propose

Gentlemen of the General Assembly

Altho the Act for the support of Government continues in force till May next yet it makes provision for only some of the Officers of Government I must recommend that matter to your consideration and need not repeat what his Majesty orders me to propose to you on that head by the 23<sup>rd</sup> Article of his Instructions as I observe that Instruction is entered in your Journal, the early proofs we have of his Majestys Paternal Affection demand an entire confidence from all his Subjects, And when we consider the Blessings we have a prospect of enjoying under his Auspicious reign I make no doubt but you will take every opportunity of shewing your gratitude to the best of Kings by constant instances of Duty fidelity and Loyalty.

Gentlemen of the Council and Gentlemen of the General Assembly

As I am persuaded that Harmony among the three branches of the Legislature is the sure means of securing the Welfare of the Publick so you may depend that I shall most readily Join in my endeavours with yours in every Measure that tends either to promote his Majestys service or the good of the Province, and I please myself with the hope that with your Assistance my Administration will be rendered beneficial to the People

His Excellency Informed the Board that he should pursuant to his Majestys orders to him, publish His Majestys said Declaration of War, to Morrow, in this Town, and that he had Ordered the Militia of this County to attend the said Publication.

His Excellency laid before the Board a Letter from Sir Jeffery Amherst dated at New York the second Instant Informing him that his Majesty had Commanded a Detachment of Regulars & Provincials to be Embarked from New York on an Expedition of the Utmost Importance, That he had in pursuance of these Orders fixed upon the Number of Provincials to be Employed on that Service, And requiring Two hundred & Seven men with one Field Officer Two Captains and other Officers in Proportion to that Number, to

be formed Immediately from the Quota now raising in this province, And to be sent to New York the place appointed for their Rendezvous, furnished in the usual manner.

His Excellency acquainted the Board that by the Returns made to him by the Recruiting officers he found that upward of five hundred & fifty men were Already raised, from which he proposed to Detach the number demanded by the General, but as the Act for raising the Regiment made provision only for one field officer and this Detachment made Two necessary, he desired the Opinion of the Board Whether he should Call the Assembly, or what should be done. Whereupon the Board Advised his Excellency to appoint a Field Officer for the Command of the Detachment & make no doubt but the Assembly would make provision for him when they meet, but think it will be Improper for his Excellency to call the Assembly for that particular purpose.

His Excellency Laid before the Board his Majestys Order in Council of the second of January last, which was read and is as follows.

Robert Hunter Morris Esq<sup>r</sup>

The Right Hon<sup>ble</sup> Earl of Stirling

Charles Read Esq<sup>r</sup>

His Excellency came into Council and having required the Attendance of the House of Assembly the Speaker and House attended when his Excell<sup>y</sup> was pleased to make the following Speech

Gentlemen of the Council and Gentlemen of the General Assembly

Having His Majestys Command signified to me by the Earl of Egremont to use my utmost endeavours and influence, to induce you to raise the same number of Men which was required of you for the last Campaign to be formed into a Regiment and to Act in North America under the orders of the Commander in Chief of his Majestys Forces: I have lost no time in calling you together to recommend this matter to your serious considerations.

His Majestys good dispositions for restoring the Publick Tranquility, have been manifested to all Europe, but through the insincerity and chicane of our Inveterate Enemys, a Negociation, which it was hoped would have ended in a Peace, glorious and advantageous to the British Crown and Dominions is now broken off, and that event so much to be desired seems for the present at a distance; His Majesty therefore finds himself under the necessity of making use of the means Divine Providence has put into his hands, to maintain and support the Dignity of the Crown, and to pursue

such Vigorous measures in the prosecution of the War, as may be productive of those Blessings to his People which his Majesty has so much at heart.

In order to accomplish the great designs that are to [be] put in Execution this Year, it is essential to provide for the safety of his Majestys Dominions as likewise of those acquired by conquest in North America, His Majesty has therefore thought it proper to require the Assistance of his several Provinces for this important service. I cannot think it necessary to use any Arguments to animate your Zeal on this occasion, as I am persuaded your duty to the best of Kings and the regard you owe to yourselves in the preservation of your present, as well as future Security, will be sufficient incitements, to influence you to an immediate compliance with His Majestys commands.

Gentlemen of the General Assembly

I have Ordered the Earl of Egremonts Letter to be laid before you which I hope you will consider with due Attention you will therein see on what Conditions His Majesty expects your Assistance, and that strong recommendations will be made in Parliament, to grant a proper compensation for much Expences incurred by the respective Provinces according as their Active vigour and Strenuous efforts shall justly appear to merit, You will likewise observe in one of the Letters from the Secretary of State that I have His Majestys Commands, to lay before you the absolute necessity there is at this critical time of recruiting the Regular Regiments with all convenient expedition in the several Provinces, in such Proportions from each as shall be demanded by his Commander in Chief of his Forces I have received two Letters from Sir Jeffry Amherst which shall be communicated to you he therein so clearly explains every circumstance relative to this Measure that it must be needless for me to add anything more on the Subject. I shall only earnestly recommend your ready compliance with his Majestys

Demand and by exerting a true British Spirit on this laudable occasion shew yourselves worthy of His Majestys future favour.

Gentlemen of the Council and Gentlemen of the General Assembly

To His Excellency Josiah Hardy Esq<sup>r</sup> Captain General and Commander in Chief in and over his Majestys Province of Nova Cæsaria or New Jersey and Territories therein depending in America Chancellor and Vice Admiral of the same &c

May it please your Excellency

We his Majestys dutiful and Royal Subjects the Representatives of the Province of New Jersey recollecting with gratitude the Favors received through His Majestys Personal care over us have now without loss of time gone into the Measures proposed for assisting the Common Cause so far as to agree upon the raising a Provincial Regiment of Six hundred and Sixty six effective effective Men after former exertions of this sort we are sensible the difficulties of raising them will be great; but from your Excellencys Abilities in the Service we are in hopes that they will be compleated that the Honour of the Government in Realizing the expectations they give may suffer no dimunition, and his Majestys Service no injury

We have already informed your Excellency by Message that it is with great reluctance we find our present peculiar Circumstances respecting the scarcity of Men to lay us under the necessity of not coming into the Requisition for recruiting

the Regular Forces, and as we cannot go into both the measures proposed we have complied with the most important; that the Province under such discouragement is not able to go farther than raising the Provincial Regiment, We hope the reasons we have before given will Evidence, and that our necessities will not subject us to any loss of Reputation, in a case which throughout the preceding Campaigns hath been pursued by this province with invariable zeal and Sollicitude

By order of the House

SAMUEL NEVILL Speaker

To which His Excellency was pleased to give the following Answer

Gentlemen of the General Assembly

I thank you for this Address, and for what you have done in consequence of His Majestys Requisition for the Provincial Regiment. I shall do everything in my Power to forward the raising the Men for this Service: I will not detain you any longer at this Season from your own concerns, but prorogue this General Assembly to Tuesday the sixth day of April next then to meet at Amboy and they are prorogued accordingly

His Excellency came into Council and having by the Secretary required the Attendance of the House of Assembly the Speaker with the House attended when His Excell<sup>y</sup> made the following Speech to both Houses.

Gentlemen of the Council and Gentlemen of the General Assembly

Your being called together so soon after your late Sessions is occasioned by a Letter I have received from Sir Jeffry Amherst wherein he requests me once more to represent to you the necessity of complying with his Majestys Requisition for your Quota of Men for filling up the Regular Troops; This measure from our being engaged in a War with Spain becomes more necessary than ever, and if not complied with must be attended with very bad consequences, more especially at this critical Juncture, when your duty to his Majesty calls for the utmost exertion of your Power, not only for supporting the Honor and dignity of his Crown but to render ineffectual the Perfidious designs of our Enemys whose Views evidently tend to the destruction of our Liberty Property and everything that ought to be dear to you

I must therefore Earnestly recommend your giving this matter a serious consideration, when I make no doubt it will appear to you in such a light that your resolutions thereon will be perfectly consistent with that Zeal for his Majestys Service which has hitherto been manifested in this Province.

It is with the greatest pleasure that I congratulate you on

the Success of his Majestys Arms in the intire reduction of the Island of Martinique and its dependencies, a Conquest the more glorious as it has been accomplished with the loss of so few of our fellow Subjects. We cannot be sufficiently thankful to Divine providence who has hitherto so remarkably supported the justice of our Cause, let us hope he will continue his Blessing on our future endeavours, and that he will in his good time dispose our Enemys to accept such just and reasonable terms of peace as may be consistent with the safety of all his Majestys Dominions

Gentlemen of the General Assembly

I have the satisfaction to acquaint you that the Levies for the Provincial Regiment are compleated but as the Service in which they are to be employed will require another Field Officer I must request you will provide the necessary Pay on this occasion. I have ordered Sir Jeffry Amherst's Letter to be laid before you and as I now cannot suppose you will make any difficulty of complying with the Kings Requisition, I shall only recommend your being as expeditious as possible in granting the proper encouragement for raising the Number of Men demanded, that his Majestys Service may meet with no unnecessary delay

Sir

Since my Letter of the 29<sup>th</sup> I have been Assured that the people of Pennsylvania are Shipping off Provisions by the Delaware River from the Jersey Shore, I must therefore desire you will be pleased to lay an immediate Embargo on all the parts within your Province, that an effectual Stop may be put to the Exportation of any Provisions from Either of the Provinces, but such as are purchased for the Crown, agreeable to my Letter of the 15<sup>th</sup> April.

I am with great Regard,

Sir, your most Obed<sup>t</sup> H<sup>ble</sup>

Serv<sup>t</sup> JEFF: AMHERST

Whereupon his Excellency Desired the Opinion and Advice of the Board, whether it would not be proper to Issue a proclamation for an Embargo to be laid in Conformity to said Letter, Upon which and a late Letter from S<sup>r</sup> Jeffery, to His Excellency, to the same purport, the Council Do advise that His Excellency do Issue the following Proclamation.

Whereas From the Information I have Received I have great Reason to believe that there is a Design to Supply the Enemy with Provisions from Some of the Ports in this Province, and as large Quantitys of provisions are Wanted for his Majestys Service, I have thought fit by the Advice of His Majestys Council to Lay And I do hereby lay a Prohibition and Embargo on all Ships or Vessels Laden or to be Laden with Provisions and Clearing out from any of the Ports or places in New Jersey Excepting such Ships or Vessels as shall be Laden and Employed in His Majestys Service, And Excepting the Boats & Shallops Carrying Common Produce to the New York and Philadelphia Marketts: And I do hereby Order and Direct the Collectors of his Majestys Customs and Naval Officers of the Several Ports within this Province to be Vigilant and Carefull that this Proclamation be duly Obeyed: And all his Majestys

Leige Subjects are hereby Strictly Charged and Commanded to be aiding and assisting to the Collectors and Naval officers in the discharge of their Respective Duties as they will Answer the Contrary at their Peril.

Given under my hand and Seal at Arms, in Council, at Perth Amboy, in New Jersey, the fifth day of June in the year of our Lord One Thousand Seven Hundred and Sixty two.

Present

His Excellency Josiah Hardy Esq<sup>r</sup>

The Honb<sup>le</sup> Robert Hunter Morris } Esq<sup>rs</sup>  
David Ogden }

The Right Honb<sup>le</sup> William Earl of Stirling

His Excellency laid before the Board a Letter from Sr Jeffry Amherst dated at New York the 4<sup>th</sup> of August 1762. which was read and is as follows.

Sir

The great and Important Services on which His Majesty's Regular Troops are now Employed And the uncertainty of their Return Rendering it Absolutely Necessary that Provision should be made in time for Garrisoning the Several Posts on this Continent during the Winter I must Request that you will Take the Earliest Opportunity of moving your Assembly to Provide for Continuing in pay the same Number of Troops that Remained during the last Winter Viz: one Company Consisting of a Captain, Subaltern, and sixty-four men; and that you will be pleased to Enforce the Necessity of Complying with this Requisition, with such Arguments

as your Zeal for his Majestys Honour, and the good of the Colonies, will Naturally Suggest to you.

I must Observe that the sooner the Necessary Provision is made, and the orders given for the Re-Enlisting the men, the Service will Reap the greater Advantages, And I Shall be the better Enabled to send home the others, who are not to remain, before the Rigourous Season Sets in.

In the above Numbers, no part of the Detachment on the Expedition, is to be Reckoned, as I make no doubt but the Service will Admit of their Return, before the Expiration of their time: And what I now require, is Entirely for the Protection of the Frontiers, and Keeping up the Necessary Communication through the Country.

I Cannot help taking Notice on this Occasion, how little has been done by the Province of New Jersey towards Raising the Recruits for the Regular Corps; which Measure, if heartily Entered into by all the Colonies, might have been a great Means of not only Enabling His Majesty to push the War with more Vigour, but would in the End, have Eased the Provinces Perhaps of Part of this very great Expense that I am now Obligated to put them to.

The Backwardness discovered in your Province, in this Particular, I must own, In my Opinion, Cannot fail of Incurring His Majestys Displeasure, and therefore I would fain flatter myself that some Effectual Methods will yet be fallen upon for Complying with the Kings Demands, and furnishing the Quota required: If it was Necessary when first made, of which there Can be no doubt, It is Certainly much more so now, that so many of the Regiments who are on Actual Service, must Necessarily be thinned by the Chance of War, and the Change of the Climate where they are Employed, And I must add that the Non Compliance of your Province and some of the other Colonies, in furnishing the Quota Required, will, I fear, not only Retard, but Obstruct the future Operations which were Intended to be Carried on, in these parts, for Distressing the Enemy, so as to Reduce them to

Accept of a Peace, Glorious to His Majestys Arms, and Advantageous to his Subjects in General

I am, with great Regard,

Sir,

Your most Obedient

Humble Servant

JEFF: AMHERST

Whereupon His Excellency Desired the Opinion and Advice of the Board, whether it would not be proper to Call the Assembly on the Matters Contained in said Letter, And at what time and place it would be proper for them to meet.

On which the Council Advise His Excellency to Summon the General Assembly to meet at Burlington on Tuesday the fourteenth day of September next. His Excellency accordingly ordered that the Secretary do Write Circular Letters to the Members of the Council and Assembly to meet accordingly.

His Excellency was also pleased to order that a Proclamation be prepared for prorogueing the General Assembly from the twenty sixth day of this Instant August, the day to which they at present stand Prorogued, to the said Fourteenth day of September, then to meet at Burlington.

His Excellency Came into Council and having by the Secretary Required the Attendance of the House of Assembly The Speaker and the House attended When His Excellency made the following Speech to both Houses.

Gentlemen of the Council and Gentlemen of the General Assembly

I have Called you together rather Earlier than I Intended to Communicate to you the Contents of a Letter I have received from His Excellency Sir Jeffry Amherst<sup>1</sup> dated the 4<sup>th</sup> of last month wherein he Observes that the Important Services on which His Majestys Regular Troops are now employed and the uncertainty of their return, Renders it

<sup>1</sup> See *ante* page 315.

absolutely Necessary, that provision should be made for Garrisoning the Several posts on this Continent during the Winter This provision must be made by the several Colonies and it is indeed the more Necessary now, as the greatest part of the Troops that are returned into this Country are by hard Service and Sickness very unfit for duty, and it must be some time before they are recovered.

I must therefore, Gentlemen, earnestly recommend your Continuing in pay, one Company consisting of a Captain a Subaltern and sixty four men being the same Number you Provided last year. I shall not Attempt to make Use of any persuasive Arguments to Convince you of the Necessity of this Measure, the Readiness you have hitherto Manifested in Assisting the Common Cause, gives me the Strongest Assurance of your Compliance with it

It would have been a great Satisfaction to me if I could have Informed you that the provision you made at your last Sessions for Recruiting the Regular Corps had been attended with better Success, but, I am sorry to say, very few men have been raised I wish some Effectual Method Could be fallen upon and heartily Entered into, in order to furnish the Quota demanded of this Province, It is apparently more necessary now than when first demanded: as the Regiments on Actual Service must be thinned by the Chance of War and Change of Climate where they are Employed, and if they are not Recruited the future Intended Operations for Distressing the Enemy on this Continent must be not only Retarded, but intirely Obstructed which will in the End greatly prejudice His Majestys service, and Turn out to the future disadvantage of the Colonies in general.

It is with the highest Joy and Satisfaction that I Congratulate you on the Success of his Majestys Arms in the Reduction of the Havanah and its dependencies And I have no small pleasure in Acquainting you that the Detachment of our Provincial Troops arrived there in time to partake of the Honours reaped by this Noble Conquest, and I am Informed

by a Letter from their Commanding Officer that he has not lost a single man.

Gentlemen of the General Assembly

As the time Limited for the Service of your Regiment will very soon Expire, I hope you will be as Expeditious as possible in making the proper provision for Inlisting the men demanded for the Winter Duty. And I leave it to your Consideration what allowance should be made for that part of the Regiment now on duty at Niagara, as they are at a much greater distance from home than they were last year.

General in hopes this added to our former Services, of the same kind, may Continue to us His Majestys Regard, and be of use in Respect to the future Quiet of North America.

The Conquest of the Havannah, after former Acquisitions of this War, creates fresh Matter For Thankfull acknowledgments; And is an Event not only Glorious to all Concerned, But must have the best Effect on his Majestys Unwearied Endeavours, For the Promotion of a General Peace: and is to our great Satisfaction, Especially as the Detachment of our Regiment Arrived time Enough to have a Share in the Conquest.

That in the present Extream Scarcity of men in this Province, the General should be put to great Difficulties in Recruiting for the Regular Corps, is what we Expected. But as a part of our Regiment is soon to be disbanded, according to the Terms of their Inlistment, the money applied at our last Sitting to that Service, may perhaps be Usefully Employed among them, And if the General should approve of that Expedient we hope your Excellency will Encourage as many of them to Inlist as shall be Free to Enter

<sup>1</sup> William Franklin, son of Benjamin Franklin, and last of the Colonial Governors, was commissioned September 9th, 1762, superseding Governor Hardy, who was removed from office on account of some differences between himself and his superiors in England, relative to the appointment of Judges. He arrived in New Jersey from England February 24th, 1763.

particular Felicity to be placed in that Station among a People that I knew, and whose general Character is so truly estimable

Not having received any Commands from the King or his Ministers, which required your immediate Consideration, I postpon'd the Pleasure of meeting you in your Legislative Capacity, till a Time, that from the best Information I could procure was least likely to interfere with your private Affairs

Two Events have lately occurred of great Import to the Welfare of the British Nation on which you have my most sincere and hearty Congratulations.

The auspicious Birth of a Prince, on a Day ever Sacred to Liberty and the Protestant Cause, cannot but diffuse Joy throughout the King's Dominions, as it gives us the pleasing Prospect of a Continuation to our Posterity, of those inestimable Blessings of civil and religious Liberty, which we have enjoyed without Interruption, under the present Royal Family.

The Termination of a long and burthensome War, by the late Definitive Treaty, is an Event as happy as it is glorious. A Peace is obtained for us by the Success of his Majesty's Arms, and the Wisdom and Firmness of his Councils, that cannot be parrallel'd for solid national Advantages, by any recorded in the British Annals, if in those of any other Nation. For indeed how rarely does it happen, that those powers who have been long engaged in War, find themselves ultimately benefited by it? Who of all the Princes of Europe, concerned in the late War, in which many of them had almost exhausted their last Resources, has acquired any Addition of Territory or any Compensation for Losses sustained, save only our most illustrious Sovereign? As in every Quarter of the Globe he was victorious; so in every Quarter he has retained some important Advantage, which the Nation was not in Possession of before. But in this part of the World, how great and glorious are our national Acquisitions! Instead of confining us to a narrow Sea Coast, which the French vainly attempted even before the

War, we see that powerful Nation not only dispossess'd of their Encroachments, but of the very Country from whence they encroached. A Country of immense Extent, and which in our Possession, not only gives effectual Security to these Colonies, but must in a short time occasion a vast Increase of the Commerce and Power of the British Empire. The steady Conduct of this Province during the Course of the War, and its constant Readiness in complying chearfully according to its Abilities, with every Requisition of the Crown, for promoting the common Service, must now afford you great Satisfaction in the Reflection, and will ever be remembered highly to your Honor.

Gentlemen of the General Assembly

The Act for the Support of Government being expired you will of Course take that Matter into Consideration. In the doing of which, I flatter myself, that you will let the Royal Instruction my Predecessors have so often recommended to you on this Head, and which is entered on your Journals, have its proper Weight. And I have not the least Doubt, but that you will likewise do therein what Justice shall appear to you to require, and what is becoming the Honour of the Province you represent.

As you reside in different Parts of the Country, you have the best Opportunities of being acquainted with its present Circumstances and Occasions. If any new Laws, or Amendments of old Ones, appear to you to be necessary, you may be assured of my ready Concurrence in every Thing consistent with my Duty to the Crown, which I can never depart from, as I am persuaded you would not wish to deviate from yours, since you must be convinced that one of the surest Means of promoting the Prosperity and Happiness of the People in any Colony, is to obtain and secure, by a truly dutiful Behaviour, the Favour of their Sovereign, from whom they derive Protection in the Enjoyment of their Liberties, Properties, Religion, and every Thing that is valuable

Gentlemen of the Council, and Gentlemen of the General Assembly :

Let me recommend it to you, now the publick tranquillity is happily re-established, to pay an earnest attention to the Arts of Peace. There are probably some kinds of valuable produce, hitherto but slightly if at all attempted, that might with proper Encouragement be raised in this province, and tend much to the Advantage of the Inhabitants. Some Improvement might no Doubt be likewise made in the Navigation of Creeks and Rivers, and in the publick Roads. By turning your Thoughts to these Matters, it may be reasonably expected, that many Things will occur, which, if carried into Execution, would prove greatly beneficial not only to the Province, but to the Mother Country.

The Assemblies of this Province have of late years so distinguished themselves for their general Unanimity that it seems unnecessary to recommend it to them in their future Proceedings. I shall only observe, that its good Effects have been conspicuous and evident to all, and therefore I hope it will always continue.

As to myself, I am fully sensible, it is not what is promised, but what is done, in any Administration, that must finally settle its Character. I shall not therefore begin mine among you by making great Professions: But I hope in the Course of it, to demonstrate, by Actions, that I think the most effectual means of approving myself a faithful servant to my Royal Master, is to promote the true Interests of the Province, over which he has done me the Honour to place me, and to increase by every Means in my Power, the general Welfare and Happiness of its People.

The Speaker and the House attended, and delivered the following address.

To his Excellency William Franklin, Esq<sup>r</sup> Captain General, and Governor in Chief in and over his Majesty's Province, of New Jersey, and Territories thereon depending in America, Chancellor and Vice Admiral in the same, &c

The humble Address of the Representatives of said Province, in General Assembly met,

May it please your Excellency,

We his Majesty's dutiful and loyal Subjects, the Repre-

sentatives of New Jersey, in General Assembly conven'd, beg leave to congratulate your Excellency, on your Appointment to, and safe Arrival in this Government.

Under the Disappointment of so unexpectedly and suddenly parting with an Administration, that in Governor Hardy, was disinterested, Candid and benevolent ; It is a Matter of great Satisfaction, to behold in your Excellency a Successor, from whose Knowledge of our Circumstances, and kind Approbation of our Conduct hitherto, we have Reason to hope for a Continuation of every Domestick and publick Happiness, in the Power of a Governor to bestow, consistent with the Trust reposed in him ; and no other we presume will be look'd for, nor will any Endeavours of ours be wanting, to render your Administration easy and happy. We acknowledge the Instance of Regard shewn to our private Affairs, in postponing the meeting of the House, to a Time of general Convenience ; and having now the Pleasure of receiving your Excellency's Congratulations on the two important Events, the Birth of the Prince, and the Establishment of Peace, most heartily join in the Joy they occasion.

The general Advantages of the Peace, are entirely to our Satisfaction, we believe beyond Example glorious, and when we consider the Difficulties attending the Neighbourhood of Canada, and its Dependencies, the Terrors of their repeated Inroads and Encroachments from the beginning, but above all, the alarming savage Cruelties, we find ourselves unable to be sufficiently thankful for the Superintendency of that Part which being so near us falls more immediately within our own Observation and are at a Loss which under providence most to admire, the Wisdom that planned, the Power that executed, or Firmness that retained a Conquest of such immense national Value, and which to us on the Continent, also smooths the Hardships of a Country, in a great Part Wilderness, and amidst the Struggles of heavy Debts, and a new Settlement gives the cheering Hope of future Tranquility Ages to come will rejoice in the happy Event, and we trust the Recompence to our Mother Country, will prove unfailing

Returns of Wealth, and Gratitude, in a Manner not now easily foreseen

Considering the present Expence of living we have augmented the support of Government.

Such new Laws as were immediately wanted, have now been gone into. Others, no doubt, for the Improvement of Roads, Creeks, and Rivers, and the Promotion of Commerce may be wanted, and at proper Times will not fail to engage our Attention, and we thank your Excellency for mentioning them to us, and the assurances you have been pleased to give us concerning them.

By Order of the House,

June 2<sup>d</sup> 1763

His Excellency the Governor Came into Council and having by the Secretary Required the Attendance of the House of Assembly, The Speaker with the House Attended, when his Excellency made the following Speech to Both Houses.

“Gentlemen of the Council, and Gentlemen of the General Assembly,

At your last Sessions it was thought proper to postpone Complying with the Requisition of his Majestys General, until the Royal pleasure should be signified, and the Determi-

<sup>1</sup>John Ladd and Samuel Smith were appointed members of the Council August 31st, 1763, in the room of James Hude and Andrew Johnston, deceased.—*N. J. Archives*, IX., 394.

nations of the Other Colonies, with Regard to the Measure proposed, be made Known. I shall now give you all the Satisfaction in my power on both these Heads. By a Letter from the Right Honourable the Earl of Halifax, Secretary of State, I have Received his Majestys Orders "Earnestly to Recommend to you, forthwith to make provision for enabling me to Call out a Sufficient number of the Militia, or to raise such a reasonable Number of Troops, as, from the Actual State of the Indian War, the Commander in Chief of the King's Forces in North America shall think necessary; and to Employ them not only in defending and protecting the Lives and properties of his Majestys Subjects on the Frontiers of this Government, but also in Acting Offensively against the Indians, at such places, and in such Manner, as the said Commander in Chief shall direct. And his Majesty trusts that the Legislature of this Government, from their Zeal and Affection for his Service, as well as from a just Regard to the Safety and Welfare of the Colony, will Readily and Chearfully Concurr, in Exerting themselves upon this important Occasion, to the End that his Majestys Subjects in North America may peaceably Enjoy the Fruits of the many glorious Successes obtained there by his Majesty's Victorious Arms during the late war, and the Extensive Advantages Secured to them by the late Peace."

As to the Conduct of the other Colonies on this interesting Occasion, the Assembly of Pennsylvania, I am informed, Chearfully and immediately voted, the whole Number of Troops required of that province. But the Assemblies of the New England Governments, it seems, not thinking themselves so nearly concerned in the War, have thought proper to postpone their determinations on this Matter till March. The Expediency, however, of having a Considerable Body of Troops to take the Field early in the Spring, Supposing the Indians inclinable either to Peace or War, is so forcibly represented in a Letter I last Night Received from General Gage, and which shall be Communicated to you, that I think

you Cannot but Come into the same Sentiments, and act Accordingly. The Cause of the present defections among the Indians, You likewise at your last sitting intimated a desire, to be informed of. The many and Various Opinions which were then Circulated on that head, bore such evident Marks of being founded on Conjecture Only, that I could not think any of them Worthy your Attention. But I have since Received an Account of a Conference held by Sir William Johnston with a numerous Body of Indians in September last, wherein Sir William (who must be Supposed to have the best information) Says, "That the Indians, without any notice or provocation, fell upon our Traders" &c. But I refer you to the Conference itself, which I shall order to be laid before you, It does not Appear that even the Indians themselves alledge, or so much as insinuate, that the English had by any Offence whatever provoked the late Outrages. On the Contrary, one of their Speakers tells Sir William "the Seneca Warriours had owned, that their Sachems did not Act right, that the Onondagoes had wise men to guide them, but They had none, which was the Cause of the present Troubles." Matters being thus Circumstanced, the Necessity of sending an Armed force into the Indian Country, to bring them to a right Sense of their perfidious Conduct, is most Evidently Apparent. Indians, in general, are a Warlike People from their Infancy. They even entertain a thorough Contempt for the Nation who will make peace without obtaining Satisfaction for Injuries Suffered by the War. When that happens to be the Case, they Seize the first Opportunity of renewing their Hostilities. A recent Instance of this we have in the Creek Nation; who being invited to the late Congress held with the Southern Indians, accepted the Invitation, Received the Kings forgiveness for their former Offences, entered into a treaty of Friendship and Alliance, partook of the presents sent by his Majesty, and soon after destroyed a Number of the Back Inhabitants of South Carolina. In short, to obtain a solid and durable

peace with Indians, we must first make them feel the miseries of war. I have therefore, *Gentlemen of the General Assembly*, the fullest Reliance on the Assurances you gave me at your last sitting, of Complying with the Generals Requisition. By going Chearfully into this Reasonable and Necessary Measure, You will Confirm the favourable Sentiments his Majesty already entertains of the people of this province, and in the most Effectual Manner provide for their Security. The Militia, who were draughted for the protection of the Frontiers, are, since your last Sessions, relieved by the Troops raised for that purpose. The people have, during the Winter, remained at their Respective Habitations, and met with no disturbances from the Enemy; but as the Spring Advances, they are Apprehensive of Fresh Depredations. *Gentlemen of the Council, and Gentlemen of the General Assembly*, I think it proper at this time to mention to you, That some people in Pennsylvania having, Contrary to the Common principles of Humanity, murdered, in Cool Blood, a Number of Friendly Indians, who had long lived Peacebly among the Inhabitants of that province, in the Manner that the Indians at Brotherton have resided among us; and having also, in Contempt of the Government, which had taken them under its protection, threatened the destruction of other Indians Remaining there, tho' they had given the Strongest Proofs of their Attachment to the British Nation, I did, at the Request of Governor Penn, grant a passport for their safe Conduct through this Province, in their way to Sir William Johnson, They proceeded as far as Amboy, but being refused a passage through the Government of New York, they are Since returned to Philadelphia. A small number of them, who were well Recommended to me, are, with my Permission, placed near Woodbury, I having received Assurances that the Township will be put to no Charge for their Support. The principal Inhabitants there having given them a Friendly Reception: and I trust that there is not a person in this Province, but has a just Abhorrence of the Unmanly

Behavior of those lawless Rioters of Pennsylvania. To be ardently inclined to have the Indians now at open war with us Severely Chastised for their Perfidy is highly Commendable; yet, Surely, not only Humanity, but sound Policy, and Common Sense, dictate that we should give all the Encouragement and protection in our power to those who shew Themselves our Friends at such a Juncture. Frequent Meetings of the Legislature I well know to be Attended with Inconvenience to your private Affairs. It is therefore my fixed Intention never to Call you together but when the public Service makes it Necessary. Perhaps the going at this time into the Consideration of the Current Business of the year, may prevent the Occasion of a Sessions at an inconvenient Season: If this should be your Opinion, you may depend that my Concurrence will not be wanting.

The Speaker and the House of Assembly Returned to their Chamber & his Excellency withdrew.

Ordered that M<sup>r</sup> Read do wait on his Excellency and Acquaint him that the Council have gone thro' the Business that during this Session has Come before them and have passed such Bills as have come to them from the Assembly Excepting the Bill Entituled "An Act for Raising a number of Men in the Usual proportion not Exceeding Six hundred, Officers Included for the Ensuing Campaign and making provision for the same," which they find of so uncertain a nature and so inadequate to the purposes Recommended in his Excellencys Speech as to leave them no Room to hope it can be of any Use in the Operations to be Carried on by the Kings General during the Ensuing Campaign, and therefore think themselves Obliged to Refuse it the Concurrence of this House.

M<sup>r</sup> Read Reported that he had Obeyed the Above Order. His Excellency came into Council and having by the Secretary informed the House of Assembly that he was ready in the Council Chamber to Receive the Address of the House.

M<sup>r</sup> Speaker and the House of Assembly Attended and delivered the following Address.

May it please your Excellency

We, his Majesty's dutifull and Loyal Subjects, the Representatives of New Jersey, in general Assembly Convened, have deliberately Considered the matters Recommended in your Excellencys Speech, and found it Necessary to go into some preparations for the general Service.

In the original Settlement of this Province, great Circumspection and Care was used to gain and preserve the

Friendship of the Indian Natives; their Lands were from time to time, fairly and openly purchased to their general Satisfaction; this Conciliated their Affection, and for a long Course of Time they were Eminently Servicable to the New Settlers; and since the begining of their Hostilities, lest some among them should think any part of their Land remained Unpurchased, Care was taken, at the Treaty of Easton, in 1758, to Obtain, for a valuable Consideration, a general Release for all the Lands in this province, Such parts only Excepted, as were Reserved for the use of those Indians that Inclined to live under the protection of this Government: This was done, and the money paid in Open Council, and their Approbation universally Expressed. Such therefore being the Circumstance of this province with Regard to the Indians, it became a Matter of Astonishment to us, that any Conduct of theirs should give Reason to fear their Intentions Respecting us. And whether they had actually any Design upon this Province or not, their Hostilities in the Neighbourhood of our Frontier, and in one doubtfull Instance Over the Line, were Inducements to place a Frontier Guard of Two hundred Mén, for the Winter past. The Continuing this Guard, we beleive, might be Security for Our Small Frontier; but as their perfidy to the Neighbouring Governments seems to Require Chastisement, And the Operations to make a future Peace Effectual calls for the United force of the Colonys, we have now passed a Bill for Raising the Number of Men mentioned in the Generals Letters on Condition a Majority of the Eastern Colonys should Come into the Requisition, Concerning, that as we Can neither rank among *the most able* nor are *most Exposed by our Situation*, the making this Provision, by which our Levies may be as soon in the Field as any of the Eastern Colonies, is Coming up to the Demand of his Majesty, by the Secretary of State and the General, whilst we are thus preparing for bringing perfidious Savage Violators of public Faith to a Sense of their Interest, we would by no means be understood as including Resentment against all Indians. Experience Shews, as your Excellency

Justly Observes, that there are among them, notwithstanding the general Corruption of the Tribes, some that have distinguished Themselves by a long and Steady Attachment to the English, Such there are Among us; these demand our protection; Justice to the original Proprietors, whose Lands we purchased and Occupy, the Faith of the Government, the proofs of their Fidelity, Require it, and we have a well grounded Confidence in our Constituents, that no Occasion will be given (by any Act of theirs) to brand them with the Loss of their distinguished Faculties; nor plunge into a Conduct that, besides incurring the penaltys of Government, tends to Banish Justice from the World, stains the Christian Name, and Stamps disgrace upon human Nature, by punishing the Innocent for what the Guilty only should suffer.

February 24. 1764

By order of the House

ROBERT OGDEN Speaker

Then his Excellency gave his Assent to the Following Bills

An Act for Submitting the property of Lands which are held or Claimed by any of his Majestys Subjects, as lying within this Colony, and are affected by the Controversy about the Boundary or partition Line between this Colony and the Colony of New York to such a Method of decision as his most Gracious Majesty shall think proper by His Royal Commission or otherwise to appoint.

An Act for subjecting the Estates of the General proprietors of the Eastern Division of this Colony, to the Indemnification of this province, from any Expence in Running the Line between New Jersey and New York. An Act to Naturalize Joseph Behringer, John Snoffer, George Windemude Gasper Sheppard, Walton Vokes, John Henry Snoffer, Martin Swort Welder, Adam Cunckle, Andrew Wagener, John Philip Weicker, and John Morkell.

An Act to Enable the Owners and possessors of Certain Salt Meadows & Marsh lying in the Township of Woodbridge and piscataway, to make & keep open the Necessary

drains, build and Repair Bridges and Gates for the Uses therein Mentioned.

An Act for the Support of Government of his Majestys Colony of New Jersey to Commence the twenty first day of May 1764 and to End the twenty first day of May 1765 and to discharge the public Debts & Contingent Charges thereof.

After which his Excellency made the Following Speech to the House of Assembly.

Gentlemen of the General Assembly

His Majesty's Council being of Opinion that your Supply Bill is of too Uncertain a Nature, and too inadequate to the purpose, cannot let it pass their House, As it has therefore not yet Come before me, my Opinion of it is not to be Expected, any otherwise than as founded on the Account of it Contained in Your Address. Upon that Representation alone, I cannot but be of the same Sentiments with the Honourable Gentlemen of the Council. But to prevent any Altercation which a particular Disquisition on the Subject of a Money Bill might Occasion, I think it Expedient to give you a Short Prorogation, that you may have an Opportunity of bringing in a New Bill not liable to the same Objections as the present.

I do therefore prorogue you to Two o Clock this Afternoon, then to meet at *Perth Amboy*.

The Council Acquainted his Excellency that they had tried every probable Method to prevail on the House of Assembly to form the Bill in a different Manner, without the wished for Success, That the Assembly of this Colony had Con-

stantly offered them Supply Bills Similar to this, That it had not been in the power of any of the Governors his Excellencys predecessors since the Commencement of the Late War to obtain the Supplys in any other Manner, And as the failure of this Bill may have a Tendency to prevent the Neighbouring Colonies from yielding to his Majesty the Aid the Commander in Chief of his Forces in America thinks Requisite to defend his Majestys provinces, and Make Attempts on the Indian Enemy ; They therefore Unanimously Advise his Excellency to give his Assent to the Bill in its present Form.

His Excellency informed the Board that he had Observed in the Road Bill and the Bill for paying the Arrearages to the Forces, the Commissioners appointed therein to carry those Acts into Execution are made Accountable to the House of Assembly only which is a thing Contrary to his Instructions, and he desired the Opinion of this Board, whether the Service provided for is so necessary as ought to Induce him to pass such Bills.

The Council Acquainted the Governor that they had Attempted to procure an Alteration in this respect without Success, and having at present no Expectation of having an Alteration in this Matter, And as in Regard to the Roads the Service is Recommended by His Majestys Ministers and Essential to the Publick, and the Troops must Suffer greatly for want of Pay unless the Governor should pass the Second Bill.

His Excellency the Governor came into Council and by the Secretary having required the Attendance of the House of Assembly the Speaker with the House Attended, when His Excellency was pleased to make the following Speech to both Houses.

Gentlemen of the Council, M<sup>r</sup> Speaker, & Gentlemen of the Assembly

It is with infinite satisfaction that I embrace this first Opportunity of Congratulating you upon the happy Termination of Hostilities with the Indians. By the Wise Measures of his Majesty's General, and the judicious, Spirited Conduct of Col. Boquet, they have been reduced to Accept the most humiliating Terms of Accomodation. They were not only Compelled to deliver up all their Prisoners, but even their own Children born of White Women; and to give up a Number of their principal Chiefs to remain as Hostages till they should send Deputys to Sir William Johnston, to Settle a Peace upon such further Terms as he should think Necessary.

The Troops you Enabled me to Send into the Field for the Last Campaign were of Considerable Service: Their Behaviour in every respect was such as did Honour to the Province. The Guards placed on our Frontiers have likewise done their Duty, and the Inhabitants have been fully protected from the Incursions of the Enemy.

I have it in Charge from His Majesty to recommend to you the Facilitating the Conveyance of Letters, by the Posts, through this Province A regular Safe, and Speedy Corre-

spondence is of the utmost Importance to His Majesty's Service, and to the Commercial Interest and General Convenience of His Subjects. It is therefore not to be doubted but the Legislatures of the Several Colonies will readily and Chearfully promote the Establishment of Ferries, the Erection of Bridges, the Improvements of Roads, and what ever else may Contribute to prevent delays and Interruptions to the Posts in Passing. His Majestys Deputy Postmasters General for the Northern District of America, having given me Assurances that if the Legislature of this Province will Cause Bridges to be Erected over Ancocus, and the Creek near the Barracks in the City, they will Order the Posts to take that Route in their way between New York and Philadelphia; as the Communication will be thereby considerably shortned, and rendered far more Certain. The many Advantages to the Province in General which will Attend this measure, if carried into Execution, will in my Opinion greatly over Ballance any Inconveniences it may Occasion: Indeed all of the Latter which I have yet heard Suggested, have been either Imaginary or such as are merely local, and might be easily obviated.

I have received from the Lords Commissioners for Trade & Plantations, an Order of his Majesty in Council, repealing the *Act for rendering void the Lottery lately made by Peter Gordon, for the Sale of certain Lands in the County of Middlesex*, passed in the Time of your Late Governor. Their Lordships Reasons for proposing the Repeal of this Act, and for not laying before his Majesty an Act, passed at the Same Time, *for imposing a Duty on the Importation of Negroes*, will appear by an Extract of their Letter<sup>1</sup> which the Secretary will Communicate to you.

It would afford me, Gentlemen, the greatest Pleasure to see the Inhabitants of this Province, now Peace is so happily Established, turning their Attention to the Cultivation and production of such Articles as might serve for Remittances to

<sup>1</sup> For this letter, see N. J. Archives, IX., 444.

the Mother Country: and which, at the same time that they tended to her Advantage might prove beneficial to the Colony. For this purpose I would Recommend to you to grant a Bounty to Encourage the Raising of Hemp and Flax, and the Cutting of Plank and Timber for Exportation to Great Britain, The Parliament have Already granted some Encouragement to the Two first Articles; and the truly Laudable Society for Arts, Manufactures and Commerce, have shewn a Disposition to promote the others. They have, for that End, Sent into several of the Colonies Boxes Containing Specimens of divers Sorts of Fir Timber, and Deals, which are Imported into England from Riga and Norway, with a Discription of the Same, and the prices they are Sold at.

One of those Boxes and Descriptions I have Received, and shall Order to be Shewn to any of the Inhabitants who may incline to see them. This you may depend on, that every Species of Timber has for many years been Rising in Price in Great Britain; and that there is Scarce anything wanting to make a ready Vent for Oak, Fir, Pine, Cypress, and Cedar from America, but a Knowledge of the Scantlings wanted for each particular Use, and to Cut for that Market good Wood in the Right Season.

The Society before mentioned have likewise given handsome premiums for the Encouragement of the Culture of Silk, and the making of Wine and Potash in America, and as they might be produced in this Province (as appears by some Experiments made in the Neighbouring Colonies) it may be worth your Enquiry, whether it would not be proper for the Legislature to grant such Further Assistance as may be Sufficient to incite the People to undertake the Production of those Valuable Articles.

The Militia Law being near Expired, it is Necessary that you should take that Matter into your Consideration. A well Regulated Militia is of the Utmost importance to the Security of the Inhabitants from Foreign Invasions and internal Commotions. Our Law for that Purpose has been

Generally Complained of as defective in Several Material Points, but I hope this Sessions will produce one less liable to Objection.

M<sup>r</sup> Speaker, and Gentlemen of the Assembly.

Besides the due Support of His Majesty's Government, I have only to recommend that you would make provision for the Pay owing to the Forces Raised last Year for the Time they were Obligated to serve after the first day of November.

Gentlemen of the Council, M<sup>r</sup> Speaker and Gentlemen of the Assembly.

So many Benefits have resulted from a perfect Harmony subsisting between the different Branches of the Legislature in this Province, that I am Convinced no Arguments are Necessary to induce you to Endeavour its preservation and Continuance. I shall therefore only add my earnest Wishes that all your Consultations may be productive of the most happy Consequences to this Country.

We very heartily join with your Excellency in Congratulations upon the Cessation of Hostilities with the Indians, and

in your Sentiments respecting the Measures and Conduct of His Majestys General and Colonel Bouquet, which we trust, will produce a Lasting Peace with those Numerous Tribes that Surround the British Colonies. It likewise gives us great Satisfaction that the Troops furnished by this province for Last Campaign, and the Guards on our Frontiers, have so well performed their Duty.

We Assure your Excellency that it gave us Real Pleasure to hear you Recommend shortning and rendering more Commodious our publick Roads and the Encouragement by Bounties of the Cultivation and production of Such Articles as may Serve for Remittances to Great Britain. Nothing in our Power shall be Omitted to carry those Beneficial and Publick Spirited Measures into Execution. We are fully Sensible that this province is now under great Difficulties for want of such produce as will Answer to pay for those various British Manufactures which are to so great an Amount Consumed among us.

Our hearty thanks are due to the Worthy Society for Arts Manufactures and Commerce, for the Many Noble and Generous Instances of their Attention to North America : besides the Internal Reward which always attends benevolent designs. We flatter ourselves, that they will have the Satisfaction of seeing Many of their truly Judicious Schemes arrive at Maturity, to the great and Mutual Advantage of the Colonies and Mother Country.

The other Matters recommended in your Excellencys Speech shall have our Serious Attention, and everything in our Power shall be done to Continue a perfect Harmony between the different Branches of the Legislature, from whence so many Benefits flow to the Honour of your Excellency's Administration and the Happiness of the Province.

His Excellency laid before the Board a Letter from Lord Stirling<sup>1</sup> to him, dated at Baskenridge, the 3d Instant, as follows, viz.

Dear Sir,

On Friday, by Express, I received the Notification of your Excellency's Order for a Meeting of the Council of this Province, at Burlington, on Tuesday the 5th Instant: By the same Express I wrote the Secretary, the State of Health I was then in, which would render my Attendance uncertain. Your Excellency may be assured, that it would give me very great Satisfaction to be present at this Meeting, as I am conscious that there never was a Meeting of the Council at a more critical Conjuncture, nor one that required more Prudence in deliberating and determining: But the Rheumatick Pains I now feel in every Limb and Joint, render it, I think, very dangerous for me to undertake a long Journey at this

<sup>1</sup> Printed in New Jersey Archives, IX., 509.

uncertain Season of the Year: However, as I cannot attend in Person, I think it my duty, to send your Excellency my Sentiments on the Matters which I apprehend will then be offered to the Council for their Advice. People in general, in this and the two adjoining Provinces, seem to be determined, by deferring Business, to avoid the Use of Stamped Papers as long as possible. This Province is so situated between the two great Trading Cities of Philadelphia and New York, that it has but little Foreign Trade of its own; consequently, its Use for the Stamped Papers is chiefly to Inland or Home Business, which can be deferred awhile without any very great Inconvenience: It is not so with the Cities I have mentioned; their Marine Trade makes the Difficulties much greater to them, and therefore, in this Matter, I would be for letting them lead the Way; besides the Stamps are now in a Place of Safety, and it can be of no Detriment to the King's Revenue to let them remain there until they are wanted, or until in the Business of this Province, they are called for: and before that happens, 'tis not unlikely the Stamp Act may be repealed, or that your Excellency may receive further Instructions from His Majesty on this Head; in either Case your Council will be better able to advise your Excellency than they are at present: nor would I advise your Excellency, at this Juncture, to appoint a Distributor of the Stamps; such an Officer cannot be necessary until the Stamps are wanted, and the Appointment of one till then would be only raising up an Object to the resentment of an enrag'd, and, as they think, an injured People. In the state Men's Minds are at present, I believe it is best to avoid every step that can irritate, or that can discover a Distrust of the good Behaviour of the People; a contrary Behaviour, as I am inform'd, brought Lieutenant Governor Colden into very disagreeable Circumstances. Your Excellency's Prudence in the Management of this Affair, I make no Doubt, will insure the Peace and Quiet of this Province. I will, on the whole, take the Liberty to advise your Excellency to endeavour to prevail on Captain Hawker to keep the Stamped

Paper, &c. in Safety, on board His Majesty's Ship, until something further occurs; and, in the mean Time, to avoid every Measure on this Subject, that can become Matter of Altercation among the People. These are my real Sentiments as one of your Excellency's Council, for the Good of His Majesty's Service; and, if your Excellency finds it expedient, they may be entered as if I was present in Council.

I am,

Your Excellency's most obedient  
and most humble Servant.

Baskenridge, Nov. 3, 1765.

STIRLING.

A Letter from Mr. Stevens, apologizing for his Non-attendance, was likewise read Mr. Kemble and Mr. Woodruffe also sent apologies.

His Excellency communicated to the Board the Letters he had received from Governor Colden, Capt. Kennedy, and Capt. Hawker, in Answer to those he had wrote to them in Pursuance of the Advice of the Council, at their last meeting. Their Several Letters are as follows:

Fort George, New York, Sept. 29, 1765.

Sir,

I have the Honour of Your's of the 25th, desiring me to lodge the Stamp'd Paper, for your Province, in the Fort. You may be assured that I shall take all the Care in my power to have them preserved, in Case they come to this Place. This Fort is now full of Men and military Stores, so that I have no Place to lodge them but in the Governor's House, which may be very inconvenient to Sir Harry Moore, who may be soon expected, and probably comes in the same ship which brings the Stamp'd Paper for this Place.—May it not be as Safe, and more convenient, to have your Stamps put on Board one of the King's Frigates now here, who may land them at any Time and Place you may think proper.

I have received no Kind of Directions in relation to the Stamp'd Papers.

I am, with great Regard,  
Sir, your most obedient  
and most humble servant,  
CADWALLADER COLDEN.

New York, Oct. 4, 1765.

Sir,

Immediately, on receiving Your's of the 1st Instant, I waited on Governor Colden, in order to consult with him in regard to the Particulars you therein mention concerning the Stamp'd Papers, that is expected to arrive at this Port, for the Province of New Jersey.—I desire to acquaint you, that the Governor still persists he cannot conveniently receive them into the Fort; and, at the same Time, must represent to you the many inconveniences that would attend taking them on Board any of His Majesty's Ships that are stationed here. In the first Place, as there is no Store Room on Board, where any quantity of Paper could be lodged without running the Risque of its getting damped, and being otherwise So damaged, as might render Part of it useless. Then you will please to consider that the Ships are always to be kept So as to proceed on immediate Service when ordered. And again, as the Ships will Soon, from the Season of the Year, be obliged to haul along side the Wharfs, where they remain for the Winter, you will naturally conclude, as they are all principally mann'd by Men impress'd into the Service, and it being impossible in that Situation to prevent many deserting, that the Ships can afford but very poor Protection. However, if Mr. Colden should, on their Arrival, refuse to receive them into the Fort, you may depend that I will do every Thing in my Power for protecting the Paper, and the Ship that may bring it; but must more maturely consider of the Methods which I can take, as likewise the Propriety of taking it on

Board any of the King's Ships: On which Head I shall write to Lord Colville by the first Opportunity.

I am,

Sir,

Your most obedient humble

His Excellency

Servant,

Governor Franklin.

ARCH<sup>d</sup> KENNEDY.

Sir,

Sardoine, Newcastle, Oct. 3, 1765.

I Received your Excellency's Letter on the 1st Instant, desiring my Assistance in Securing the Stamps for the Province of Jersey, together with the Minutes of His Majesty's Council on that Head; and the same Day the Ship Royal Charlotte, Capt. Holland arrived here with them on board his Majesty's Ship under my Command, as Soon as they can be conveniently got at, the Vessel now lying under my Protection, and will be assisting in any other Measure which may be thought necessary toward lodging them in a Place of Safety. There are some few King's Tenders on the American Station; there was one in Delaware lately, but she is gone; besides, I am informed, there is not Water enough for her to go to Burlington. I will land them any where along the Jersey Shore that may be thought convenient, and proper Persons to receive them. I must beg also to inform you, that it will be necessary you should provide some Place of Security toward Winter, as then I shall be obliged to take every Thing out of the Ship, in order to lay her up. Neither can I so well answer for the Safety of the Stamps, as all the Guns will be out.

You, Sir, and the Gentlemen of the Council, may rest assured, I will, at all Times, act with Chearfulness in any Thing that relates to His Majesty's Service.—Agreeable to your Desire of my sending the earliest Intelligence, I send this Express.

I am, with great Regard,

Sir,

To his Excellency

Your most Humble Servant,

W. Franklin, Esq :

JAMES HAWKER.

His Excellency acquainted the Board that he had sent the following Answer to the Letter from Capt. Hawker, viz.

Burlington, October 6, 1765.

Sir,

I am extremely obliged to you for the Readiness with which you complied with the request of myself and His Majesty's Council, with Regard to the Stamps destined for this Province. As we have no Place of Defence in the Colony, and as it would be imprudent to trust to the People in their present Ferment, I must desire that you would keep them on Board till I can receive His Majesty's Orders, in what manner to dispose of them. It is probable they will arrive before the first of November, but if they should not, and you cannot keep the Stamps longer, I will then endeavour to fall upon some other Method for their Security.

I am, with great Regard,

Sir, Your most Humble Servant,

W. FRANKLIN.

His Excellency having thus informed the Board of the several Measures he had taken for the security of the Stamps hitherto, desired their Opinion and advice of the following Heads, viz.

I. Whether the Governor has Authority to appoint a Distributor of the Stamps, as Mr. Coxe<sup>1</sup> has acquainted him, that he has Sent his Resignation to the Lords Commissioners of the Treasury, and perseveres in his Refusal to carry the Act into Execution?

II. Do the Council know of any Gentleman in the Province, of Fortune Sufficient to give the Security, required of Mr. Coxe, by the Commissioners of the Stamp Duty, who would undertake to exercise the Office, if the Governor would commissionate him for the Purpose?

III. Do the Council think any Person will be safe in undertaking the Execution of the Office of Stamp Distributor in this Province?

---

<sup>1</sup> William Coxe.

IV. Whether as Mr. Coxe has informed the Governor, that he has received no Commission, or Instructions from England, empowering him to execute the Act, it would be legal or justifiable for the Officers of this Government to let the public Proceedings go on in the usual Manner, in order to prevent a Stop being put to the Administration of Justice throughout the Colony, as must otherwise, in a great Measure, be the Consequence?

V. Whether the Governor can, consistent with his having taken the Oath directed by the Stamp Act, put the Seals to Writs and Papers in the Manner as has been customary for him to do, until an Officer appears duly appointed and undertakes to carry the Act into Execution?

VI. What steps do you think most proper to be taken for the Preservation of the stamps destined for New Jersey, after Capt. Hawker shall be obliged to lay up his Ship for the Winter?

The Council desired, previous to their coming to any Determination on the Matters proposed by the Governor, that as Mr. Coxe, the Person appointed Distributor of Stamps for this Province, and who resides at Philadelphia, was here on his private Affairs, he should be sent for to attend the Council.

Mr. Coxe was sent for, and attended accordingly; when the following Questions were put to him, to which he made the Answers subjoined, viz.

I. Have you received any Commission for distributing of Stamps in New Jersey?

Answer. No. Nor do I know that any Such Commission is in Being.

II. Or any Instructions from the Commissioners of Stamps in England?

Answer. Nothing more than to sign the Bond, and Orders to acquaint them of the Quantity which would be wanted for six Months.

III. Are any Stamps arrived directed to be distributed in New Jersey?

Answer. I know of none of my own Knowledge; but have

been told that there were some Packages of Stamps marked W. C. and that by Bill of Lading, they were consigned to Mr. John Hughes, of Philadelphia; but I have not myself received either Bill of Lading, or Letter of Advice.

IV. Do you think, as you have not received any Commission or Instructions relative to the Stamps in New Jersey, that you could legally undertake the Execution of the Office, Supposing that there was no Likelihood of any Opposition being given to it, and that you had not sent over your Resignation?

Answer. I do not think myself empowered to execute the Office, as I have not received any Commission or Instructions.

V. On Supposition that you had received such Commission or Instructions, would you undertake the Distribution of the Stamps?

Answer. No.

VI. What is the Reason of such Resolution?

The general Disturbance in the Province; and as I am firmly of Opinion it would occasion violent Disorders and Bloodshed, and that I should be injured both in Person and Estate.

After some Time spent in Consideration of the Matter, recommended by the Governor, the further Consideration thereof was deferred till To-morrow Morning.

Then the Council adjourned till Nine o'Clock To-morrow Morning.

Thursday, November 7, 1765.

The Council met, and resumed the Consideration of the Matters referred to them by the Governor, when they were unanimously of Opinion as follows, viz.

1. We think the Governor is not authorised to accept of Mr. Coxe's Resignation, nor impowered to appoint a Distributor of the Stamps in his Room, until Some Instructions are received from His Majestys Ministers, or other proper Authority, relative thereto.

2. We believe there is not one Man in the Province able

to give the proper Security, that would undertake the Office if it was offered to him.

3. We think that no person would at present be safe in undertaking the Execution of the Office in this Province, on account of the violent Resentment too generally imbibed against the Act; and the many repeated Threats by written Advertisements, and otherwise, against any that should be aiding or assisting in carrying the same into Execution.

4. and 5. On considering the Governor's 4th and 5th Queries, the Council esteem it a Matter of so much Difficulty and Importance at this dangerous Conjunction, that they desire further Time, and a full Council, to consider of the Answer thereto.

6. That though we shall, as far as is consistent with the Peace of the Province, heartily second your Excellency's Intention of Securing the stamp'd Papers, yet, as we have undoubted Reason to know, that the popular Clamour runs at present very high, in many Parts of the Province, against the Stamp Act, as the many inflammatory Speeches, Writings and tumultuous Gatherings, with avowed Threats to destroy the Stamps, do evidence; we think it by no means safe or adviseable for your Excellency to send for the stamps from under Captain Hawker's Protection. And it is further our Opinion, that it will be by no Means expedient to have Recourse to the Military aid offered by the General, even if he could now afford it, (which is much to be doubted considering the present Commotions at New York) as there is the strongest Reason to expect, that in such Case the Peace of the Province would be immediately broken, and nothing less than a Civil War would ensue. Therefore, as there is no Place of Security in the Province, and as it would be dangerous, if practicable, to bring in such a Military Force as the General could spare, we advise, that your Excellency do write to Captain Hawker, to desire that when he lays up his Ship, that the Stamp'd Papers on Board, said to be for new Jersey, be offered to Mr. Coxe, who has given Bond to the

Commissioners of the Stamp Duty in England, and if he refuses to take Charge of them, then that they may be suffered to remain with the King's Stores, belonging to the Ship, in whatever Place the Captain may think proper to deposite them, there being a better Chance for their Preservation by that Means, out of the Province, than by any other Method we can at present devise.

Mr. Ogden acquainted his Excellency, and this Board, that it was desired by many People of the Eastern Division, that the Assembly should be called to meet on this Occasion; his Excellency did thereupon declare, that though he had no particular Commands of the Crown, or other Business, that made a Meeting of the Legislature necessary; yet, that if the Speaker, and nine others of the Representatives, would signify under their Hands to the Governor, that they thought it expedient for the public Service, that the Assembly should be called, he would immediately (if advised so to do by his Council) issue his Summons for the Purpose, convening them together in as short a Time as possible; but that from the present Indisposition of his Lady, it would not be in his Power to meet them at Amboy, or any other Place than Burlington.<sup>1</sup>

---

<sup>1</sup> The meeting of the Assembly, called at the request of Mr. Ogden (the Speaker) and other members of the Assembly, was held on November 27th, 28th, 29th and 30th, 1765, as appears by the proceedings of that body. There is no journal of the Council on those dates. On being waited upon by a committee of the House, the Governor announced that he had no business which made a meeting of Legislature immediately necessary. On the following day Mr. Robert Ogden offered his resignation as Speaker of the House, and presented a paper containing his reason for so doing, which reason was that he had caused "great dissatisfaction" among his constituents by his refusal to sign an address to His Majesty relating to the Stamp Act, which address had been prepared by a congress of delegates from the several Colonies, assembled in New York, to ask for the repeal of said act, and of which congress he was one of the three members from New Jersey. His resignation was accepted, and Cortlandt Skinner was chosen Speaker in his stead. On the day following (29th) the other delegates from New Jersey to the congress presented their report, which was so satisfactory to the House that it was "*Resolved, Nemine Contradicente*, That this House do approve of the Proceedings of the Congress at New York; and that the Thanks of this House be given to *Hendrick Fisher* and *Joseph Borden*, Esquires, for their faithful and judicious Discharge of the Trust reposed in them." On the following and last day of the session (30th) a series of eleven resolutions passed the House, *nem. con.*, which resolutions set forth the loyalty of the people of the Colony; their claim "to all the inherent Rights and Liberties of His Majesty's

The Council do advise his Excellency, on such Application, to summon the General Assembly to meet at Burlington.

A Copy of his Excellency's Letter to Captain Hawker, in Pursuance of the foregoing Minute of Council.

Burlington, Nov. 9, 1765,

Sir,

As you informed me in your Letter of the 3d of October, that it would be necessary that I should provide some Place of Security, towards Winter, for the Stamp'd Paper destined for New Jersey, as you would then be obliged to take every Thing out of the Ship, in order to lay her up, I lately Summoned a Meeting of His Majesty's Council of this Province, to consult them on the Measures necessary to be taken for that Purpose—Their Advice on the Occasion is contained in the enclosed Extract from their Minutes.

The Council do not mean that you are to be answerable for the Safety of the Stamps, if you comply with our Request; but their Reason for advising the Measure, is, because they imagine that the People of one Province will not endeavour to destroy the Stamps destined for another; and that the Stamps might as well be given up directly to the Populace, as to send them into New Jersey, where there is no Place of Defence whatever.—Perhaps Mr. Coxe, as he has given Bond to take Care of them, will, for his own Sake, endeavour to fall upon some Expedient to secure them, by secreting them,

or otherwise, till some Person appears duly authorised to receive them from him.

Perth Amboy, Thursday, June 12, 1766.

The Governor addressed the General Assembly as follows :

Gentlemen of the Council, & Gentlemen of the Assembly.

Altho' I was desirous to have met you sooner, yet I postponed calling you together till I was enabled to Acquaint you with the Determinations of his Majesty & the British Parliament on the Act for granting certain Stamp Duties in America. This delay, I imagined, tho' it made the Session somewhat later in the Season than usual, would be more agreeable to you than to be put to the Inconvenience of Another meeting on that particular account.

It gives me great satisfaction that I have it now in my power to Communicate to you an Act for the repeal of that Statute, and to present you with my sincere Congratulations on the happy Termination of this most Important Affair.

You will see by the Right Honourable M<sup>r</sup> Secretary Conway's Letter,<sup>1</sup> that such is the kind & Indulgent disposition prevailing both in His Majesty and his Parliament, that they are Inclined not only to Indemnify those persons who have Incurred the penalties of the late Stamp Act, but to give the Trade & Interests of America Every Relief which the true State of our Circumstances may demand or Admit.

I have likewise received a Copy of an Act for the better securing the dependency of the Colonies on the Mother

Country. This I shall order to be laid before you, together with sundry Resolutions of the Honourable House of Commons, expressing their Sentiments of those late unwarrantable Transactions which, unhappily, were too prevalent throughout the Colonies of America.

It must, however, be mentioned to the Credit of New Jersey, that no act of Outrage or Violence, no hurt to person Or property has been Committed by the Inhabitants of this Province. The good Effects which have resulted from such Conduct, will no doubt Afford them great pleasure in the Reflection; and they may be Assured, that I have, from time to time, done them the Justice to make their prudent Behaviour, in this respect, known to His Majestys Ministers.

But I should think myself greatly wanting was I not to take this opportunity of Acknowledging the Services rendered the Crown & this Province by Captain Hawker, Commander of His Majesty's Ship *Sardoine*, who, upon my Request, with great politeness & Readiness, undertook the Care & protection of the Stamp'd Papers destined for New Jersey. Nor should I pass over, without Commendation, the good Conduct of you Gentlemen of the Council & General Assembly, who, together with the Chief Justice, and other Justices of the Supream Court, many of the Justices of the Inferior Courts and the most eminent Gentlemen of the Law, have likewise, in your and their respective Stations, been greatly Instrumental in promoting & preserving the Peace & Order of the Province.

Happily, the storm which for some time past raged so violently as to threaten the future welfare of Great Britain & her Colonies, is at length Subsided. The Tenderness, Lenity & Condescension—the Wisdom, Justice, and Equity, which his Majesty and the Parliament have manifested on this Signal Occasion, cannot but make deep Impressions upon the mind of every Loyal American Subject, and Excite the most lively Returns of Duty & Gratitude.

It is needless, Gentlemen, I am convinc'd, for me to urge

any Arguments to give you a just Sense of your particular Duty at this great Crisis; more especially as you will find it so fully and ably pointed out in the very Excellent Letter from His Majesty's Secretary of State.

All I shall add, therefore, is my hearty wishes, that there may be henceforth, an Indissoluble Union of the Hearts of all the Kings Subjects in the Bonds of mutual Affection, so that there may remain no other Contention among them, but who shall Exceed the other in contributing to Advance the General Interest, happiness and Glory of the British Empire.

House of Assembly June 20<sup>th</sup> 1766.<sup>1</sup>

<sup>1</sup> The foregoing speech of the Governor, with the address of the Council to His Majesty, is all that can be obtained of the Journal of the Council during the session of the General Assembly which began at Perth Amboy June 11th, 1766, and continued till the 28th of the same month, being the Thirteenth Session of the Twentieth Assembly of New Jersey. By the Journal of the House of Assembly for this period it appears that much of the time of the Legislature was occupied in receiving and considering petitions which poured in from every part of the Province in relation to the laying out of roads, establishing ferries, building bridges, and the making of other public improvements. The following bills were enacted:

1. An Act for the Support of Government of His Majesty's Colony of New Jersey, to Commence the Twenty-first day of May, one thousand seven hundred and sixty-six, and to End the Twenty-first day of May, one thousand seven hundred and sixty-seven, and to discharge the publick and Contingent Charges thereof.

2. An Act to repeal an Act entitled An Act for the Relief of Insolvent Debtors.

3. An Act for building a Court House and Gaol for the County of Middlesex.

4. An Act empowering the Justices and Freeholders of the County of Burlington to purchase a Lot of Ground, to build a New Gaol and other necessary Buildings thereon.

5. An Act for the more effectually preventing the counterfeiting the Bills of Credit of the neighbouring Governments, or uttering the Same in this Colony, knowing them to be so counterfeit.

6. An Act explaining the Right of Voting at Town Meetings, and the Election of Township Officers.

7. An Act to amend and further continue an Act entitled An Act for better settling and regulating the Militia of this Colony of New Jersey, for the repelling Invasions, and suppressing Insurrections and Rebellions.

8. An Act appointing Commissioners for supplying the several Barracks Erected in this Colony with Furniture, and other Necessaries for accommodating the King's troops in, or marching through this Colony, and for defraying other incidental charges.

9. An Act for laying out and establishing a Road from Bergen Point, along up Newark Bay, and from thence to Paulus Hook, on Hudson's River.

10. A Supplementary Act to an Act entitled An Act for laying out a Road from Newark, in the County of Essex, to the public Road leading from Bergen Point to Paulus Hook, on Hudson's River, in the County of Bergen, and for erecting and establishing Ferries across the Rivers Passaic and Hackensack.

11. An Act to empower the Justices and Freeholders of the Counties of Essex and Bergen to build a Bridge over Passaic River, near the Dutch Church at Acquackanonck.

12. An Act to repair the publick Roads in the Township of Hanover in the County of Morris, by a Tax on the Inhabitants of the Same.

13. An Act to extend certain Acts of Parliament of Great Britain, passed in the Twelfth year of her late Majesty Queen Anne, and the Fourth year of his late Majesty King George the First, for preserving all such Ships and Goods thereof, which shall happen to be forced on Shore or stranded.

Joseph Reed jun<sup>r</sup> having produced an Exemplification of  
a Commission under the Great Seal of England appointing  
Maurice Morgan Esq. Clerk of the Council, and a Deputa-  
tion under the hand and Seal of the said Maurice Morgan,

appointing the said Joseph Reed his Deputy, the Usual Oaths of Government having been previously Administered to him, he took the Oath of Secrecy of the said Office, and was admitted D Clerk of the Council.

His Excellency having acquainted the Council that a Claim had been made by Joseph Reed as Deputy Secretary and Register of this Province under the Appointment of Maurice Morgan Esq. of the Seals and Records of the Prerogative Court, and a request made thereupon to him as Judge of the Said Court to deliver them to him. That a claim of the Said Office of Register of the Prerogative Court was also made by Charles Read Esq<sup>r</sup> And as the welfare and Interest of the province, greatly depend upon the due regulation of the Said Court and its Offices his Excellency prayed the Advice of the Council thereon.

The said Claims having been mutually stated time was taken to Consider thereof till tomorrow.

The Council adjourned till tomorrow.

At a Council held at Burlington on Saturday the 14<sup>th</sup> of November 1767.

as before

The Parties interested in the above Claims having informed the Governor that they had agreed that if an Order under the Seal of the Prerogative Court, was produced to Charles Read Esq<sup>r</sup> he would deliver up the Records of the prerogative Court to the Person therein appointed to receive them, saving to himself the Right of further prosecuting his Claim, if he shall think it Expedient. Whereupon the Council think it unnecessary at present to Consider farther the Merits of the said Claims, but do advise his Excellency to issue such Order, and to transact the Business of that Court with the said Joseph Reed in the usual and accustomed manner.

His Excellency nominated Micajah Wills to be a Justice

of the Peace of the County of Burlington, to which the Council Assented.

His Excellency also nominated John Cary Esq<sup>r</sup> to be one of the Judges of the Common Pleas for the County of Somerset; to which the Council Assented.

His Excellency laid before the Council two Letters he had lately received from the Right Honble the Earl of Shelburne, one of his Majestys Principal Secretaries of State, dated at White Hall July 18<sup>th</sup> 1767 and August 7<sup>th</sup> 1767, enclosing the Opinion of the Board of Trade, that an Act of Assembly of this province passed in June 1766, ought to be disallowed, and his Majestys Royal disallowance of the said Act, which are in the following words, viz<sup>t</sup>

To the Kings most Excellent Majesty.

May it please your Majesty.

We have had under our Consideration an Act passed in your Majestys Province of New Jersey in June 1766, and Entitled, "An Act appointing Commissioners for supplying the several Barracks Erected in this Colony with Furniture and other necessarys for accommodating the Kings Troops in or marching through this Colony, and for defraying other incidental Charges."<sup>1</sup>

Whereupon We beg leave humbly to represent to your Majesty That Whereas the Act of Parliament passed in the fifth year of your Majestys Reign, for Amending the Mutiny

<sup>1</sup> See *ante* note on page 453.

Act, and for rendering it more effectual in your Majestys Dominions in America, does direct the Governor and Council of the respective Provinces to appoint Commissioners for furnishing your Majestys Troops with certain necessaries therein Enumerated, and that all the Expenses incurred thereby shall be paid by the said Provinces respectively, this Law does on the Contrary make the Nomination of the said Commissioners An Act of the General Legislature of the Province referring them not to the Act of Parliament above recited but to the Usage of the Province for the several Articles with which your Majestys Troops are to be supplied and limiting the Money to be paid by the said Province, on Account of the afs<sup>d</sup> Service, to the Sum of One hundred Pounds for each of the five Barracks in the said Province.

For these Reasons, as this Act of the Legislature of New Jersey does not make provision either in the Mode, or to the Extent allowed by the Act of Parliament above referred to, We do humbly recommend it to your Majesty to signify your Royal disallowance of this Act.

Which is most humbly submitted

His Excellency came into Council, and having by the Deputy Secretary commanded the attendance of the House of Assembly, the Speaker with the House attended, and his Excellency was pleased to make the following Speech to both Houses.

Gentlemen of the Council and Gentlemen of the General Assembly.

I have called you together somewhat earlier than usual. that you might have full time to Compleat the Business you left unfinished at the last Sessions, and such other matters as may require your Attention before the Season of the Year shall [render] it inconvenient for you to be absent from your Homes.

There is at this time a Considerable number of Debtors confined in the different Gaols in this Province, the Condition of many of them is truly deplorable, and I cannot but recommend them to your Compassion. Good Policy indeed, as well as Humanity dictates that if any Expedient can be contrived for their Relief, not liable to such mischiefs as attended the late insolvent Act, it ought to be adopted. The state of the Publick Roads in this Province is another Matter that merits your Attention, even those which lie between the two Principal Trading Cities in North America are Seldom passable without danger or difficulty, I have before mentioned this subject to you, and the Legislature at the Session

in 1765 seemed so fully sensible that some regulations in this respect were wanting, that "an Act was then passed for "appointing Commissioners to View the Ground and report "to the next Session of General Assembly the practicability "of laying out strait Roads thro' certain parts of the province, and for Establishing a Fund to defray the Expense of "the same" But I cannot learn that anything considerable has yet been done in pursuance of that Act; some unforeseen Obstacles may possibly have retarded the progress of this very desirable Work. I hope however they are not of such a nature, but that they may be removed without much inconvenience to any of the Inhabitants, and that we shall e'er Long have the Pleasure of Completing what must redound so greatly to the Honour & Advantage of this Country.

Gentlemen of the General Assembly

Besides the providing for the due Support of Government, I have in Command from his Majesty to signify to you that he Expects and requires that you will make those Provisions for the Supply of the Kings Troops in this province, which are directed by Act of Parliament. Your known Zeal and Loyalty for his Majestys Service render any Perswasions on this head unnecessary.

In every Colony Controversies frequently arise, wherein the Courts of Common Law cannot give Relief, and which therefore become the proper Objects of a Court of Chancery.

As the disuse of such a Court would probably be attended with Mischiefs to the good people you represent I have kept it open tho under very great disadvantages to myself, there not being any Salary allowed for the necessary Officers, and the Fees not being sufficient to make some of them even a Moderate Recompense for their Trouble and Attendance; I have in vain offered divers Commissions in Chancery to such persons as I have esteemed qualified to execute them.

I recommend this Matter to your Serious Consideration, and desire you would enable me to make a reasonable allowance to such as I shall appoint to execute the necessary

Offices in that Court in such manner as will be most likely to induce Persons of Knowledge and probity to take upon them the discharge of those important Trusts, without which it will be extremely inconvenient, if not impracticable to receive any farther Business into the Chancery, nor finish what is already there.

His Excellency came into Council, and having by the Deputy Secretary informed the House of Assembly that he was in the Council Chamber ready to Receive the Address of that House

The Speaker with the House Attended & delivered the following Address to his Excellency

To his Excellency William Franklin Esq Captain General and Commander in Chief in and over the Province of New Jersey and Territories thereon depending in America Chancellor and Vice Admiral in the same &c<sup>a</sup>

The Humble Address of the Representatives of said province in General Assembly Convened

May it please your Excellency

We His Majestys Dutiful and loyal Subjects the Representatives of the Colony of New Jersey in General Assembly

Met, thank your Excellency for calling us together earlier than usual, as you thereby give us an opportunity of Considering the Business referred at the last Session, and what may come before us in this at a Season less inconvenient to our Domestick Affairs.

Convinced of the number of unhappy Circumstances of the prisoners confined in the several Gaols in this Colony, we shall endeavour to alleviate their distresses by adopting such Measures for their Relief as We hope will not be liable to the Mischiefs that attended the late Insolvent Act; We agree with your Excellency, that a proper Regulation of the Publick Roads within this Colony, will much redound to the Advantage of the Publick, and had Expectations that the Act referred to, would have had the desired Effect, and Answered the Good Purposes thereby intended, but are sorry to find that the Commissioners named in the Act have not been Able to draw the Lottery granted; and that straightening the Roads in many Places is impracticable from the unfitness of the Soil for Roads and the too great Damage it would be to many of the Inhabitants, obstacles that at Present we cannot conveniently remove; As We have heretofore Supported the Government of this Colony and paid all due regard to his Majesty's Requisitions, so we have taken this part of your Excellencys Speech into Consideration, and shall make such provision for the Support of the Government, and supplying the Troops quartered in this Colony, as are Consistent with our Duty to our Constituents, and our Loyalty and Zeal for his Majestys Service.

Whenever your Excellency shall think Proper to inform us particularly what Officers of the Court of Chancery there is any necessity to provide for, We shall then take that part of your Excellencys Speech into farther consideration.

By Order of the House

April 19<sup>th</sup> 1768

CORTLAND SKINNER Speaker

To which his Excellency was pleased to make the following Answer

Gentlemen

I return you my thanks for this Address, the Assurance you give me of providing for the Kings Troops, and endeavouring to Alleviate the distresses of the Debtors now under Confinement are extremely agreeable.

A list of the Officers necessary for a regular Court of Chancery in this province shall soon be laid before you.

The Council waited on his Excellency and delivered the following Address.

To His Excellency William Franklin Esq Captain General Governor and Commander in Chief in and over the Province of New Jersey and Territories thereon depending in America ; Chancellor and Vice Admiral in the same &c<sup>a</sup>

The Humble Address of His Majesty's Council of the s<sup>d</sup> Province

May it Please your Excellency

The Attention which you have been pleased to pay to our ease and Convenience in calling the Legislative Body of this Province together at this Early Season of the Year is truly engaging, And your Excellencys Speech at the Opening of the Sessions contains such Sentiments of Real Regard for the prosperity, Honour and Happiness of this Colony as cannot but excite in us the highest Approbation and an unfeigned return of Thanks and applause.

We have for some time past beheld with Concern the great Increase of the number of unfortunate Debtors under Confinement in the different Gaols of this Province, who are thereby rendered incapable of supplying their own Wants, or afford-

ing any Assistance to their wretched Families, by a Laborious Industry Essential to the welfare of a growing Colony.

We therefore Agree with your Excellency that prudential policy, as well as the dictates of Humanity call for the Aid of the Legislature to Apply a Remedy to a Grievance daily increasing, with numberless bad consequences, And this We Apprehend may be Effected by a Law framed on principles, as well of Compassionate concern for the unfortunate Debtor, as a reasonable Attention to the Rights of the Creditor

It must be admitted that notwithstanding your Excellency's prudent Endeavours at a former Session to accomplish a proper regulation and Amendment of the public Roads of this Province, it does not Appear that so ready Attention has been paid to a Measure so extensively Beneficial, as might have been expected; But we trust that your Excellency's repeated Applications, together with the Apparent necessity of setting about a Work in which the Credit of the Province, the Benefit of the Inhabitants, and the safety and ease of Travellers, are so deeply concerned, will outweigh all trivial obstacles. And your Excellency may be Assured of our ready Concurrence with the House of Assembly to promote an Accomplishment of this and every other design in which the welfare and Advantage of the Province may be promoted and secured.

Signed By Order of the House

PETER KEMBLE Speaker

To which his Excellency was pleased to make the following Answer

Gentlemen,

I thank you heartily for this obliging Address

It cannot but afford me particular pleasure to have the Measures recommended by me receive your Approbation.

The Board resumed the Consideration of the Chief Justices Complaint against M<sup>r</sup> Berrien, and after considerable time spent therein are of Opinion that the said Gentlemen have behaved to each other in a manner unbecoming their Stations in this Province But that it appears clear to this Board that the Conduct of M<sup>r</sup> Berrien towards the Chief Justice is in several respects more deserving of Censure and reprehension than that of the Chief Justice. It is therefore the Opinion of this Board, that the parties be made acquainted with the Sentiments of the Board on this matter and that it be recommended to both the Gentlemen to behave for the future with a respect to each other more suitable to the Offices they hold, as a Contrary Conduct will not only reflect dishonour upon the Court whereof they are Justices, and lessen its Dignity and Weight in the Eyes of the People, but Oblige this Board, in Duty to the Public, to have recourse to Measures that may more effectually prevent the like Complaint for the Future.

Ordered, that the Clerk serve each of the Parties with a Copy of this Minute.

His Excellency laid before the Board several Letters and papers from the R<sup>t</sup> Honble the Earl of Hillsborough, One of his Majestys principal Secretaries of State, which were read.

His Excellency acquainted the Board that Cornelius Low Esq. His Excellency laid before the Board a Letter from M<sup>r</sup> Berrien of this Days date, informing him of his being so indisposed at Elizabeth Town, that he could not attend at this Board in Person, and had therefore inclosed a Memorial on the Subject of his Letter to M<sup>r</sup> Low, which being read and Considered, The Board are of Opinion that M<sup>r</sup> Berrien has gone into general Charges against M<sup>r</sup> Low, but has not Obeyed as he ought to have done, the order of this Board of the 29<sup>th</sup> of April, in giving his Reasons for writing the Letter therein mentioned.

Ordered, that the Clerk do deliver a Copy of said Memorial to M<sup>r</sup> Low.

His Excellency also laid before the Board a Petition from M<sup>r</sup> Berrien relative to the late dispute between him and the Chief Justice, which being Read, is referred for farther Consideration.

His Excellency laid before the Board a Bill Entituled An Act for appointing Commissioners for supplying the several Barracks in this Colony" &c And as he conceives the said Bill in some particulars not exactly conformable to an Act of Parliament Entituled "An Act to amend and render more effectual an Act for punishing Mutiny and desertion, and for the better payment of the Army and their Quarters in America" and desired the Opinion of this Board, whether they think it advisable for him to give his Assent to the

same. Whereupon the Council acquainted his Excellency, that in their Legislative Capacity, they Amended the said Bill, so as to make it strictly conformable to the Act of Parliament That the Assembly rejected those Amendments and Nem. Con. adhered to their Bill, That Considering the present Exigency and necessity of his Majesty's Troops in this Colony being provided with the necessaries therein mentioned, and having no hopes of that Provision being at present made in any other manner, they were induced to pass the Bill in its present Form. That for these Reasons, and as all the necessaries required by the Act of Parliament, are provided for in the present Bill, differing from the said Act chiefly in the Mode of Application, do think it most advisable for his Excellency to give his Assent to the same.

His Excellency with the Advice of Council was pleased to Sign the following Warrants.

The Memorial from M<sup>r</sup> Berrien, respecting his dispute with M<sup>r</sup> Low, and M<sup>r</sup> Lows Memorial in answer thereto, were severally read and considered.

Ordered, that the Clerk do serve M<sup>r</sup> Berrien with a Copy of M<sup>r</sup> Lows Memorial, and that M<sup>r</sup> Berrien be directed to Obey the Order of this Board of the 29<sup>th</sup> of April, by giving

his Reasons if any he has, for writing a Letter of so extraordinary a nature to M<sup>r</sup> Low.

The Petition of M<sup>r</sup> Berrien relative to the late dispute between him and the Chief Justice, in which he requests that the Opinion of this Board of the 22<sup>d</sup> of April may be erased from the Minutes, or that the Charges Exhibited by the Chief Justice against him, with his Answer thereto may be inserted therein, being again read and Considered, The Board are of Opinion that it would by no means be proper to Erase the said Minutes, especially as a Copy thereof was delivered to him by the Clerk, on the same day on which it was made, and he thereupon acknowledged himself perfectly satisfied with the Justice and Lenity of the determination of this Board, nor can the Board think it necessary to insert the Charges, and Answer at Large therein as all the papers relating to the dispute are filed, and in the Hands of the Clerk of this Board, to which Access may at any time be had, and as it must naturally have a tendency to revive the late unhappy disputes which subsisted between him and the Chief Justice, and which in his said Petition he acknowledged to be now all settled.

The Governor laid before the Board a Representation dated the 24<sup>th</sup> of March last containing a Complaint from John Hatton Esq<sup>r</sup><sup>1</sup> Collector of Salem of the ill treatment himself and his Deputy John Clark had received from Sundry Civil Officers of that place, which being read, The Chief Justice informed the Board that the said Collector of Salem, having

<sup>1</sup> See N. J. Archives, X., 205, 207, 209, &c.

Complained to him of frequent opposition to the discharge of his Duty in that Post, from several Persons Magistrates and others, with so much insult and Contempt that he conceived the safety of his Person indangered; And that thereupon he, the Chief Justice took occasion at a Court of Oyer and Terminer, held for the said County on the 28<sup>th</sup> of April last, to mention the Complaint of the Collector to the Grand Jury then Assembled for that County, and particularly gave it in Charge to them to examine into the said Complaint, and if they should find the same well founded that they should find Bills of Indictment against all Delinquents without respect of Persons.

But that the Grand Jury before they were dismissed from their Attendance at that Court, after having waited two Days, declared to the Chief Justice, that neither the said Collector, or any other Person whatsoever had appeared before them to Complain of any of the Magistrates or others touching the Opposition or ill usage suggested by the Collector in the discharge of the Duty of his Office.

The Council taking the same into Consideration do advise his Excellency to order a Copy of the said Complaint to be served upon the Persons therein Complain'd against, and require them to send their Answer thereto in writing to the Secretary to be laid before the Governor.

At a Meeting of the Privy Council of the Province of New Jersey at Burlington July the 14<sup>th</sup> 1768.

Present

His Excellency William Franklin Esq Governor

The Hon<sup>ble</sup> { Charles Read }  
                  { John Smith } Esq<sup>rs</sup>  
                  { Samuel Smith }

John Hatton Esq Collector of his Majestys Customs for the Port of Salem. Doctor Clark (whom said Hatton calls his Deputy), Grant Gibbon Esq. One of the Justices of the Peace, and Edward Test Esq. Sheriff of Salem. attending according to appointment, The Complaint of the said John Hatton (contained in a Remonstrance ag<sup>st</sup> Grant Gibbon and Edward Test Esq<sup>rs</sup> for abuses he had received from them in the Execution of his Office) Also a Subsequent Complaint against Robert Johnston Preston Carpenter and George Trenchard Esq<sup>rs</sup> Justices of the Peace for the County of Salem (for a Neglect of Duty in not taking notice in the manner requested by M<sup>r</sup> Hatton of one William Pyke, charged by said Hatton with obstructing him in the Execution of his Office, and cursing the King) and some depositions produced by the said Hatton relating to the same together with Sundry Depositions produced by the said Robert Johnson, Preston Carpenter, George Trenchard Grant Gibbon and Edward Test Esq<sup>rs</sup> were severally read and Considered, and the parties present were fully heard thereupon.

The Board are of Opinion that the Charges against the Persons Complained of, are by no means supported.

That Assistance has not been in a regular manner applied for by the said John Hatton, to any of the Civil Officers at Salem, and refused.

That it appears by the Depositions of many respectable Persons that there is not any Contraband or Illicit Trade carried on in the District of Salem nor has been since M<sup>r</sup> Hattons Residence there, though there may have been some instances of irregularities, such as the Masters of Boats passing between Philadelphia and Salem, neglecting to take out the proper Papers from the respective Custom Houses: But even of this practice no proof hath been Offered to the Board.

That the Behaviour of the said John Hatton in private Life, has Occasioned the Quarrells and Treatment complained of, and that they have not taken rise from his discharging his Duty as Collector of his Majestys Customs, or in respect to the Revenue.

That on a prudent Change in his Conduct in private life, he may live at Salem and exercise the Duties of his Office with Safety to his Person, and put all the Acts of Trade in full Force.

And that since the Abuses mentioned in M<sup>r</sup> Hattons Complaint the Chief Justice has held a Court of Oyer and Terminer in the County of Salem, but M<sup>r</sup> Hatton altho' advised thereto by his Excellency, and the inquiring therein recommended from the Bench to the Grand Jury, did not apply for Redress, or offer any Proofs of the ill Usage suggested in his Petition, alledging that he could not attend upon the Court from his being lame, and an apprehension of Danger to his Person which the small distance M<sup>r</sup> Hatton was from the Court, and the Opportunity of writing being Considered does not appear to be a sufficient reason for omitting his Application, especially as the Witnesses, if he could have produced any, were living in or near the Town of Salem where the Court was held, and would have attended if the usual or Common Steps had been taken.

That with regard to the Conduct of the Magistrates complained of for neglect of Duty in Pikes Affair—It appears to this Board that M<sup>r</sup> Hatton was not in the Execution of his Office at that time but was removing his own Household Goods by Water to another place; and tho' in several Depositions of Persons then present and now laid before the Board, it is asserted that Pike was not heard to Curse the King, or use any words of that import, as alledged by M<sup>r</sup> Hatton, yet the Magistrates did, upon M<sup>r</sup> Hattons Complaint, bind him over to the next Court of Quarter Sessions that Inquiry might be made therein in due Course of Law. And that during the Examination of the said Pike, M<sup>r</sup> Hatton and his Deputy, tho' treated with Civility and Decency by the Magistrates, behaved to them with great Rudeness and disrespect.

His Excellency laid before the Board a Letter he had received by Express from Cortland Skinner Esq<sup>r</sup> Attorney General of this Province, dated 22<sup>d</sup> instant acquainting him that on the night of the 21<sup>st</sup> ins<sup>t</sup> the House of Stephen Skinner Esq<sup>r</sup> one of the Treasurers of this Province was broke open and robbed of Cash to the Amount of six or seven thousand Pounds, which was in an Iron Chest, in which the publick Money when Cut from the sheets and Signed by the Treasurer is put,<sup>1</sup>

Also a Letter from the said Stephen Skinner Esq<sup>r</sup> to Samuel Smith Esq<sup>r</sup> of the same Date, acquainting him that "a set of Thieves had broke or some how got into his House, where, after breaking open his Desk and taking out about forty or fifty Pounds, they met with the Key of the Iron Chest, which they opened and Swept Clean, carrying off between Six and seven thousand Pounds, and went off, leaving M<sup>r</sup> Skinners Sword drawn on the Table by the Chest."

His Excellency likewise acquainted the Board that he had this Morning sent an Order to the Printer of the Pennsylvania Chronicle to publish an Account of the said Robbery in his Paper of next Monday, as he thought he had not Circumstances sufficiently descriptive for a Proclamation.

His Excellency desired the Opinion of the Board as to the further Steps proper to be taken on this important occasion.

The Board after deliberate Consideration do advise his Excellency to write to the Chief Justice by Express to

make strict inquiry into the usual Method in which the Publick Money has been kept by the Eastern Treasurer, and to be very minute in his Examination into every Circumstance relative to this Robbery, and into the Steps which have been taken in order to detect the Perpetrators thereof and to transmit to him Copies of the depositions taken on the Occasion as speedily as possible.

And also to write to the Attorney General to obtain from the Eastern Treasurer a particular description of the Kinds and Quality of the Money Stolen and the Amount thereof, together with such other Particulars as may be necessary to be inserted in a proclamation for the apprehending the Robbers.

His Excellency laid before the Board a Letter he received this morning by Express from the Chief Justice dated the 25<sup>th</sup> instant, and a letter from the Attorney General of the same date on the subject of the late Robbery of the Treasury at Perth Amboy, together with the Depositions of Stephen Skinner Esq<sup>r</sup> and his Apprentice William Campbell, taken before the Chief Justice which Depositions are as follows viz<sup>t</sup>

New Jersey City of Perth Amboy ss. Personally appeared before Frederick Smyth Esq. Chief Justice of the Province of New Jersey this twenty fifth day of July in the year of our Lord one thousand seven hundred and sixty eight, Stephen Skinner Esq. Treasurer of the Eastern Division of New Jersey, who being duly sworn deposeth and saith, that

about six o'Clock on Friday morning the twenty second instant, he was waked up by his Negro Boy, who told this Deponent that the Office Window was broke open, the Iron Chest opened and the Money taken out, and that this Deponents Sword was drawn and laid on the Table in the same Room, upon which this Deponent immediately went down the Stairs, found the East Window of the same Room open, and some marks of Violence on the Shutter, the Chest carried from its place to the said Window and there opened with a Key that this Deponent hath never used, but always kept locked up in a private Drawer of a Desk that stood in the same Room, which Key was deliver'd to this Deponent by the Executors of Andrew Johnston Esq<sup>r</sup> the late Treasurer, sometime after he received from them the Iron Chest aforesaid. That the Money in the said Chest amounted to about Seven thousand eight hundred and fourteen Pounds nine shillings all in paper Money, except about seven hundred Dollars in two Baggs; That the said Paper Money was the remainder of a larger sum this Deponent had bundled up some time in February last; all which said Paper Money was stolen and carried off, except one hundred and seventy Pounds left in the said Chest, and further this Deponent saith that the said Desk which stood in the said Room as aforesaid was broke open and every Drawer searched, That in the said Desk was about forty Pounds in ragged Money, and five or six half Johannes, which were Also stolen; And this Deponent further saith that the Key with which he always opened the said Chest, was commonly, and on the Night on which the Robbery was Committed, locked up in an Escrutore in a Back Room, that the Bills stolen are of different denominations from six Pounds and under, but most of fifteen shillings and upwards, Signed by Richard Smith, John Johnston and this Deponent and are as this Deponent believes of the Emissions of one thousand seven hundred and sixty three, and one thousand and seven hundred and sixty four, except about five or Six hundred pounds of said Bills which had been Current, and were a

little worn, and bundled up in said Chest. That among the Bills left in the said Iron Chest after the Robbery aforesaid, there was only one Bill of three Pounds, the remainder left of Lower Denominations and mostly Small Bills.

This Deponent further saith that the Money stolen was bundled up twenty Bills in a Bundle and tied or pinn'd round with a piece of Paper. And further this Deponent saith that he keeps the publick Money in Sheets as delivered him by the Signers, that from these sheets he, this Deponent usually Cut the Bills from time to time, and when so cut bundled the same up twenty in a Bundle as aforesaid, and for greater Security hath always put the Money so bundled up in the said Iron Chest, That the said Money as aforesaid Stolen, was by this Deponent so put up into the said Chest in February last as aforesaid.

New Jersey ss. William Campbell aged sixteen Years, an Apprentice to Stephen Skinner Esq<sup>r</sup> one of the Treasurers of the Province of New Jersey, being duly sworn deposeth and saith that some time in the Spring, but the Month he doth not recollect, he helped M<sup>r</sup> Skinner to count the Money that was in the office, which amounted to Eleven thousand and forty, or eleven thousand four hundred Pounds proclamation Money, but is certain it was above eleven thousand Pounds, That the Money was bundled up in Bundles, but doth not remember whether the whole was twenty Bills in a Bundle, but has since often Counted Money when M<sup>r</sup> Skinner was going to pay it away, and there was generally twenty Bills in a Bundle. And this Deponent further saith that he has often Cut Bills from the sheets for M<sup>r</sup> Skinner and bundled them up twenty in a Bundle, & that he has cut Bills of thirty Shillings and under that Denomination, but never above, and always was directed to bundle them twenty in a

Bundle, that once or twice he cut Money and did not Bundle them up, but delivered them to said Stephen Skinner, as he was employed about other Business, who tied them up in a Handkerchief and put them in his Desk.

This Deponent further saith that when the above eleven thousand, or Eleven thousand four hundred pounds was Counted, it was first put into the Wooden Chest and then the Bundles counted over again into the Iron Chest, and mark'd on the List by this Deponent, And this Deponent further saith that he handed the above Eleven thousand and forty, or eleven thousand four hundred Pounds to M<sup>r</sup> Skinner, who placed the same in the Iron Chest, part of the above eleven thousand and forty or eleven thousand four hundred Pounds was Sheets unsigned, This Deponent further saith, that the above Money was in new Bills, that he don't remember to have seen any Old Money or worn Bills amongst the above Sum, but that it was in New Money as he believes. That on the twenty second day of July in the Morning he found the Office Door lock'd with the Brass Lock, but knows not whether it was locked with the Key, that upon opening the Door he found the Window open and the Iron Chest removed from its place and standing by the Window, the Desk broke open and the little Drawers of the same haul'd out, a Sword of M<sup>r</sup> Skinners lying on the Table drawn with the point towards the Window, that he immediately shut the Door and asked Bob the Negro Boy whether M<sup>r</sup> Skinner had been in the Room that morning, who replied that he was not up yet, he then asked whether M<sup>r</sup> Skinner had counted Money the Night before, to which the Boy replied no, he was not in the Room that night, this Deponent then declared he is robbed, he then gave the Sword to Bob to carry up stairs to M<sup>r</sup> Skinner, who then came down and said he was robbed. And further this Deponent saith that the said East Window was by this Deponent to the best of his Knowledge and Remembrance shut and fastened, and was not Opened the whole day before the Robbery committed as aforesaid.
